PART 3 – SECTION 1

EXHIBIT A

PART 3 - Service Charges
SECTION 1 - Service Charges

1st Revised Sheet 1
Cancels Original Sheet 1

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES

1.1 Definitions of Terms used in this Section

Billable Network Wiring

Work performed on a customer's premises by a Company employee or representative at the customer's request and not covered by other charges. Any work required to establish or reestablish network access to the Company-provided network interface is excluded. (T)

Changes in Service

Includes changes in telephone service or equipment subsequent to the establishment of such service or equipment, and rearrangements of network wiring (including house cable) which do not involve moves.

Complex Service

Includes all other exchange service and their associated facilities and equipment excluded from simple service.

Establishment of Service

The initial establishment of telephone service or equipment for a customer, and transfers of telephone service and equipment from one premises to another on non-continuous property subsequent to the establishment of such service or equipment for a customer.

Moves of Service

Includes relocations of telephone service or equipment on the same continuous property subsequent to the establishment of such service or equipment for a customer.

Network Wiring

Network wiring work includes travel, preparation, wiring on the network side of the network interface.

Point of Minimum Penetration (POMP)

First point on a customer's premises that the network facilities wiring is accessible.

Issued: December 19, 2007

Effective: December 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17839

PART 3 - Service Charges
SECTION 1 - Service Charges

1st Revised Sheet No. 2
Cancels
Original Sheet No. 2

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (Cont'd)

1.1 Definitions of Terms used in this Section (Cont'd)

Simple Service

Simple residence and non-residence exchange service includes network exchange access lines and their associated facilities and equipment which met all of the following conditions: (C)

1. The network access lines are served from their normal serving central office.
2. All terminations of the network access lines are confined to a single continuous property.
3. Customer premises equipment connected to such network access lines is limited to non-key telephones with associated miscellaneous or supplemental equipment.

Where more than one exchange service is billed on a single account, the multi-line account is considered simple only when all the network access lines meet the criteria as outlined in 1. through 3 preceding.

1.2 General Regulations

A. Nonrecurring charges (NRC) are applicable for the following work functions required to establish exchange service:

1. Service Ordering Charge - A nonrecurring charge which covers receiving, recording and processing information necessary to execute a customer's request for service.
2. Central Office Connection Charge - A nonrecurring charge for establishing or changing central office connections which may include, but are not limited to, circuit design work and establishing or changing central office connections.
3. Line Connection Charge - A nonrecurring charge for performing any of the operations associated with the connection of the network access line and a network interface.
4. Network Wiring Charge

A one time charge consisting of a time sensitive network wiring charge required to perform customer requested work on the customer's premises, except work required to establish or reestablish network access.

Issued: August 11, 2004

Effective: September 10, 2004

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TF-ALT.

By Connie Browning, President, Cleveland, Ohio

PART 3 - Service Charges
SECTION 1 - Service Charges

5th Revised Sheet 3
Cancels 4th Revised Sheet 3

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.2 General Regulations (cont'd)

- B. Service Establishment and Change Charges apply in addition to all other rates and charges for services provided by the Company. (T)
- C. The charges specified in this section contemplate work being performed by the Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Company, the expense incurred by the Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable. (T)

1.3 Nonrecurring Charges

A. Application of NRCs to Establish Services

Except where otherwise specified in this paragraph 1.3, the same nonrecurring charges apply to residence and non-residence.

The Central Office Connection and Line Connection Charges do not apply to the transfer of an existing central office line serving a reseller's end user when there is no interruption of service.

The NRC applicable to the following services are subject to O.A.C. 4901:1-6-22(B), effective January 9, 2003 in Case No. 02-3069-TP-ALT.

Local Exchange Access Lines	Part 4 Section 2, Sheets 1 through 3
PBX Trunks	Part 4 Section 2, Sheets 1 through 3
Centrex Access Lines	Part 4 Section 2, Sheets 1 through 3
Caller ID	Part 7 Section 2, Sheet 2
Call Waiting	Part 7 Section 1, Sheet 1
Call Trace	Part 7 Section 2, Sheet 3
Per Line Blocking	Part 7 Section 2, Sheet 1
Non-pub Directory Listing	Part 12 Section 1, Sheet 5

Issued: December 19, 2007

Effective: December 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17839

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.3 Nonrecurring Charges (cont'd)

A. Application of NRCs to Establish Services (cont'd)

1. Exchange Service

The following charges are applicable to each individual exchange service being established:

Description	Maximum Complex		Maximum Simple		
	Non-Residence	Residence	Non-Residence	Residence	
Local Exchange Service					
Service Ordering Charge, per location, per occasion					
Non-Competitive and Competitive Exchanges ^{/1/}					(C)
1st Access Line ^{/2/}	\$17.65	\$15.85	\$17.65	\$25.50	(N)
2nd & 3rd Access Lines ^{/3/}	35.30	31.70	35.30	51.00	(C)
4+ Access Lines	-	-	-	-	(C)
Central Office Connection Charge, per termination					
Non-Competitive and Competitive Exchanges ^{/1/}					(N)
1st Access Line ^{/2/}	8.25	17.00	8.25	13.00	
2nd & 3rd Access Lines ^{/3/}	16.50	34.00	16.50	26.00	(C)
4+ Access Lines	-	-	-	-	(C)

/1/ Nonrecurring charges associated with the Service Ordering Charge will have the pricing flexibility (as permitted by O.A.C. 4901:1-4 and 02-3069-TP-ALT) of the most restrictive access line in the order. For example, if the order is for the installation of an initial access line, the tier 1 core pricing flexibility rule would apply. If an order is placed for both an initial and additional line, tier 1 rules would again apply. If the order is associated only with the addition of a 2nd and/or a 3rd line, the tier 1 non-core rule applies. If the order is placed for the addition of a 3rd and a 4th line, the tier 1 non-core rule applies. Tier 2 rules would only be in effect when the order adds at least a 4th line to the customers account. (C)

/2/ Denotes Tier 1 Core service. (C)

/3/ Denotes Tier 1 Non-Core service. (C)

Issued: January 2, 2007

Effective: January 2, 2007

In accordance with an Opinion & Order, issued by the Public Utilities Commission of Ohio, dated 12-20-06, Case No. 06-1013-TP-BLS.

By Connie Browning, President, Cleveland, Ohio

Non-Competitive and Competitive Exchanges ^{/1/}					
1st Access Line ^{/2/}	8.25	17.00	8.25	13.00	(N)
2nd & 3rd Access Lines ^{/3/}	8.25	17.00	8.25	13.00	(C)
4+ Access Lines	8.25	17.00	8.25	13.00	(C)

- /1/ Nonrecurring charges associated with the Service Ordering Charge will have the pricing flexibility (as permitted by O.A.C. 4901:1-4 and 02-3069-TP-ALT) of the most restrictive access line in the order. For example, if the order is for the installation of an initial access line, the tier 1 core pricing flexibility rule would apply. If an order is placed for both an initial and additional line, tier 1 rules would again apply. If the order is associated only with the addition of a 2nd and/or a 3rd line, the tier 1 non-core rule applies. If the order is placed for the addition of a 3rd and a 4th line, the tier 1 non-core rule applies. Tier 2 rules would only be in effect when the order adds at least a 4th line to the customer's account. (C)
- /2/ Denotes Tier 1 Core service. (C)
- /3/ Denotes Tier 1 Non-Core service. (C)

9. Expense Incurred Option for Equipment

On relocations of service to noncontinuous property locations within territory served by the Company, in lieu of paying all applicable establishment, nonrecurring and termination charges, a customer with equipment for which the initial contract period is six months or more may elect to pay the expense incurred for relocation of such equipment, subject to the following regulations: (T)

- a. The existing equipment involved will be moved from the existing location to the new location with the understanding that the customer will not have continuous service at such locations.
- b. A new contract period will not apply when the equipment is established at a new location. Only the unexpired portion of any existing contract periods will continue at the new location.

