Dear Ms. Schock:

Comments of the Ohio Power Siting Board:

"In consultation with the ODNR-DNAP, the Board requests that an alternative that avoids Caesar's Creek State Park and Crosses the Little Miami below the reservoir be considered as a preferred route... This alternative route that crosses the Little Miami State and National Scenic River south of Caesar's Creek State Park would avoid any impacts to the state park." Visit FERC: www.ferc.gov.) Docket Number: CP-07-208-000. The Comments of The Ohio Power Siting Board. View Attachment B, Little Miami Alternative Route.

Please help make my opinion count. I support the above recommendation of the Ohio Power Siting Board and ODNR-DNAP. Please make sure that REX Pipeline is kept out of Caesar's Creek State Park.

Sincerely,
