*NOTE: During the interim period between the effective date of the rules and an Applicant's Detariffing Filing, changes to existing business Tier 2 and all toll services, including the addition of new business Tier 2 and all new toll services, will be processed as 0-day TRF filings, and briefly described in the "Other" section above.

All Section I and II applications that result in a change to one or more tariff pages require, at a minimum, the following exhibits. Other exhibits may be required under the applicable rule(s). ACN, ACO, AMT, ATC, ATR and CIO applications see the 4901:1-6-14 Filing Requirements on the Commission's Web Page for a complete list of exhibits.

Exhibit	Description:
A	The tariff pages subject to the proposed change(s) as they exist before the change(s)
B	The Tariff pages subject to the proposed change(s), reflecting the change, with the change(s) marked in the right margin.
C	A short description of the nature of the change(s), the intent of the change(s), and the customers affected.
D	A copy of the notice provided to customers, along with an affidavit that the notice was provided according to the applicable rule(s).

Section III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, Candice Glover, and am authorized to make this statement on its behalf.
(Name)

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

MESSAGE TELECOMMUNICATIONS SERVICE

C. TWO-POINT SERVICE

1. Definition

Two-point MTS is furnished by toll connections between two Local Exchange Carrier's main stations or PBX trunk lines or a combination of the two.

2. Classes of Service

Seven classes of two-point MTS are offered: dial station*, customer dialed calling card station, operator station, operator dialed calling card station, person-to-person, real time rated--operator station/person-to-person and Telephone Relay Service (TRS) assisted calls.

a. Customer Dialed Service

- (1) Dial station service is used when the customer dials a telephone number directly without the assistance of a Company operator. If Automatic Number Identification (ANI) is not available for dial completion, a customer may give a Company operator the telephone number of the telephone, private branch exchange (PBX) system or PBX station being called and the call is considered customer dialed.

Non-Subscriber Service Charge - Where billing capabilities permit, a service charge is applicable to Dial Station calls billed to residential lines which are presubscribed to an interexchange carrier other than AT&T, or not presubscribed to any interexchange carrier. This service charge is in addition to the initial period and additional period charges.

The terms and conditions of this service charge are described in AT&T's Service Guide MTC01007MC.

* Marketed by AT&T Communications of Ohio, Inc. under the name AT&T Long Distance Service.

(1) Rate Centers of Miscellaneous Common Carrier (MCC) Mobile Stations

The rate center of mobile stations served by a MCC with whom the Company has made arrangements for the interchange of traffic is the wire center of the exchange in which the point of connection of the system of the particular MCC is located.

(2) Messages Placed by Customers with Disabilities

The following regulations will apply to customer dialed messages placed by a customer with a disability who is incapable of speech and, therefore, uses a nonvoice telecommunications device for communicating over the MTS network.

A customer who is unable to use a telephone instrument due to a hearing and/or speech impairment may apply to the Company for a rate discount. The rate discount is applicable to MTS messages originating through access provided by only one Local Exchange Carrier's residence service designated by the customer.

(2) Messages Placed by Customers with Disabilities (Cont'd)

(a) Certification Requirements

For purposes of this tariff, the definition of impaired refers to those persons with communication impairments, including those hearing impaired, deaf, deaf/blind or speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a text telephone (TT).

Residential impaired customers or impaired members of a customer's household, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official or state agency or a diploma from an accredited educational institution for the impaired, are eligible to receive a discount off their MTS rates and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance Directory Assistance Service, as described in the Directory Assistance Service tariff.

Additionally, TT lines maintained by nonprofit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired, are eligible to receive a discount off their MTS rates.

The written certification must be presented to the Local Exchange Carrier which serves the residence of the certified person.

C. TWO-POINT SERVICE

1. Definition

Two-point MTS is furnished by toll connections between two Local Exchange Carrier's main stations or PBX trunk lines or a combination of the two.