10. Call Control (T)

<u>Description</u>	<u>Residence Charge</u>
Charge, per Exchange service, per occasion	\$9.25

B. Application of NRCs for Changes

The charges for changes should not exceed the charges that would apply if the same services or equipment were removed and re-established.

Issued: December 19, 2007

Effective: December 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (Cont'd)

1.3 Nonrecurring Charges (Cont'd)

B. Application of NRCs for Changes (Cont'd)

1. Exchange Service Changes (Cont'd)

- c. The following nonrecurring charge applies to change an exchange service from rotary to non-rotary, or vice versa, or to resequence rotary numbers

	<u>Complex</u>		<u>Simple</u>	
	<u>Residence</u>	<u>Non-Residence</u>	<u>Residence</u>	<u>Non-Residence</u>
Change Charge, per individual service	\$ 28.85	\$ 41.55	\$ 9.30	\$ 9.30

Note: Maximum NRC charge, per occasion, to resequence numbers shall not exceed three times the charge.

d. No change charge applies:

- (1) For a change of residence service to a residence message rate service, a measured rate service or a residence minute line service.
 - (2) For a change of a residence message rate service, a residence measured rate service or a residence minute line service to any other type of residence service if such change is requested by the customer either within six months of the initial installation of such message, measured or minute line rate service or within six months of a change to message, measured or minute line rate service as described in (1) preceding.
 - (3) For a change from any of the other types of service listed in b. preceding to Econo-Call Service, or vice versa if such change is requested by the customer within 90 days from the effective date of the Econo-Call Service offering in the exchange area involved.
 - (4) For a change from any of the optional types of service, listed in b. preceding, to local exchange service when the customer's basic local service area has been enlarged, if the customer requests such change within 90 days of the effective date of the tariff provision that enlarges the area.
- e. For a change from any one of the types of service listed in b. preceding to either FCO or FX service and for a change from FCO to FX service, or vice versa, the S&E charge set forth in A.1 preceding for the replacing service applies.

1.4 Network Wiring Charge

A. Application of Network Wiring Charge

1. The network wiring charge (NWC) applies for the delivery, installation, move or change of all equipment when a premises visit is required to perform such work.
2. When a premises visit is made at the request of a customer to perform work for which network wiring charges apply, a NWC applies unless the entire portion of the order which necessitated the premises visit is canceled.
3. A NWC applies separately per telephone craftsperson scheduled by the Company to perform billable work on the customer's premises. When a customer requests a shorter work interval which would utilize additional telephone craftspersons, the NWC applies separately per telephone craftsperson performing such work. (T)

2nd Revised Sheet 2
Cancels 1st Revised Sheet 2

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.1 Definitions of Terms used in this Section (cont'd)

Simple Service

Simple residence and non-residence^{/1/} exchange service includes network exchange access lines and their associated facilities and equipment which met all of the following conditions: (C)

1. The network access lines are served from their normal serving central office.
2. All terminations of the network access lines are confined to a single continuous property.
3. Customer premises equipment connected to such network access lines is limited to non-key telephones with associated miscellaneous or supplemental equipment.

Where more than one exchange service is billed on a single account, the multi-line account is considered simple only when all the network access lines meet the criteria as outlined in 1. through 3 preceding.

1.2 General Regulations

A. Nonrecurring charges (NRC) are applicable for the following work functions required to establish exchange service:

1. Service Ordering Charge - A nonrecurring charge which covers receiving, recording and processing information necessary to execute a customer's request for service.
2. Central Office Connection Charge - A nonrecurring charge for establishing or changing central office connections which may include, but are not limited to, circuit design work and establishing or changing central office connections.
3. Line Connection Charge - A nonrecurring charge for performing any of the operations associated with the connection of the network access line and a network interface.
4. Network Wiring Charge

A one time charge consisting of a time sensitive network wiring charge required to perform customer requested work on the customer's premises, except work required to establish or reestablish network access.

/1/ Applies to the 1st access line in competitive and non-competitive exchanges and to the 2nd - 3rd access lines in non-competitive exchanges. (N)
(N)

PART 3 - Service Charges
SECTION 1 - Service Charges

6th Revised Sheet 3
Cancels 5th Revised Sheet 3

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.2 General Regulations (cont'd)

- B. Service Establishment and Change Charges apply in addition to all other rates and charges for services provided by the Company.
- C. The charges specified in this section contemplate work being performed by the Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Company, the expense incurred by the Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable.

1.3 Nonrecurring Charges

A. Application of NRCs to Establish Services

Except where otherwise specified in this paragraph 1.3, the same nonrecurring charges apply to residence and non-residence^{11/}.

(C)

The Central Office Connection and Line Connection Charges do not apply to the transfer of an existing central office line serving a reseller's end user when there is no interruption of service.

(D)

(D)

^{11/} Applies to the 1st access line in competitive and non-competitive exchanges and to the 2nd – 3rd access lines in non-competitive exchanges. (N)
(N)

PART 3 - Service Charges
SECTION 1 - Service Charges

3rd Revised Sheet 3.1
Cancels 2nd Revised Sheet 3.1

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.3 Nonrecurring Charges (cont'd)

A. Application of NRCs to Establish Services (cont'd)

1. Exchange Service

The following charges are applicable to each individual exchange service being established:

Description	Maximum Complex		Maximum Simple	
	Residence	Non-Residence	Residence	Non-Residence
<i>Local Exchange Service</i>				
Service Ordering Charge, per location, per occasion ^{/1/}				(C)
Non-Competitive and Competitive Exchanges				(C)
1st Access Line ^{/2/}	\$17.65	\$15.85	\$17.65	\$25.50
4+ Access Lines ^{/4/}	-	-	-	(C)
Non-Competitive Exchanges				
2nd & 3rd Access Lines ^{/3/}	35.30	31.70	35.30	51.00
Competitive Exchanges				
2nd & 3rd Access Lines ^{/4/}	-	-	-	(C)

/5/

- /1/ Nonrecurring charges associated with the Service Ordering Charge will have the pricing flexibility (as permitted by O.A.C. 4901:1-4 and 4901:1-6) of the most restrictive access line in the order. For example, if the order is for the installation of an initial access line, the tier 1 core pricing flexibility rule would apply. If an order is placed for both an initial and additional line, tier 1 rules would again apply. If the order is associated only with the addition of a 2nd and/or a 3rd line, the tier 1 non-core rule applies in non-competitive exchanges while the tier 2 rule applies in competitive exchange. If the order is placed for the addition of a 3rd and a 4th line, the tier 1 non-core rule applies in non-competitive exchanges while the tier 2 rule applies in competitive exchanges. Tier 2 rules apply when the order adds a 4th or higher line to the customer's account. (C)

/2/ Denotes Tier 1 Core service.

