SECTION 3 - DESCRIPTION OF SWITCHED SERVICES

3.7 Custom Business Services (continued)

3.7.57 AT&T Business Unlimited Calling Advantage (Continued)

- (E) Any or all individual businesses or business entities owned and/or billed to the same person or legal entity may each be provisioned with an AT&T Business Unlimited Calling Advantage Business Optional Calling Plan as long as each business individually qualifies for this Service.

A single Customer's premise may comprise more than one service location as long as all Service is aggregated under the single BTN. Exceptions allowed are:

- .1 when subscription to an additional BTN is required for technical reasons by the Company or an Affiliate of the Company for DSL provisioning. The DSL service billed under the second BTN must be physically located at the same business premise as the BTN subscribing to the Plan and result in no more than ten (10) Business Access Lines at the Customer premise, and may subscribe to the AT&T Business Unlimited Calling Advantage if the Customer desires the plan and meets the requirements in Section 3.7.57 of this Tariff; or
  - .2 when subscription to an additional BTN is required for provisioning of alarm services as required by a third party alarm vendor. The alarm service billed under the second BTN must be physically located at the same business premise as the BTN subscribing to the Plan and result in no more than ten (10) Business Access Lines at the Customer premise, and may subscribe to the AT&T Business Unlimited Calling Advantage if the Customer desires the plan and meets the requirements in Section 3.7.57 of this Tariff.
- (F) The Customer may subscribe to AT&T Business Unlimited Calling Advantage for outbound Service only or for both outbound and TFS for a single BTN. Subscription for inbound service (TFS) only is not allowed. Business Customers subscribing to the AT&T Business Unlimited Calling Advantage may also subscribe to the Calling Card - Option 2 at the rates described in Section 4.7.57 of this Tariff.

---

SECTION 3 - DESCRIPTION OF SWITCHED SERVICES

3.7 Custom Business Services (continued)

3.7.57 AT&T Business Unlimited Calling Advantage (Continued)

- (G) Where Customers subscribe to TFS, inbound toll free calls may originate on any type of access and are terminated via Switched Access to the Customer's location. See Section 3.6 of this Tariff for optional features, rules and regulations, and general information regarding TFS. For switched TFS calls and calls billed to the Calling Card - Option 2, calls are billed in increments of six (6) seconds subject to a minimum connect time (initial period) of thirty (30) seconds.
- (H) Customers who cancel or discontinue any of the requirements or qualifications for this Plan or who fail to qualify for the Service because a qualifying component or required Service is discontinued by the Company or an Affiliate of the Company, or whose application of use or terminating CPE falls within the restrictions as described in Section 3.7.57, (I), of this Tariff, shall forfeit eligibility for rates under this Plan.
- (I) Customers found in violation of any of the terms and conditions of this Service shall forfeit eligibility for rates under this Plan and will be moved to Long Distance for Business unless an alternative Plan is selected by the Customer. In the event the Customer forfeits eligibility for this Plan:
- .1 The Company will attempt to notify Customer of the violation of the terms and conditions of this Service, if any; and
  - .2 Early termination charges may apply as described in Section 2.26.6 of this Tariff.

---

SECTION 3 - DESCRIPTION OF SWITCHED SERVICES

3.7 Custom Business Services (continued)

3.7.57 AT&T Business Unlimited Calling Advantage (Continued)

- (J) Certain restrictions apply. AT&T Business Unlimited Calling Advantage is provided for standard voice calling involving live dialog between individuals. The Plans is not intended for use as a substitute for dedicated or open circuits, or similar applications. This Plan may not be used for data connections, including but not limited to, modem to modem calls, remote access applications, Internet access, or Intranet access, including access to corporate LAN's. Additionally, these plans may not be used for dedicated point to point connections between equipment that leaves a circuit connected without a contemporary, continuous voice communication. The plan may not be used for auto dialers; PBX trunks; ground start line or trunks; ISDN service, including PRI; foreign exchange services; Remote Call Forwarding/Telebranch Service; public telephone service; public access smart-pay phones; analog to digital conversion digital PBX service, including local access provisioned via T-1 facilities; WATS service; PBX/PABX/EABX services; nonsquare electronic key telephone systems; hybrid key telephone systems; predictive calling/dialing systems; automatic outbound dialing systems; any type of automatic call distribution system; or the functional equivalent of any such system listed above. The Plan may be used for fax transmissions, excluding broadcast fax applications. If the Company determines that the Customer is in violation of the above listed restrictions, the Customer shall forfeit eligibility for rates under this plan and will be moved to Long Distance for Business unless an alternative plan is selected by the Customer. Where customer has more than 10 calls to any single number of a duration of more than 3 hours each during a billing cycle or any single call of greater than 10 hours of duration, Customer will be presumed to be in violation of these restrictions. In such case, Customer may be asked to provide reasonable proof to the Company that it is not using the Service for a prohibited purpose. Failure to provide such proof to the Company shall be treated as a violation of the terms and conditions of this Plan.

