Re: United Telephone Company of Ohio d/b/a Embarq
Case No. 08-191-TP-ATA
Case No. 07-464-TP-COI and
Case No. 90-5041-TP-TRF

Dear Ms. Jenkins:

Submitted as an electronic filing are revisions to United Telephone Company of Ohio d/b/a Embarq, P.U.C.O. No. 1 Access Service Tariff. These revisions are filed in compliance with Case No. 07-464-TP-COI.

The following tariff pages are enclosed:

P.U.C.O. No. 1, Access Service Tariff	Section 17	Revised Sheet 1
	Section 25	Revised Sheets 1 – 3

The purpose of this filing is add an exception for Expanded Interconnection Service contained in P.U.C.O. No. 1 Access Service Tariff Section 17. This exception will exclude Ohio's intrastate jurisdiction from offering Expanded Interconnection services as defined in Embarq Local Operating Companies' Interstate Access Service Tariff F.C.C. No. 1. Embarq is in the process of grandfathering physical collocation service in Tariff F.C.C. No. 1. Virtual collocation will only be offered for states that have mandated this service in the intrastate jurisdiction. Since Embarq has no current demand in Ohio's intrastate jurisdiction for either physical or virtual collocation service, we propose this exception. In addition, minor textual changes are being made to renumber paragraphs and references within Section 25.

Should you have questions or require additional information regarding this filing, please contact Gary Baki at (614) 220-8629.

Sincerely,

Gary L. Kepley

25.2 IntraLATA Presubscription (Cont'd)(A) Description

IntraLATA presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier that the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use Carrier Access Codes (CACs) or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using CACs or additional dialing to direct calls to an alternative intraLATA toll carrier on a per-call basis.

IntraLATA presubscription will become effective on July 30, 1997, for those exchanges that are technically capable of providing equal access/intraLATA presubscription.

(B) Options

Option A: Subscriber may select the Telephone Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select her/his interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Telephone Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D: Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a CAC to route all intraLATA toll calls to the carrier of choice for each call.

EXHIBIT C

United Telephone Company of Ohio
d/b/a Embarq

Summary

With this application, United Telephone Company of Ohio d/b/a Embarq ("Embarq") seeks to add an exception for Expanded Interconnection Service contained in P.U.C.O. No. 1 Intrastate Access Service Tariff, Section 17. In addition, minor textual changes are made to renumber paragraphs and references within Section 25.

This exception will exclude Ohio's intrastate jurisdiction from Expanded Interconnection services as defined in Embarq Local Operating Companies Tariff F.C.C. No. 1. Embarq is in the process of grandfathering physical collocation service currently offered in Tariff F.C.C. No. 1. Virtual collocation will only be offered for states that have mandated this service in the intrastate jurisdiction. Since Embarq has no current demand in Ohio's intrastate jurisdiction for either physical or virtual collocation service, we propose this exception.
