CP07-208-000 REX Pipeline East 12 March 2008

Dear FERC Commissioners, affected land owners and taxpayers,

While at university, doing my thing there, I noticed during my first month or two working as an academic, at that this public university, it seem to have this basic problem, they could always fine the money to do a project, big or small, right the second time.

Is this going to be the standard that the Rockies Express Pipeline East is going to function under while in government control? The west pipeline seems to have many difficulties and it is much shorter than the East pipeline.

Jerry Smith, PhD.  
Somerset Township  
Somerton, Ohio 43784