/3/ Denotes Tier 1 Non-Core service.

/4/ Denotes Tier 2 service.

(N)

/5/ Material now appears on Original Sheet 3.1.1 in this Section

Issued: April 1, 2008

Effective: April 1, 2008

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated June 6, 2007, Case No. 06-1345-TP-ORD.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-08-18005

PART 3 - Service Charges
SECTION 1 - Service Charges

2nd Revised Sheet 3.1-P
Cancels 1st Revised Sheet 3.1-P

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.3 Nonrecurring Charges (cont'd)

A. Application of NRCs to Establish Services (cont'd)

1. Exchange Service (cont'd)

The following charges are applicable to each individual exchange service being established:

Description	Current Complex		Current Simple	
	Residence	Non-Residence	Residence	Non-Residence
<i>Local Exchange Service (cont'd)</i>				
<u>Service Ordering Charge, per location, per occasion</u> ^{/1/}				(C)
Non-Competitive and Competitive Exchanges				(C)
1st Access Line ^{/2/}	\$17.65	\$15.85 ^{/5/}	\$17.65	\$25.50 ^{/5/}
4+ Access Lines ^{/4/}	17.65		17.65	(C)
Non-Competitive Exchanges				
2nd & 3rd Access Lines ^{/3/}	17.65	15.85	17.65	25.50
Competitive Exchanges				
2nd & 3rd Access Lines ^{/4/}	17.65	^{/5/}	17.65	^{/5/} (C)

- /1/ Nonrecurring charges associated with the Service Ordering Charge will have the pricing flexibility (as permitted by O.A.C. 4901:1-4 and 4901:1-6) of the most restrictive access line in the order. For example, if the order is for the installation of an initial access line, the tier 1 core pricing flexibility rule would apply. If an order is placed for both an initial and additional line, tier 1 rules would again apply. If the order is associated only with the addition of a 2nd and/or a 3rd line, the tier 1 non-core rule applies in non-competitive exchanges while the tier 2 rule applies in competitive exchange. If the order is placed for the addition of a 3rd and a 4th line, the tier 1 non-core rule applies in non-competitive exchanges while the tier 2 rule applies in competitive exchanges. Tier 2 rules apply when the order adds a 4th or higher line to the customer's account. (C)

1. SERVICE ESTABLISHMENT AND CHANGE CHARGES (cont'd)

1.3 Nonrecurring Charges (cont'd)

B. Application of NRCs for Changes (cont'd)

4. Telephone Number Changes

	Complex		Simple		
	Residence	Non-Residence	Residence	Non-Residence	
Change Charge	\$28.85	//	\$31.15	//	(C)

- a. Except as set forth in b. following, the above S&E charge applies for each change of a telephone number at the request of a customer as shown below:
- Individual Exchange Service
 - Present number in one number dialer
 - Remote Call Forwarding
- b. No charge applies for a change in telephone number:
- (1) initiated by the Company;
 - (2) made to clear service problems such as excessive wrong number calls, excessive calls for previous customers to that telephone number, etc.; or
 - (3) made on a temporary basis in order to stop abusive, harassing, or threatening telephone calls, provided that such calls had been previously reported to the Company.

5. Class of Service Change

For each change of a class of service at the request of a customer, the following nonrecurring charge applies:

	Complex		Simple		
	Residence	Non-Residence	Residence	Non-Residence	
a. Residence to non-residence	\$17.90	-	\$31.15	-	
b. Non-residence to residence	-	//	-	//	(C)

Note: The charge for a telephone number change does not apply if required on a class of service change.

3rd Revised Sheet No. 1

1. MONTHLY EXCHANGE SERVICES

Telephone Exchange Service is the furnishing of facilities necessary for communicating within specified exchange areas. Service is comprised of three components - network access line, central office termination and usage. There are two classes of service, Non-Residence and Residence. Except where otherwise provided the monthly rates in this paragraph 1 cover the access line and central office termination for the types and classes of exchange service listed.

A list of exchanges and network access areas appears in Section 1 preceding.

A. Network Access Lines

Monthly rates for network access lines are determined by class of service and by access area. The customer's normal serving central office determines the applicable access area rate. The access areas, by exchange, are shown in Section 1 preceding.

Central Office Termination

Furnishes dial tone along with a termination for the network access line to the serving central office for the placing and receiving of calls.

B. Non-Residence, Non-Centrex Network Access Line Quantity Discounts (C)

With a minimum commitment of 36 months, quantity discounts are available based upon the volume of non-residence, non-Centrex network access lines required by a customer at a single location. (C)

In the event that a customer terminates any or all the service during the commitment period, the customer will remain liable for the remaining charges adjusted to their net present worth equivalent using the interest rate specified in Section 2, Paragraph 3.7.13. These charges will become due and payable in their entirety immediately upon such termination.

Commission approval of the above termination liability language is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of a dispute, the signators may pursue any legal remedies they deem appropriate to resolve the dispute.

Description	Monthly Rate per Network Access Line			
	Access Area			
	A	B	C	D
Access Line-Quantities ^{/1/}				(C)
48 - 95	For	\$15.15	\$16.95	\$19.25
96 - 199	Future	14.35	15.95	18.05
200 - 293	Use	13.55	14.95	16.85
294 - 387		12.75	13.95	15.65
388 - 579		11.95	12.95	14.45
580 - above		11.80	11.95	13.25

In addition to the above rates, end user access line charges as filed in Ameritech Operating Companies Tariff F.C.C. No. 2 are applicable.

/1/ Access Line Qualities discounts do not apply for Centrex Service. (N)

PART 4 - Exchange Access Services
SECTION 2 - Exchange Lines and Usage

Original Sheet No. 4

1. MONTHLY EXCHANGE SERVICES (Cont'd)

C. Local Exchange Usage

Four types of local exchange usage are available: measured, minute line, message and flat.

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

b. Duration

- (1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.
- (2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.
- (3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

1. MONTHLY EXCHANGE SERVICES (Cont'd)

C. Local Exchange Usage (Cont'd)

1. Measured Rate Services (Cont'd)

c. Time of day

- (1) Discounts apply to the total charges for local messages during certain time periods as outlined below:

	<u>Time Periods</u>
No discount -	8:00 AM to 9:00 PM* - Monday through Friday
50% discount -	9:00 PM to 8:00 AM* - Monday through Friday (All day Saturday, Sunday and Holidays)

* To, but not including.