2. Classes of Service

Seven classes of two-point MTS are offered: dial station*, customer dialed calling card station, operator station, operator dialed calling card station, person-to-person, real time rated--operator station/person-to-person and Telephone Relay Service (TRS) assisted calls.

a. Customer Dialed Service

- (1) Dial Station rates apply to 1) calls billed to the Customers' residential telephone account or cellular account for which the initial subscription to AT&T is made through a local service provider other than AT&T and 2) calls billed to the customer's residential telephone account under the "Casual Calling Service". (N)

Dial Station Dial Station rates apply when the person originating the call dials the telephone number desired and completes the call without the assistance of an AT&T Operator and the call is billed to the calling station. Callers using AT&T Casual Calling Service must first dial the appropriate AT&T Carrier access code as specified in this Section. Dial Station rates do not apply on calls placed from public or semi-public coin telephones. (T)
(T)
(N)
(N)

Non-Subscriber Service Charge - Where billing capabilities permit, a service charge is applicable to Dial Station calls billed to residential lines which are presubscribed to an interexchange carrier other than AT&T, or not presubscribed to any interexchange carrier. This service charge is in addition to the initial period and additional period charges.

The terms and conditions of this service charge are described in AT&T's Service Guide MTC01007MC.

(1) Rate Centers of Miscellaneous Common Carrier (MCC) Mobile
Stations

The rate center of mobile stations served by a MCC with whom the Company has made arrangements for the interchange of traffic is the wire center of the exchange in which the point of connection of the system of the particular MCC is located.

(2) Messages Placed by Customers with Disabilities

The following regulations will apply to customer dialed messages placed by a customer with a disability who is incapable of speech and, therefore, uses a nonvoice telecommunications device for communicating over the MTS network.

A customer who is unable to use a telephone instrument due to a hearing and/or speech impairment may apply to the Company for a rate discount. The rate discount is applicable to MTS messages originating through access provided by only one Local Exchange Carrier's residence service designated by the customer.

(a) Certification Requirements

For purposes of this tariff, the definition of impaired refers to those persons with communication impairments, including those hearing impaired, deaf, deaf/blind or speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a text telephone (TT).

Residential impaired customers or impaired members of a customer's household, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official or state agency or a diploma from an accredited educational institution for the impaired, are eligible to receive a discount off their MTS rates and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance Directory Assistance Service, as described in the Directory Assistance Service tariff.

Additionally, TT lines maintained by nonprofit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired, are eligible to receive a discount off their MTS rates.

The written certification must be presented to the Local Exchange Carrier which serves the residence of the certified person.

Upon receipt of the appropriate application and certification or verification, the following discounts off basic MTS shall be made available for the benefit of the impaired: the Evening/Off Peak discount off the intrastate, interexchange, customer dialed, station-to-station calls occurring between 7:00 AM and 6:59 PM Monday through Friday; and the Night/Weekend discount off the intrastate, interexchange, customer dialed, station-to-station calls occurring between 7:00 PM and 11:59 PM Sunday through Friday, and on New Year's Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. Furthermore, the Night/Weekend discount, plus an additional discount equivalent to no less than ten percent of the Company's current, PRICE LIST, Day/Peak rates for basic MTS, shall be made available for intrastate, interexchange, customer dialed, station-to-station calls occurring all day Saturday and Sunday.

(c) Calls Placed Through the Telephone Relay Service (TRS)

All MTS calls places through the TRS are eligible to receive a discount off the MTS rates. The rate discounts are the same as those specified in (b) preceding. The discount shall not apply to sponsor charges associated with calls placed to pay-per-call services such as 900, 976 or 900-like services.

4. Initial Subscription

(N)

a. General

The rates, terms and conditions in this Section apply to instate long distance Dial Station calls placed by Customers whose initial subscription to AT&T is made through a local service provider and the Customer has not yet received an AT&T Consumer Services Agreement. AT&T will issue an AT&T Consumer Services Agreement to the Customer upon notification by the local service provider to AT&T that the Customer has subscribed to AT&T as their primary interexchange carrier.

