

## 3.7 Directory Listings (Continued)

3.72 Primary Listings

One listing, termed the primary listing, is included with the line access charge.

In those cases in which the business of the subscriber is so conducted, the primary listing may be the trade name of an article or service, provided the subscriber is the authorized agent or representative for the particular article or service and the name of the article or service is followed by the word, "Agency" "Dealer", "Distributor", "Sales and Service", "Service Station", or "Representative".

At the request of the subscriber the primary listing may be omitted from the directory or from both the directory and information records.

The omission of the primary listing in the directory, or from the directory and information records, at a subscriber request, does not entitle the subscriber to an additional listing without charge in connection with other services for which he may be subscribing.

A dual listing will be provided for residential subscribers desiring to have two first names listed after a single last name without incurring an extra listing charge.

### 3.9 900 Services Call Blocking

#### A. Description

900 services call blocking is an optional service providing residential and nonresidential subscribers with the capability to block the origination of direct calls to all 900 services.

#### B. Regulations

- (1) LEC-provided blocking of 900 services shall be provided where technologically feasible.
- (2) 900 services blocking is to be offered to residential customers at no charge for initial requests.
- (3) 900 services blocking is to be provided to non-residential customers, free of charge, on a one-time basis, during a 60-day period after the inception of service.
- (4) Charges associated with nonresidential customers' initial requests (after the 60-day free enrollment period has expired) and subsequent requests, for 900 services blocking will not exceed the company's service order charge.
- (5) Residential customers obtaining service at a new location shall be afforded blocking of 900 services at no charge, even if they exercised an option to block 900 services at a previous location at no charge.
- (6) Nonresidential customers obtaining service at a new location shall be afforded blocking of 900 services at no charge during a 60-day period after the inception of service, even if they exercised an option to block 900 services at a previous location at no charge.
- (7) Customers may elect to remove 900 services blocking free of charge. Requests by customers to remove 900 services blocking must be in writing.

### 3.10 E-9-1-1