- (2) The holidays on which a 50% discount applies are Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, or on resulting legal holidays when Christmas, New Year's or Independence Day legal holidays fall on dates other than December 25, January 1 or July 4 respectively.
- (3) In cases where a local message begins in one time period and ends in another, the charges in effect at the time the message starts apply to the entire message.
- d. The charges for local message usage are based on summary billing for such usage by mileage step, initial period calls and total additional minutes of usage per mileage step. The charges will also be separated by time period. Special billing of local message charges requiring the assistance of a Company operator will not be provided. (T)

2. Minute Line Service

Minute Line Service is offered where facilities and conditions permit as designated in Part 9, Section 1, Pricing List of this tariff. (T)

Minute Line Service is available only to residence customers who subscribe to Schedule C as set forth in Part 9, Section 1 of this tariff. (T)

Local usage charges are based upon two measured elements, i.e., the duration of each local message and the time of day each local message is originated, subject to the following:

a. Duration

- (1) A charge applies for each minute, or fraction thereof.
- (2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.
- (3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

By Connie Browning, President, Cleveland, Ohio

1. MONTHLY EXCHANGE SERVICES (cont'd)

1.1 ISDN Local Calling Value Plan

A. Description

The ISDN Local Calling Value Plan (ILCVP) is a local usage billing alternative. ILCVP offers ISDN Circuit Switched Service customers an optional discount on local usage generated on specified ISDN Direct Service, Centrex Service with ISDN or ISDN Prime Service "B" Channels. (T)
(T)

For a monthly price, ILCVP customers subscribe to a specified quantity of minutes-of-use (MOU), and receive a single per minute rate for voice and/or data "B" Channel usage on those channels comprising an Account Group. Minutes in excess of this quantity are billed at the selected Optional Usage Package (OUP) price. Packet usage is excluded from this plan. (T)

B. Definitions

Account Group

ISDN Direct Service, Centrex Service with ISDN, and ISDN Prime Service "B" Channels that are served by the same Central office, billed to a single billing account number and are identified by the customer under a single ILCVP individual contract. (T)
(T)

Commitment Level

A specified quantity of minutes-of-use (MOU) for which the customer subscribes and is billed monthly. The Commitment Level is selected from those offered by the Company and is applicable each month through the duration of the contract.

Commitment Term

Period selected by the Program Subscriber from those offered by the Company over which specified prices are paid. The Commitment Terms are available on a month-to-month basis or under twelve-month contractual agreements.

PART 4 - Exchange Access Services
SECTION 2 - Exchange Lines and Usage

2nd Revised Sheet 19.2
Cancels 1st Revised Sheet 19.2

1. MONTHLY EXCHANGE SERVICES (cont'd)

1.1 ISDN Local Calling Value Plan (cont'd)

(T)

B. Definitions (cont'd)

Optional Usage Packages (OUP)

Minute of Use quantity levels with corresponding price options, which represent the subscriber's commitment under the plan.

Program Subscriber (Subscriber)

A person or entity who has elected to purchase a specified quantity of local ISDN "B" Channel usage for a specific length of time, through the signing of an ILCVP contract.

(T)

C. Terms and Conditions

1. ILCVP is available to all ISDN Direct Service, Centrex Service with ISDN and ISDN Prime Service "B" Channel customers on a month-to-month or contract basis. Prices are applicable per Account Group, and are distance and time-of-day insensitive. (T)
2. ILCVP cannot be combined with any other local usage calling plan. The customer's selection of an ILCVP OUP is in lieu of all other Company discounts, including those automatically provided by the Company for this usage. (T)
3. ISDN "B" Channels to be included in each ILCVP Account Group must be identified for each OUP option selection, at the time of commitment. "B" Channels added to or removed from established Account Groups will not alter the existing ILCVP contract terms. (T)

1. MONTHLY EXCHANGE SERVICES (cont'd)

1.1 ISDN Local Calling Value Plan (cont'd)

(T)

C. Terms and Conditions (cont'd)

4. Minutes of Use in excess of OUP Commitment Level will be billed at the elected OUP per minute price. Minutes in excess are determined by identifying the difference between the Commitment Level MOU quantity and the accumulated monthly minutes of use associated with the ISDN "B" channels identified in the Account Group. Only one OUP may be selected per Account Group.
5. ILCVP subscribers may initiate a move to a higher OUP level without penalty by signing a new agreement for an equal or longer Commitment Term. No credit toward the new OUP will be given for that portion of the former OUP which has been utilized. (T)
6. The new payment period begins on the first bill date after the request is received.
7. Prices are not retroactive.
8. ISDN "B" Channel(s) can be relocated (where facilities permit as determined by the Company) anywhere within the same central office serving area without affecting the ILCVP Account Group, within the constraints defined above. (T)
9. An OUP must be selected for each ILCVP Account Group established based upon the customer's predetermined estimated monthly voice and/or data usage and the selected Commitment Term. (T)
10. In any month where the actual Account Group OUP usage is less than the Commitment Level, the customer will be billed for the full OUP Commitment Level minutes of use.

1. MONTHLY EXCHANGE SERVICES (cont'd)

1.1 ISDN Local Calling Value Plan (cont'd)

(T)

C. Terms and Conditions (cont'd)

11. Minimum Revenue Guarantee (MRG) is a guarantee by the subscriber to pay for a minimum amount of ILCVP usage (per OUP selected) each month through the duration of the Commitment Term. The MRG is equal to the applicable selected OUP price times the Commitment Level MOU, times the number of months remaining in the Commitment Term.

(T)

The MRG applies to each ILCVP Account Group.

(T)

Where subscribers have aggregated usage billing (multiple billing accounts on a single bill), the same MRG will apply, individually, to each billing account.

PART 4 - Exchange Access Services
SECTION 2 - Exchange Lines and Usage

1st Revised Sheet 19.5
Cancels Original Sheet 19.5

1. MONTHLY EXCHANGE SERVICES (cont'd)

1.1 ISDN Local Calling Value Plan (cont'd)

(T)

D. Prices

The following Optional usage Packages (OUP's) are available to Program Subscribers.

Optional Usage Package ^{/1/}	Commitment Level MOU	Commitment Term	
		Month to Month	12 Month
Option 1	\$2,500.00	\$ 28.50	\$ 24.00
Option 2	5,000.00	55.00	46.00
Option 3	7,500.00	81.00	67.50
Option 4	10,000.00	105.00	85.00
Option 5	12,500.00	127.50	102.50

Minutes of use exceeding the quantities included in the above Commitment Level MOU
Options will be billed at the following per minute prices:

Optional Usage Package ^{/1/}	Commitment Level MOU	Commitment Term	
		Month to Month	12 Month
Option 1	\$2,500.00	\$ 0.0114	\$ 0.0096
Option 2	5,000.00	0.0110	0.0092
Option 3	7,500.00	0.0108	0.0090
Option 4	10,000.00	0.0105	0.0085
Option 5	12,500.00	0.0102	0.0082

/1/ A change charge as specified in Part 3, Section 1 of this tariff will apply to each subscriber who requests a change in the Commitment Level and/or Term.

Issued: November 15, 2007

Effective: November 15, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003,
Case No. 02-3069-TP-ALT.

2. APPLICATION OF RESIDENCE AND NON-RESIDENCE RATES

A. Residence Rates

1. Service is classified and charged for as residence service:
 - a. At all residence locations only where the primary use of the service is of a social or domestic nature, where non-residence use, if any, is solely incidental to the primary social or domestic use, and where a residence type listing is furnished.
 - b. In churches, provided the use of the service is confined to the activities of the particular church subscribing for the service.
 - c. When furnished to dormitories and residence halls of colleges, universities, and other residence schools, and to fraternity and sorority houses, provided such locations are used by students and student members as their residences.
 - d. When furnished at any location as an access to a repeater control and/or autopatch facility of a bonafide amateur radio operator, organization or society duly licensed as a primary station by the Federal Communications Commission as an amateur radio station pursuant to FCC Part 97, Section 5 [47 CFR Section 97.5] or any successor regulation. The Company may request a copy of the amateur radio station license prior to the installation of service. (T)
2. The Company will provide residence trunk lines which terminate in a PBX (or similar) system of a college, university or other residence school (a) used solely by the students or student members described in 1-c, preceding, or (b) used by such college, university or other residence school for residence and administrative purposes, providing the non-residence and residence trunks are physically segregated so that the trunks classified as residence can only be accessed by the students or student members described in 1-c preceding. The Company reserves the right to inspect the premises of the college, university or other residence school to assure compliance with the provisions of this paragraph, in accordance with Ownership and Use of Facilities, set forth in Part 2, Section 2 of this tariff. (T)

2. APPLICATION OF RESIDENCE AND NON-RESIDENCE RATES (cont'd)

B. Non-Residence Rates

Service is classified and charged for as non-residence at all non- residence locations, except as otherwise provided in A-1-b preceding; and at any residence locations where the use is not primarily or substantially of a social or domestic nature, except as provided in A-1-b preceding, or where a business type listing is furnished.

