Public Notice

As that I am an avid sportsman and moved to my current home to go hunting and fishing at my leisure. I have been advised to post my property with **No Trespassing** signs as well as **Firearms in Use** signs. If I had a pond, I would have to post **No Swimming** signs, but that is one worry I don't have at the moment.

This advice was given to me because the **Rockies Express** people, whether employees or contractors are know for showing up **uninvited and unannounced** on people's property. So I have to go to a moderate amount of expense and a few hours of my time to post my property to protect myself as well as those people who trespass on my property.
