I am strictly against PUCO
granting Duke Energy another pay
increase.

I am 80 yrs. old also a diabetic
and been living in this house
for 50 yrs. I am on Social Security
and driving a 18 yr. old car and
can't afford the kind of food I need
for paying my bills and trying
to stay out of a nursing home.

I think it's a shame that Duke
would give big corporations a big
break in their utilities and take off
of poor people like me to make
up for what they give away to people
that don't need it. The rich gets
richer and the poor gets poorer.

The 'Great Generation' made this
country and now that only a few of
us are left, we are being treated
like dirt.

This old house is falling apart
because I can't afford to have any-
thing done to it. I hope how soon it
falls down. Shame on PUCO if they grant
this increase to Duke!