- C. When it is determined that a customer is using residence service in such a manner that is should be classified and charged for as non-residence service under the provisions of A. and B. preceding, the Company will discontinue the service of such customer in the event he refuses to (T) permit his service to be classified as non-residence service and pay the applicable non-residence rates.

3.1 LOCAL USAGE SAVER PLAN

A. Description

The Local Usage Saver Plan discounts are available to business customers with 1 to 15 business lines who agree to a 12-month term and a specified level of local usage spending per month.

B. Terms and Conditions

1. Customers eligible for Local Usage Saver Plan discounts include existing AT&T Ohio business customers and business customers new to the AT&T Ohio service area, with 1 to 15 business lines. (T)
2. Local Usage Saver Plan is only available to customers of AT&T Ohio's business local exchange service and Centrex service. Local Usage Saver is not available on ISDN lines. (T)
3. Local Usage Saver Plan customers must agree to a 12-month term and commit to a specified level of local usage spending per month as shown under *Terms and Conditions #5* below.
4. Local usage subject to the specified discounts are Non-Residence Measured Rate Services and Non-Residence Message Rate Services, as shown in this Part and Section of the tariff.
5. Local Usage Saver Plan customers will receive discounts on local usage as follows:

<u>Monthly Local Usage Commitment</u>	<u>Monthly Discount on Local Usage</u>
\$ 5.00	10%
25.00	15%
50.00	20%
6. Local Usage Saver Plan customers who do not meet their chosen monthly usage commitment will be billed the shortfall each month.
7. Local Usage Saver Plan customers who terminate their agreement prior to completion of the 12-month term period will be billed 50% of their chosen monthly commitment for the remainder of the agreement period.
8. At the expiration of the Local Usage Saver Plan term, if the customer does not expressly indicate election of this plan or another available AT&T Ohio plan, rates will revert to "standard" business Measured and Message Service rates, as shown in this Part and Section of the tariff. (T)

8. SIMPLELINK ENHANCEDSM

A. Description

SimpleLink EnhancedSM is an optional access and local usage volume discount plan for AT&T Ohio business customers. Customers subscribing to SimpleLink Enhanced receive monthly discounts on eligible services based on the customer's Minimum Monthly Revenue Commitment (MMRC). (T)

B. Definitions

Minimum Monthly Revenue Commitment (MMRC)

The minimum monthly revenue commitment that the customer must commit to in order to receive the volume discount.

Contributory Services

Those services whose revenue is counted towards achievement of the customer's selected MMRC.

Eligible Services

Those services that are eligible for discounts based on achievement of a specified MMRC.

C. Terms and Conditions

MMRC revenue is the sum total of the customer's monthly billed charges, for services specified in the Company's SimpleLink Enhanced tariff, for all eligible business accounts located within the state, before discounts are applied.

Services contributing towards the MMRC include, except as noted below, all AT&T Ohio regulated services (monthly recurring revenue, usage revenue, and Other Charges & Credits (OC&C), including fractionalized recurring and non-recurring charges), excluding the following, if applicable: (T)

End User common Line (EUCL) surcharges, EUCL offset charges, Enhanced 9-1-1 (E911) surcharges, Handicap surcharges, Primary Interexchange Carrier (PIC) charges, Local Number Portability (LNP) charges, Infrastructure Maintenance Fees (IMF), Universal Service Fund (USF) surcharges, Federal & State Line Port charges.

Additionally any service provided by the Company's affiliates (other than AT&T Ohio, Incumbent Local Exchange Carrier), charges for services provided by any other service provider and billed on behalf of that other service provider, and any other tax or charge imposed by local, state, or federal government entity are also excluded. (T)

8. SIMPLELINK ENHANCEDSM (cont'd)

C. TERMS AND CONDITIONS (cont'd)

The SimpleLink Enhanced plan is available with one year, two year, or three year term plans. The one year term also has a 1-year renewable option. If the customer selects the 1-year renewable option, the plan will renew for one year intervals. A maximum of two 1-year renewals are available after the first 1-year term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 1-year term. Additionally, three MMRC levels will be available for customers to choose from: \$45, \$85, and \$200. Customers subscribing to a 2 or 3 year SimpleLink Enhanced term plan will be required to sign a written order confirmation form in order to qualify for the applicable plan discounts.

(N)

(N)

SimpleLink Enhanced customers who fail to meet their selected MMRC will be billed the difference between the selected MMRC and the monthly revenue billed.

MMRC volume discounts are applied to the following eligible services. Any of the following services provided under an existing term discount plan are not eligible for SimpleLink Enhanced volume discounts.

Business Exchange Access Service	Business DID Trunks (Analog PBX)
Call Forwarding ^{/1/}	Call Waiting ^{/1/}
Remote Call Forwarding ^{/1/}	Repeat Dialing ^{/1/}
Caller ID ^{/1/}	3-Way Calling ^{/1/}
Caller ID with Name ^{/1/}	Call Screening ^{/1/}
Automatic Callback ^{/1/}	Voice Mail Feature Package ^{/1/}
All local usage, including usage from Optional Local Area Service, excepting usage from all other existing optional calling plans.	

When the footnoted services above are purchased in package discount arrangements they are not eligible for SimpleLink Enhanced discounts.

Customer accounts with term agreements, including, but not limited to Centrex, ISDN Direct, ISDN Prime, ADTS-E, DS0/1/3 are not eligible for a SimpleLink Enhanced plan. Accounts with FeatureLink Service term agreements may be included in a SimpleLink Enhanced plan.

Local and state additional charges, taxes, the End User Common Line Charge, and non-recurring charges are not volume discount eligible.

/2/

/1/ Additional 10% discount applies, see Other Applicable Discounts and Payments, Sheet 45 of this Tariff.

/2/ Material now appears on 1st Revised Sheet 45 in this Section.

(N)

SIMPLELINK ENHANCEDsm (cont'd)

(T)

C. Terms and Conditions (cont'd)

A customer's maximum MMRC volume discount for each commitment level may not exceed \$85 per month.

All of the accounts on a SimpleLink Enhanced agreement must reside in the same state. An eligible SimpleLink Enhanced customer may include up to, but not exceed, 10 of its accounts under one SimpleLink Enhanced agreement. A customer may have only one SimpleLink Enhanced agreement per state in the 5-state Company Midwest region.

A SimpleLink Enhanced plan is not transferable to, or may not be assumed by, a customer or customers other than the customer of record without prior written consent of the Company.

The customer's term commences the day after the service is "activated" by the Company. The date activated shall be the date the order installing the plan is completed in the Company's billing system.

