

SUBJECT: ROCKY MOUNTAIN EXPRESS (REX) EAST

06-1142

Comments of the Ohio Power Siting Board:

"In consultation with the ODNR-DNAP, the Board requests that an alternative that avoids Caesar's Creek State Park and Crosses the Little Miami below the reservoir be considered as a preferred route... This alternative route that crosses the Little Miami State and National Scenic River south of Caesar's Creek State Park would avoid any impacts to the state park."

Help make my opinion count. I support the above recommendations of the Ohio Power Siting Board and ODNR-DNAP. Please make sure that the REX Pipeline is kept out of Caesar's Creek State Park.

Sincerely,