The terms and conditions that apply to the Dial Station service provided under this Section will apply until the Customer of the service receives the AT&T Consumer Service Agreement or until the Customer directly contacts AT&T and enrolls in an AT&T Calling Plan, Promotion or Service Offering that is not provided under this tariff, whichever occurs first.

AT&T Dial Station instate long distance rates apply to calls billed to the Customer's residential telephone account for which the initial subscription to AT&T is made through a local service provider other than AT&T. Dial Station rates apply when:

The person originating the call dials the telephone number desired and completes the call without the assistance of a Company Operator or the Company's automated operator system, and the call is billed to the calling station.

The calling party cannot complete dial station call due to trouble on the telecommunications network, and chooses to re-dial the call.

- * A calling party re-establishes a dial station call that has been involuntarily interrupted after the station has been reached.
- * A Company Operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of his/her handicap,

a. General (Cont'd)

- * A Company Communications Assistant completes a call between persons with hearing and/or speech disabilities who use a Text Telephone (TT) or its equivalent and hearing persons who use an ordinary telephone (the completed call is rated and billed as a call from the calling station to the called station),
- * A Company Operator places a call because no automatic recording equipment is available for dial completion.

b. Rates and Charges

Rate Periods - The following rate periods are associated with Local toll and instate long distance Dial Station:

- * Peak Rate period - The Peak Rate period is 7:00 a.m. through 6:59 p.m. Monday through Friday.
- * Off-Peak Rate period - The Off-Peak Rate period is 12:00 a.m. through 6:59 a.m. and 7:00 p.m. through 11:59 p.m. Monday through Friday.
- * Weekend Rate period - The Weekend Rate period is 12:00 a.m. Saturday through 11:59 p.m. Sunday.

The time when connection is established, (determined in accordance with the time, standard or daylight saving, observed at the location of the rate center of the calling station) determines whether Day, Evening, or Night & Weekend prices apply.

In cases where a message begins in one price period and ends in another, the price in effect at the time the connection is established applies to the initial period. If a minute is split between two rate periods, the rate period applicable at the start of the minute applies to that entire minute. The duration of each call is recorded in whole minutes, with partial minutes rounded up to the next whole minute (for example, a 45 second call will be billed as a one-minute call). If the calculation for the charge results in a fractional charge, the fraction or amount will be rounded down to the nearest whole cent.

b. Rates and Charges#

Chargeable time ends when a calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the network or by the Company operator. Chargeable time does not include time lost because of faults or defects in the service.

When exchange telephone service used for MTS is connected through a service terminating arrangement or connecting arrangement at a customer's premises to a communications system, chargeable time for AT&T all calls begins when a call from the telecommunications network terminates in or passes through the first terminal equipment on that communications system. It is the customer's responsibility to furnish answer supervision so that chargeable time may begin.

D. Casual Calling Services

(N)

1. Description

AT&T Casual Calling Services permit callers to access AT&T's switched network for completion of local toll and instate long distance Dial Station calls by dialing carrier access code 1010288 or 1010345. The rates, terms and conditions specified in this Section apply to local toll and instate long distance calls billed under the following Non-Subscriber 1010288 Service, Lucky Dog 1010345 Service offerings, or any other AT&T-assigned carrier access codes.

The rates, terms and conditions contained in this Section apply in addition to the General Regulations specified in Section A2 preceding.

2. Non-Subscriber 1010288 Service

Non-Subscriber 1010288 Service provides for local toll and instate long distance Dial Station calls placed via carrier access code 1010288 and billed to the Customer's main billed domestic telephone account that is not pre-subscribed to AT&T as the primary interexchange carrier.