D. Prices

1. Service Elements

MMRC	MMRC Volume Discount		
	1 Year	2 Years	3 Years
\$ 45	7.0%	8.0%	9.0%
85	8.0%	9.0%	10.0%
200	9.0%	10.0%	11.0%

2 Other Applicable Discounts

SimpleLink Enhanced customers will also receive an additional 10% discount in addition to the MMRC Volume Discount listed above, for those specific eligible services footnoted /1/ on Sheet 44 within this Tariff.

PART 4 - Exchange Access Services

8. SIMPLELINK ENHANCEDSM (cont'd)

(N)

D. PRICES (cont'd)

3. Payment Plans

Service Connection Charges are not applicable when establishing or changing to SimpleLink Enhanced.

4. Termination Charges

Customers terminating a SimpleLink Enhanced plan prior to the expiration of the selected term period are subject to termination charges.

Termination charges are equal to 50% of the MMRC multiplied by the number of months remaining in the customer's term period. For a partial month, if the partial month revenue is less than the MMRC, the customer is liable for 50% of the difference between the MMRC and the actual billed revenue.

Termination liability charges are not applicable if during the SimpleLink Enhanced term period the customer converts to another Company access or local usage plan with a term equal to or greater than the remaining SimpleLink Enhanced plan and the new revenue commitment is equal to or greater than the remaining SimpleLink Enhanced revenue commitment.

5. Service Guarantee

Within 90 days of subscribing to SimpleLink Enhanced 2 year and 3 year term plans, customers may cancel this service without incurring the termination liability charges specified in this tariff. This guarantee does not apply to customers who terminate or convert to another Company toll, access and/or usage commitment product for the purpose of subscribing to SimpleLink Enhanced.

PART 4 - Exchange Access Services
SECTION 2 - Exchange Lines and Usage

Original Sheet No. 49

SIMPLELINK ENHANCEDSM II

(N)

A. DESCRIPTION

SimpleLink EnhancedSM II is an optional access and local usage volume discount plan for the Company's business customers. Customers subscribing to SimpleLink Enhanced II receive monthly discounts on eligible services based on the customer's Minimum Monthly Revenue Commitment (MMRC). SimpleLink Enhanced II also provides an Access Line Bundle.

B. DEFINITIONS

Access Line Bundle

A SimpleLink EnhancedSM II Access Line Bundle consists of a business network access line, Caller ID and Caller ID with Name for a monthly rate.

Contributory Services

Those services whose revenue is counted towards achievement of the customer's selected MMRC.

Eligible Services

Those services that are eligible for discounts based on achievement of a specified MMRC.

Minimum Monthly Revenue Commitment (MMRC)

The minimum monthly revenue commitment that the customer must commit to in order to receive the volume discount.

Minimum Monthly Revenue Commitment (MMRC) Revenue

MMRC revenue is the sum total of the customer's monthly billed charges, for services specified in the Company's SimpleLink Enhanced II tariff, for all eligible business accounts located within the state, before discounts are applied.

C. TERMS AND CONDITIONS

1. Services contributing towards the MMRC include, except as noted below, all Company regulated services (monthly recurring revenue, usage revenue, and Other Charges & Credits (OC&C), including fractionalized recurring and non-recurring charges).

(N)

Issued: December 14, 2005

Effective: December 14, 2005

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

SIMPLELINK ENHANCEDSM II (cont'd)

(N)

C. TERMS AND CONDITIONS (cont'd)

2. Services that do not contribute to the MMRC include: End User Common Line (EUCL) surcharges, EUCL offset charges, Enhanced 9-1-1 (E911) surcharges, Handicap surcharges, Primary Interexchange Carrier (PIC) charges, Local Number Portability (LNP) charges, Infrastructure Maintenance Fees (IMF), Universal Service Fund (USF) surcharges, Federal and State Line Port charges.

Additionally any service provided by the Company's affiliates, charges for services provided by any other service provider and billed by the Company on behalf of the other service provider, and any other taxes or charges imposed by local, state, or federal government entities do not contribute to the MMRC.

3. The SimpleLink Enhanced II plan is available with one year, two year, or three year term plans. The one year term also has a 1-year renewable option. If the customer selects the 1-year renewable option, the plan will renew for 1-year intervals. A maximum of two 1-year renewals are available after the first 1-year term. Customers will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their renewal options prior to the expiration of each 1-year term.
4. Customers subscribing to a 2 or 3 year SimpleLink Enhanced II term plan will be required to sign a written order confirmation form in order to qualify for the applicable plan discounts.
5. Customers may select from three MMRC levels: \$45, \$85, and \$200.
6. SimpleLink Enhanced II customers who fail to meet their selected MMRC will be billed the difference between the selected MMRC and the monthly revenue billed.
7. Customers subscribing to SimpleLink Enhanced II will receive all subscribed business access lines in the form of an Access Line Bundle at the monthly price as listed in D. PRICES, following. Local usage is not included in the price for this bundle. At the end of the SimpleLink Enhanced II term plan the customer will be billed for the components that make up the bundle at their individual monthly tariff rates unless the customer renews their SimpleLink Enhanced II term agreement. Standard service and equipment and/or installation charges apply to install components of the Access Line Bundle.

(N)

PART 4 - Exchange Access Services
SECTION 2 - Exchange Lines and Usage

Original Sheet No. 51

SIMPLELINK ENHANCEDSM II (cont'd)

(N)

C. TERMS AND CONDITIONS (cont'd)

8. MMRC volume discounts are applied to the following eligible services. Any of the following services provided under an existing term discount plan are not eligible for SimpleLink Enhanced II volume discounts. Any of the footnoted services purchased in package discount arrangements are not eligible for SimpleLink Enhanced II discounts.

SimpleLink Enhanced II Access Line Bundle	Business DID Trunks (Analog PBX)
All local usage including usage from Optional Local Area Service, excepting usage from all other existing optional calling plans	Call Forwarding ^{/1/}

	Multi Ring Service ^{/1/}
	Privacy Manager ^{/1/}

9. A customer's maximum monthly allowable discount for each commitment level may not exceed the Maximum Monthly Allowable Discount as shown in **D. PRICES**, following.
10. Customer accounts with term agreements, including, but not limited to Centrex, ISDN Direct, ISDN Prime, ADTS-E, DS0/1/3, are not eligible for a SimpleLink Enhanced II plan. Accounts with FeatureLink Service term agreements may be included in a SimpleLink Enhanced II plan.
11. All of the accounts on a SimpleLink Enhanced II plan must reside in the same state. An eligible SimpleLink Enhanced II customer may include up to, but not exceed, 10 of its accounts under one SimpleLink Enhanced II plan. A customer may have only one SimpleLink Enhanced II plan per state in the 5-state Company Midwest region.
12. A SimpleLink Enhanced II plan is not transferable to, or may not be assumed by, a customer or customers other than the customer of record without prior written consent of the Company.
13. The customer's term commences the day after the service is "activated" by the Company. The date activated shall be the date the order installing the plan is completed in the Company's billing system.

/1/ Additional 30% discount applies, see **Other Applicable Discounts and Credits**, following.

SIMPLELINK ENHANCED sm II (cont'd)

(T)

D. Prices (cont'd)

4. Termination Liability

Customers terminating a SimpleLink Enhanced II plan prior to the expiration of the selected term period are subject to termination charges.