**SECTION 3 - DESCRIPTION OF SWITCHED SERVICES**

**3.10 Miscellaneous**

**3.10.1 Account Codes**

- (A) Account codes are an optional feature associated with outbound long distance Service that provides the Customer the ability to track usage by requiring the caller enter a string of digits ("digit string"). Account codes enable the Customer to obtain call detail from the Company which is sorted and summarized based on digits entered by the caller. The call detail is provided to the Customer without charge.
  
- (B) Account codes are available to Business Customers that (1) subscribe to one of the Company's outbound long distance service offerings described in Section 3.7 of this Tariff for the provision of interstate, intrastate InterLATA, and intrastate IntraLATA Service; (2) request the optional feature; and (3) are billed via a Company direct bill or a shared LEC or CLEC bill. Account codes are not available with VPN, TFS or calling card Service. To subscribe to Account Codes for intrastate calling, the Customer must also subscribe to one of the Company's outbound Service offerings for the provision of interstate calling.

---

SECTION 3 - DESCRIPTION OF SWITCHED SERVICES

3.10 Miscellaneous (continued)

3.10.1 Account Codes (continued)

- (C) The length of the string digits available to a Customer is limited and the number of digits is based on whether the call originates at an On-Net or Off-Net location. The Company controls the length of the string digits. The caller will be allowed three (3) attempts to enter a valid account code before the call is terminated.
- (D) The account codes are available on a mandatory and non-mandatory basis. If the Customer subscribes to the mandatory feature, the caller must enter account codes for the call to complete. If the Customer subscribes to the non-mandatory feature, the caller may bypass entering the code by pressing the pound key (#) on the keypad.
- (E) The account codes are available on a validated and non-validated basis. If the Customer subscribes to the validated feature, the caller must enter specific account codes in order to complete the call. If the Customer subscribes to the non-validated feature, the caller may enter any digits as an account code as long as the string is the designated number of digits in length.

##### 4.12 Order Expedite Charge

Customers may request a change in the requested Service due date for pending Service Orders. When the Company accepts a request to expedite an order, the Company does not promise to deliver on the desired due date in advance of the normal service order interval. The Company will use its best effort to meet the desired due date. A one-time charge applies when the Customer requests a Service due date sooner than the standard interval due date, and Service is provided sooner than the standard interval due date. An Order Expedite Charge applies when a change of requested Service due date is the only Customer requested change to the original or supplemental Service Order. Any expedite charges incurred for the provisioning of local access are not included in this Order Expedite Charge and will be passed through to the Customer. The Order Expedite Charge is as follows:

	Non-Recurring
Outbound Service Provided Exclusively for IntraLATA Calling Per Order	\$300

The Order Expedite Charge shown above applies for all Services which are provided by the Company as stand alone intrastate Services or when the Customer subscribes to one of the Company's outbound Service offerings for intrastate IntraLATA calling and selects another company for the provision of the Customer's intrastate InterLATA calling. When intrastate Service is offered by the Company as an add-on to one of the Company's interstate service offerings (i.e. Switched Services), the Order Expedite Charge applies pursuant to Company's interstate Voice Product Reference and Pricing Guide which may be found at [www.sbc.com](http://www.sbc.com).

SECTION 4 - PRICE LIST

4.13 Payphone Origination Charge

Pursuant to the FCC's Order in CC Docket 96-128, this charge applies to dial-around calls, i.e., calls originating using a carrier's access code, 00 and 0+, a Customer's 800/877/888 (and other area code assignments as appropriate) number, and other toll free numbers and debit card calls, from payphone instruments. The Customer shall pay the Company a per call charge of \$0.60 per call for all such traffic.

4.14 PIC Change Rebate

If local telephone company is requested to change the subscriber's PIC from one long distance service provider to another long distance service provider, the local telephone company may charge the Customer for the PIC change. If a Customer incurs such a charge from its local telephone company for changing the PIC to the Company, the Company will rebate that charge to the Customer. The rebate will be in the form of a credit on the Customer's bill. The credit will appear within two (2) billing cycles after the Customer provides the Company proof that the local telephone company billed the Customer for the PIC change.
