Dear FERC Commissioners and all affected people,

When a person refuses to indentify themselves, I ask them to leave my property, if they stay beyond that point I call the Sheriff. If the person is waiving a court order that says representatives from a company can come on to your property, if they don't identify themselves, then how can you as a land owner know if they are really associated with that court order or just some criminal trying to get the better of the land owner.

Here is what Ohio says is criminal trespass:

## 2911.21 Criminal trespass.

(A) No person, without privilege to do so, shall do any of the following:

(1) Knowingly enter or remain on the land or premises of another;

(2) Knowingly enter or remain on the land or premises of another, the use of which is lawfully restricted to certain persons, purposes, modes, or hours, when the offender knows the offender is in violation of any such restriction or is reckless in that regard;

(3) Recklessly enter or remain on the land or premises of another, as to which notice against unauthorized access or presence is given by actual communication to the offender, or in a manner prescribed by law, or by posting in a manner reasonably calculated to come to the attention of potential intruders, or by fencing or other enclosure manifestly designed to restrict access;

(4) Being on the land or premises of another, negligently fail or refuse to leave upon being notified by signage posted in a conspicuous place or otherwise being notified to do so by the owner or occupant, or the agent or servant of either.

(B) It is no defense to a charge under this section that the land or premises involved was owned, controlled, or in custody of a public agency.

(C) It is no defense to a charge under this section that the offender was authorized to enter or remain on the land or premises involved, when such authorization was secured by deception.

(D) Whoever violates this section is guilty of criminal trespass, a misdemeanor of the fourth degree.

(E) As used in this section, "land or premises" includes any land, building, structure, or place belonging to, controlled by, or in custody of another, and any separate enclosure or room, or portion thereof.

Remind the law enforcement people about the aforementioned section of the Ohio Revised Code, then let the police figure what the law means.
