ENCLOSURE

1. In its January 25, 2008 Amendment, Rockies Express proposes to move the location of its Hamilton Compressor Station from Butler County, Ohio to a new location in Warren County, Ohio known as the "Bern site".

Supplement Rockies Express' original Exhibit G and G-I submitted in its application by providing new flow diagrams to reflect the change in location of the Hamilton Compressor Station. As part of Rockies Express' response, provide all data sets for the hydraulic studies used to support the new flow diagrams. Submit all data sets in electronic format on CD or DVD. Please provide copies of the hard copy and the CD-ROM directly to Joseph Caramanica in Room 61-57.

2. Provide updated information showing the acreage and number of parcels, both temporary and permanent, required for the project. Show the percentages for which Rockies Express has obtained easements and for which Rockies Express expects to gain easements. Discuss the extent to which Rockies Express anticipates the need to rely on eminent domain to obtain easements. If you believe no condemnation will be required, provide justification for that belief.