3. Lucky Dog 1010345 Service

Lucky Dog 1010345 Service provides for local toll and instate long distance Dial Station calls placed via carrier access code 1010345 and billed to the Customer's main residential domestic telephone account.

4. Non-Subscriber 1010288 Service

a. Description

Non-Subscriber 1010288 Service is available for local toll and instate long distance Dial Station calls placed from points within the state of Wyoming and billed to the Customer's domestic residential telephone account that is not presubscribed to AT&T as the primary interexchange carrier. Access to Non-Subscriber 1010288 Service for Dial Station calls must be made by dialing carrier access code 1010288. The Customer is responsible for any 1010288 charges billed to the Customer's account regardless of how the carrier access code is dialed.

Non-Subscriber 1010288 Service does not include: conference calls, calls to AT&T Directory Assistance, calls to "00"INFO, calls completed via "00"INFO, calls to 800 and 900 telephone numbers, Telecommunications Relay Service calls, calls placed from cellular phones, calls made by Customers with Disabilities and calls billed to a residential telephone account for which pre-subscription to AT&T has been discontinued but an active billing record for such account still exists in AT&T's billing system.

Calls billed to a residential telephone account for which pre-subscription to AT&T has been discontinued but an active billing record for such account still exists in AT&T's billing system will be rated at Dial Station rates as described in this tariff. In addition, the Monthly Recurring Charge applies in any month that a subscriber makes a call at these rates.

AT&T will credit the charges for Non-Subscriber 1010288 Service reported by newly presubscribed AT&T Customers during the period between pre-subscription and administrative processing of the new Customer. AT&T will also credit the charges for Non-Subscriber 1010288 Service reported by Customers during an F.C.C. reportable incident of service outage by another interexchange carrier.

To receive either of these credits, Customers must contact AT&T through an 800 number designated for billing inquiries. Applicable Dial Station charges will apply for all completed calls for which a credit is received. The credit will be given either in the form of a bill credit or a Long Distance Certificate, at AT&T's discretion.

The application of charges for Non-Subscriber 1010288 Service is subject to billing availability.

CI. AT&T ONE RATE STATE PLAN (TLHGM/TLHGN/BLKF7)

(N)

A. General

This plan is offered in conjunction with AT&T's interstate Service Guide LSB04001DD. Terms and conditions contained within that Service Guide also apply.

This plan provides customers a local access line; unlimited direct dialed local, intraLATA toll, in-state long distance calling; a per minute rate 24 hours a day, seven days a week on all direct dialed station state-to-state calling; and a choice of three custom calling features for a monthly recurring charge.

Customers who have or choose AT&T as their Primary Carrier for local, intraLATA toll, and long distance service may enroll in this plan. Except as set out in Rate and Charges below, Customers of this plan who have been automatically moved to one of the former SBC Incumbent Local Exchange Carriers ("SBC ILEC") for their Local Telephone service shall be treated for all purposes under this plan as if they had AT&T as their Primary Carrier for Local Telephone service.

This plan provides unlimited minutes of direct dialed calling for residential voice service only. If it is determined that use is not consistent with residential voice applications, such as for internet access services, commercial facsimile or auto-dialing, resale, telemarketing or other non-residential uses, AT&T may immediately suspend, restrict, or cancel the customer's service.

If the customer's AT&T Main Billed Account has multiple lines associated with it, a Monthly Recurring Charge will apply to each line subscribed to this plan. Unlimited direct dialed local, intraLATA toll, and in-state long distance calling will not be combined with other access lines not subscribed to this plan. Usage charges for intraLATA toll and in-state long distance calls from multiple lines not subscribed to this plan will apply.

There will be no individual call detail on the AT&T billing statement that is associated with the direct dialed station local, intraLATA toll and in-state long distance calls that are included in this plan.

This plan is available where billing and technical capabilities exist.