Termination charges are equal to 50% of the MMRC multiplied by the number of months remaining in the customer's term period. For a partial month, if the partial month revenue is less than the MMRC, the customer is liable for 50% of the difference between the MMRC and the actual billed revenue.

Termination liability charges are not applicable if during the SimpleLink Enhanced II term period the customer converts to another Company access or local usage plan with a term equal to or greater than the remaining SimpleLink Enhanced II plan, and the new revenue commitment is equal to or greater than the remaining SimpleLink Enhanced II revenue commitment.

Commission approval of the above termination liability language is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of a dispute, signatories to such contracts may pursue whatever legal remedies they deem appropriate to resolve the dispute.

Customers who have their business network access line(s) with a competitive local exchange carrier within the AT&T Illinois, AT&T Indiana, AT&T Michigan, AT&T Ohio, or AT&T Wisconsin service area and who now wish to establish their business network access line service with the Company will receive a one-time waiver or refund of the termination charges associated with early termination of a previous SimpleLink or SimpleLink Enhanced agreement for the purpose of establishing service with another carrier if they return to the Company and sign a new SimpleLink Enhanced II agreement. The new SimpleLink Enhanced II term period must be greater than or equal to that of the terminated plan and the new revenue commitment equal to or greater than the revenue commitment under the terminated plan. Eligible customers must, also, have refused or not responded to a previous SimpleLink Enhanced II offer. In addition, the customer's former account must not have been disconnected for nonpayment, and no money is owed the Company for any past due bills for regulated service, other than the termination charge. In addition, the "Bill Name" must be the same as on the prior Company account. Customers may take advantage of this offer only once.

SIMPLELINK ENHANCED SM II (cont'd)

(T)

D. Prices (cont'd)

5. Service Guarantee

Within 90 days of subscribing to SimpleLink Enhanced II 2 year and 3 year term plans, customers may cancel this service without incurring the termination liability charges specified in this tariff, with the exception noted below. This guarantee does not apply to customers who terminate a Company toll, access and/or usage commitment product for the purpose of subscribing to SimpleLink Enhanced II.

6. Waiver Allowance

Customers who have their business network access line(s) with a competitive local exchange carrier within the AT&T Illinois, AT&T Indiana, AT&T Michigan, AT&T Ohio, or AT&T Wisconsin service area and who now wish to establish their business network access line service with the Company will receive a waiver of normally applicable Service Ordering, Line Connection, and Central Office nonrecurring charges (NRC's) associated with local exchange access lines and, if applicable, vertical features ordered at the time of initial subscription to a SimpleLink Enhanced II plan. Standard NRC's will apply to lines & features added after the initial order.

PART 4 **SECTION 2**

PART 4 - Exchange Access Services
SECTION 2 - Exchange Lines and Usage

Original Sheet No. 55

COMPLETELINK® 2.0

(N)

A. DESCRIPTION

CompleteLink® 2.0 is an optional access and usage volume discount plan that provides business customers monthly discounts on selected eligible business services based on the customer's Minimum Annual Revenue Commitment (MARC). CompleteLink® 2.0 also provides a discounted rate on business local exchange access lines and on local toll calls. CompleteLink® 2.0 requires AT&T Ohio local access and local usage.

B. DEFINITIONS

Contributory Services

Those services whose revenue is counted towards achievement of the customers selected MARC.

Eligible Services

Those services that are eligible for discounts based on achievement of a specified MARC.

Minimum Annual Revenue Commitment (MARC)

The minimum annual revenue commitment that the customer must commit to, per year, in order to receive the volume discount.

(N)

Issued: April 24, 2006

Effective: April 24, 2006

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

COMPLETELINK® 2.0 (cont'd)

(N)

C. TERMS AND CONDITIONS

1. A customer may subscribe to multiple CompleteLink® 2.0 agreements at the same time, but a telephone number may only be included under one CompleteLink® 2.0 plan.
2. CompleteLink® 2.0 is limited to a maximum of 250 statewide BTN's (Billed Telephone Numbers) billed to the customer of record.
3. CompleteLink® 2.0 discounts are not available on any local toll optional calling plans or eligible business services with existing term discounts except as noted elsewhere within this product tariff.
4. CompleteLink® 2.0 is offered under a one year, two year, three year, or five year term. Customers must select one of the offered MARC levels and must sign a Confirmation of Service Order to indicate their selections. A customer may increase their MARC level at any time without assessment of early termination charges. To increase a MARC, the customer must also commit to a new term. A decrease of the MARC level during the term is deemed to be a termination of the service and early termination charges as described in E. TERMINATION CHARGES and CREDIT ALLOWANCES below, are applicable unless the customer qualifies for a Business Downturn MARC Downgrade as defined in E. TERMINATION CHARGES and CREDIT ALLOWANCES below.
5. The customer must meet or exceed the selected MARC at the end of each 12-months of the term plan. If the customer fails to meet or exceed the MARC in any year of the customer's term, the customer will be billed an Under Utilization Charge which is the difference between the MARC and the actual billings for the Contributory Services, excluding taxes and surcharges.
6. The customer's term commitment commences the day after the CompleteLink® 2.0 service is provided by the Company. The date provided shall be the date the service order is completed in the Company's billing system. MARC revenue is the sum total of the customer's annual billings on all included business accounts for services specified as Contributory in the CompleteLink® 2.0 tariff.

(N)

Issued: April 24, 2006

Original Sheet No. 57

COMPLETELINK® 2.0 (cont'd)

C. TERMS AND CONDITIONS (cont'd)

7. Services contributing towards the MARC ("Contributory" services) include all of the Company's regulated services, (unless herein excluded) including services regulated by the Federal Communications Commission (FCC). FCC regulated services may be considered "Contributory" but will not be "Eligible" for any CompleteLink® 2.0 discounts. The customer may also include as Contributory, services provided in other states where an AT&T ILEC provides local exchange service and where the CompleteLink® 2.0 plan is also available.

8. Revenue from the following services are not included as Contributory Services or counted towards the achievement of the MARC:

End User common Line (EUCL) surcharges, EUCL offset charges, Enhanced 9-1-1 (E911) surcharges, Handicap surcharges, Primary Interexchange Carrier (PIC) charges, Local Number Portability (LNP) charges, Infrastructure Maintenance Fees (IMF), Universal Service Fund (USF) surcharges, Federal & State Line Port charges.

Additionally any charges for services provided by the Company's affiliates (other than an AT&T Incumbent Local Exchange Carrier), any charges for services provided by other service providers and billed on behalf of that other service provider, and any other tax or charge imposed by local, state, or federal government entity are excluded.

9. There is no non-recurring service charge or set-up charge to establish a CompleteLink® 2.0 plan. Tariffed recurring and non-recurring charges will apply for the installation and use of any newly installed CompleteLink® 2.0 contributory or eligible services, with exceptions as noted elsewhere within this product tariff.

10. With the exception of local exchange access service and local usage services, CompleteLink® 2.0 customers are not required to purchase any of the MARC Contributory Services.

11. Additional discounts will not apply to the eligible CompleteLink® 2.0 products, except as contained within this tariff or promotional offers but will apply to DTS-E service, Centrex, FeatureLink and local service components of Access Advantage Plus, where term rates may apply along with the CompleteLink® 2.0 discounts.

