3. Service Descriptions (Cont'd)

3.1 Local Exchange Service (Cont'd)

3.1.2 General – The Company provides Local Exchange Services only to business customers. The Company's Local Exchange Service is comprised of four different service elements. Two of the service elements, Switched Network Access Channel and Local Usage are mandatory for all customers subscribing to the Company's local exchange service offerings. The remaining service elements, enhanced features and toll usage, are optional services available to customers. (T)

3.1.3 Class of Service: Service is offered to Business Customers only. (T)  
(D)

-----  
(D)

Local Exchange Service will be classified as Business Service where the primary use is for paid commercial, professional or institutional activity and the location to which service is provided is a business or commercial location or the service number is listed as the principal or only number for a business in any telecommunications directory. (T)

3.1.4 Geographic Zones – Geographic zones for services reflecting a rate zone differential will mirror the zones of the incumbent local exchange carrier. See AT&T Ohio PUCO No. 20, Part 4, Section 1.2.A for current zones. (T)  
|