CJ. AT&T UNLIMITED LOCAL TOLL CALLING (BLKZH)

(N)

A. GENERAL

This plan offers residential customers unlimited intraLATA toll direct dialed station calling 24 hours a day, seven days a week for a monthly recurring charge.

To participate in this plan the customer

- 1) must have been enrolled in the AT&T Expanded Call Plan Deluxe or the AT&T Local Service Overlay (TLHAT) and was automatically moved to this plan by AT&T;
- 2) Continuously maintain AT&T as a Primary Long Distance Carrier.
- 3) Continuously maintain AT&T or an AT&T affiliated local telephone company (i.e., the former SBC Incumbent Local Exchange Carriers) as the local exchange company.

This plan includes AT&T voice direct dialed station intraLATA toll calls that are 1) made from the home, 2) Billed to the main residential telephone account and 3) made without using an AT&T operator or an AT&T automated call processing system.

AT&T will provide the benefits of this plan until one or more of the following events occur:

- 1) AT&T changes and/or discontinues this plan.
- 2) If the customer continues to subscribe to AT&T as the Primary Long Distance Carrier, and AT&T is notified that the customer is no longer a subscriber to AT&T or an AT&T affiliated Incumbent Local Exchange Carrier as the Local Telephone Carrier, the customer's current intraLATA toll rates associated with the in-state long distance plan that the customer currently subscribes to will apply.
- 3) AT&T is notified that the customer is no longer a subscriber to AT&T as the Primary Long Distance Carrier. Discontinuance of this plan will be effective as of the date AT&T's records show that the customer is no longer a subscriber to AT&T as the Primary Long Distance Carrier.
- 4) The customer notifies AT&T that the subscriber wants to withdraw from this plan.

OPTIONAL TOLL SERVICE

CJ. AT&T UNLIMITED LOCAL TOLL CALLING (BLKZH) (Cont'd)

(N)

A. GENERAL (Continued)

AT&T will bill for this plan based on the following:

- 1) If the main residential telephone account has multiple lines associated with it, a Monthly Recurring Charge will apply to each line associated with this plan. Unlimited direct dialed intraLATA toll calling will not be combined with other access lines that are associated with the main residential telephone account.
- 2) The following conditions apply to the Monthly Recurring Charge (MRC) component of this plan. The MRC is:
 - a. Billed in advance (two MRCs will be charged to the account in the first billing month, which apply to the month the customer enrolled as well as the next month).
 - b. Applied whether or not any calls are made.
 - c. Applied in full whether or not the billing period covers a full month.
- 3) This plan provides unlimited minutes of intraLATA toll direct dial calling for residential voice service only. If it is determined that any intraLATA toll usage is not consistent with residential voice applications, such as for Internet access services, commercial facsimile or auto-dialing, resale, telemarketing, or other non-residential uses, AT&T may immediately suspend, restrict or cancel the Customer's service without prior notice.
- 4) There will be no individual call detail on the AT&T billing statement that is associated with the unlimited direct dialed intraLATA toll calls that are included in this plan. For these calls, this means there will be no indication of originating or terminating points called, time of day called, or a list of the number of minutes called.

B. RATES AND CHARGES#

A Monthly Recurring Charge applies and includes unlimited calling of direct dialed station intraLATA toll calls made to residential telephone lines that are presubscribed to AT&T as the Primary Long Distance Carrier.

C. AVAILABILITY

This plan is available in limited areas. It is only available to customers who were automatically placed on this plan by AT&T by meeting the requirements described above. This plan is subject to billing and technical availability and is available where AT&T provides and issues the bill.

EXHIBIT C

AT&T Communications of Ohio, Inc. (AT&T) is filing this application to prepare for detariffing. It introduces the Initial Subscription and Casual Use Language into the toll tariff, make various text cleanup changes, remove the College ePlan and Lucent Appreciation Plan from Price List. There are no customers on either of these plans. This filing also introduces AT&T One Rate state and AT&T Unlimited Local Toll Calling.
