3.2 Local Exchange Telephone Service (Continued)

3.227 Terre Haute Exchange Area - One Way Optional Extended Area Service.

This section applies to all customers in the area defined on the map in Section 1.15 as the Terre Haute Exchange Areas, who are customers to the one-way service from the Terre Haute Exchange to the customers of the North Hampton, Springfield and Tremont City Exchanges of the Ohio Bell Telephone Company.

The following rate differentials will be added to the rates shown in the Terre Haute Base Rate Area and Terre Haute Zone A Area.

Tier 1 Core Service:

Business Current	\$2.50	(N)
Maximum	\$2.50	
Residence Current	\$2.00	
Maximum	\$2.00	

3.228 Rotary Service

Trunks with the capability of relating to and connecting with a free line on a multiline key system or PBX.

Tier 2 Service:

Rate, per line	\$3.00
----------------	--------

3.229 Off Premise Extensions

Where the customer requests a station of his primary telephone service to a location which is not on the same continuous property, but within the same exchange area, the individual line rate, for the appropriate zone (see Section 3.2) will apply.

Note: Rates for Tier 1 Core services are capped at current rates. Rates for Tier 1 Non-Core services are capped at current rates until June 23, 2008. After June 23, 2008, Tier 1 Non-Core rates can be increased to a maximum cap of double the initial rate, other than the second local exchange access line and call waiting, which are limited to a ten percent increase per year until they cap at double the initial rate. This pricing flexibility is in accordance with O.A.C. 4901: 1-4 and Alt Reg Case 06-651 TP-ALT effective June 23, 2006.

3.24 Local Trunk (T-1) Service

(N)

A. Description

Local Trunk Service (often referred to as T-1 Service) provides the transport for the equivalent of 24 DSOs between a customer's premises and the customer's normal serving central office.

B. Terms and Conditions

Local Trunk Service is offered subject to central office switching capacity, capability, and the availability of outside plant facilities.

This tariff does not include terminal equipment on the customer's premises. The customer is responsible for providing the power required for any customer premise equipment connected to the trunk.

The Company shall not be liable for any loss or damages arising out of error, interruptions, defects, failure, or malfunctions of the services. Damages arising out of such interruptions, defects, failures, or malfunctions of the services after the Company has been notified, and has reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.

C. Rates and Charges

	<u>Non-Recurring</u>	<u>Monthly Recurring</u>
Establishment of Service	\$100.00	
Monthly Service		\$150.00

(N)

3.24.1 Digital Trunk Service

A. Description

Digital Trunk Service furnishes digital exchange access lines necessary for an Interexchange connection between a business customer's premises and the local serving central office. This service is based on DS1/DS0 technology, also known as T1 service. This service arrangement uses the DS1/DS0 architecture to provide a 1.544 Mbps connection. The customer is then provided the capability to transmit voice and analog data over 56 Kbps channels of that digital facility. Each DS1 facility provides up to 24.56 Kbps (DS0) channels.

B. Technical Specifications

Transmission Specifications – this facility is based on a 1.544 Mbps DS1 carrier (T1 facility) whose characteristics are as follows: Data Rate – 56 Kbps restricted.

Customer Premise Equipment and Facilities – Compatible customer premise equipment is required for DCS. The Company shall not be responsible if changes in any of the equipment, operations, or procedures of the Telephone Company used in the provisioning of this service render any facilities provided by the customer obsolete or require modification of such equipment or system, or otherwise affect its use or performance.

C. Regulations and Conditions

Unless specifically exempted, Digital Trunk Service shall be subject to all general regulations applicable to the provision of service by the Company as stated in this tariff.

Digital Trunk Service is furnished subject to central office switching capacity, capability, and the availability of outside plant facilities. Subscription to T1 Service, as described in Section 3.24, is required.

The minimum charge period for services provided under this tariff is one year. At the Company's discretion and subject to Commission rule and regulations, nonrecurring charges may be reduced or waived during promotional campaigns.

This tariff does not include terminal equipment on the customer's premises. The customer is responsible for providing the power required for any customer premise equipment connected to the digital trunk.

(N)

(N)

3.24.1 Digital Trunk Service (cont.)

C. Regulations and Conditions (cont.)

End User Common Line (EUCL) Charges – This service is subject to Federal Communications Commission EUCL charges under the rates and application rules specified by the FCC.

The Company shall not be liable for any loss or damages arising out of error, interruptions, defects, failure, or malfunctions of the services. Damages arising out of such interruptions, defects, failures, or malfunctions of the services after the Company has been notified, and has reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.

D. Rates and Charges

	<u>Non-Recurring</u>	<u>Monthly Charge</u>
Digital Trunk Service	(In addition to the T-1 Charges addressed in Sec. 3.24, Service Ordering Charges apply)	\$29.95 per line, with a minimum order of 12 lines

3.242 Digital Data Service

A. Description

Digital Data Services are available to provide access lines between a customer's premises and the customer's normal serving central office. These single channels may be used as lines to provide digital transmissions of data up to 56Kbps.

B. Terms and Conditions

Digital Data Services are offered subject to central office switching capacity, capability, and the availability of outside plant facilities.

This tariff does not include terminal equipment on the customer's premises. The customer is responsible for providing the power required for any customer premise equipment connected to the trunk.

The Company shall not be liable for any loss or damages arising out of error, interruptions, defects, failure, or malfunctions of the services. Damages arising out of such interruptions, defects, failures, or malfunctions of the services after the Company has been notified, and has reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.

C. Rates and Charges

Monthly Recurring

\$60.00