(D)/1/

/1/ Additional discounts will continue to apply to DSL and PRI (Primary Rate Interface) services included in agreements signed prior to July 28, 2006, where term rates apply.

COMPLETELINK® 2.0 (cont'd)

C. TERMS AND CONDITIONS (cont'd)

12. Eligible Win and Winback customers will receive a waiver of normally applicable service order, central office connection and line connection non-recurring charges (NRC's) associated with local exchange access lines and/or vertical services ordered at the time of the initial subscription to a CompleteLink® 2.0 agreement. Standard NRC's will apply to lines and features added after the initial CompleteLink® 2.0 order. Win and Winback customers include business customers who have their local exchange access line service with another competitive local exchange carrier within the AT&T Illinois, AT&T Indiana, AT&T Michigan, AT&T Ohio, or AT&T Wisconsin service area and who now wish to establish their local exchange access line service with the Company.

13. Win and Winback business customers who establish service with the Company and subscribe to a CompleteLink® 2.0 agreement will receive an accelerated discount that is calculated as a percentage of their agreed upon MARC and will be applied as a credit to their bill. The accelerated discounts will be applied upon subscription to CompleteLink® 2.0 and yearly (for terms exceeding one year) thereafter, according to the schedule below. Accelerated discounts are determined based upon win/winback services only and may not be determined based on existing services. When a CompleteLink® 2.0 agreement consists of both existing services and win/winback services, the win/winback services will not be eligible to receive any accelerated discounts.

(D)

Win and Winback customers who establish a CompleteLink® 2.0 agreement and later upgrade to a new term length and/or MARC level, or terminate their CompleteLink® 2.0 agreement prior to its expiration date, will forego any accelerated discounts not yet received. Customers who upgrade will retain any accelerated discounts already received and will not receive any yearly accelerated discounts based on their original CompleteLink® 2.0 term.

Issued: December 1, 2006

D. FEATURES

2. Other Applicable Discounts (cont'd)

- B. The Central Office Optional Features footnoted in C.17. above will receive a 40% discount in addition to the applicable MARC Volume Discount.
- C. Customer's selecting the Company's IntraLATA Toll service and who make interstate intraLATA calls will receive rates for these calls as per TARIFF F.C.C. No. 4, Section 3, Page 129.1.1.1, CompleteLink® Service.

- D. Eligible Win and Winback customers subscribing to Caller ID and Caller ID With Name on an a la carte basis, independent of any other package or promotion, will receive both services at the discounted monthly price shown below. Eligible customers are those subscribing to CompleteLink 2.0 completed as of August 14, 2006 or later. Caller ID and Caller ID With Name must be purchased together on one line, where central office facilities permit. The discounted monthly price is applicable for the duration of the selected CompleteLink 2.0 term plan period. The Central Office Features Discount as described in paragraph B., above, as well as the MARC Volume Discount are also applicable.

Win/Winback Caller ID/Caller ID With Name \$2.00 per line, per month

- E. The following discount applies in agreements signed as of 2/02/07 and beyond: Customers will receive a 15% discount on local usage message service charges in addition to the applicable MARC Volume Discount for ISDN PRI and PBX Trunk lines. Save, Win, and Winback customers will receive a 35% discount on local usage message service charges in addition to the applicable MARC Volume Discount for ISDN PRI and PBX Trunk lines. For accounts which combine access lines/Centrex lines and PBX trunks/ISDN PRI, only the percentage discount described above applies. The Local Usage Message Service Rate in Paragraph D1C above is not applicable to accounts with a combination of both access lines/Centrex lines and PBX trunks/ISDN PRI.

COMPLETELINK® 2.0 (cont'd)

E. TERMINATION CHARGES AND CREDIT ALLOWANCES

1. Early Termination Charges

- A. Except as provided for elsewhere in this tariff, customers terminating a CompleteLink® 2.0 plan prior to the expiration of the selected term period are subject to termination charges.

Termination charges are equal to 50% of the MARC multiplied by the number of years remaining in the customer's term period. For a partial year, if the partial year revenue is less than the MARC, the customer is liable for 50% of the difference between the MARC and the actual billed revenue.

- B. If a customer received accelerated discounts and terminates their CompleteLink® 2.0 agreement prior to expiration of their term, in addition to the early termination charges in E.1.A. above, an early termination charge will apply equal to 50% of the accelerated discount received in C.13. above, prorated by the number of remaining months in the contract.

EXAMPLE 1: A customer signed a \$12,000 MARC agreement with a three year term commitment and received an accelerated discount of \$2,400 upfront. If the customer terminates the CompleteLink® 2.0 agreement after 12 months the customer will be liable for remitting to the Company \$800 of the accelerated discount received, calculated as follows: (\$2,400/36 total months) x 24 months remaining = \$1,600 x 50% = \$800.

EXAMPLE 2: If the customer terminates the CompleteLink® 2.0 agreement after month 18 the customer will be liable for remitting to the Company \$900 of the accelerated discount received, calculated as follows: [\$2,400 upfront + \$1,200 (10% of the \$12,000 MARC/3 year term for their 1 year accelerated discount) = \$3,600]/36 total months x 18 months remaining = \$1,800 x 50% = \$900

- C. Termination liability charges are not applicable if during the CompleteLink® 2.0 term period the customer converts to another Company Access or usage plan with a term equal to or greater than the remaining CompleteLink® 2.0 plan, and a revenue commitment equal to or greater than the CompleteLink® 2.0 MARC.

Issued: August 14, 2006

Effective: August 14, 2006

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

COMPLETELINK® 2.0 (cont'd)

E. TERMINATION CHARGES AND CREDIT ALLOWANCES (cont'd)

1. Early Termination Charges (cont'd)

- D. Termination liability charges applicable for CompleteLink® 2.0 agreements will be offset by termination charges, if applicable, from other allowed agreements for any CompleteLink® 2.0 eligible service as a result of the same customer termination activity. Termination charges resulting from the charge-back of accelerated discounts received will not be offset by termination charges as a result of other allowed agreements for CompleteLink® 2.0 eligible services. /1/
- E. Customers who have terminated a CompleteLink® or a CompleteLink® 2.0 agreement for the purpose of establishing service with another carrier and who now return to the Company and sign a new CompleteLink® 2.0 agreement will receive a one-time waiver or refund of termination charges associated with early termination of their former CompleteLink® or CompleteLink® 2.0 agreement. The new term period and MARC must be greater than or equal to that of the terminated plan. Customers must not have had service disconnected for nonpayment, not have any past due bills for regulated service owed to the Company, and the "Bill Name" must be the same as on the prior Company account in order to qualify.
- F. Commission approval of the above termination language is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of dispute, signatories to such contracts may pursue whatever legal remedies they deem appropriate to resolve the dispute.

2. Service Guarantee

Within 90 days of subscribing to a CompleteLink® 2.0 agreement, customers may cancel this service without incurring the termination liability charges specified in this tariff. Any accelerated discounts received by the customer will be charged back to the customer. This preclusion of the termination liability does not apply to customers who terminate or convert from another Company toll, access, and/or usage commitment product for the purpose of subscribing to CompleteLink® 2.0.

COMPLETELINK® 2.0 (cont'd)

E. TERMINATION CHARGES AND CREDIT ALLOWANCES (cont'd)

3. MARC Downgrade Allowance for Technology Upgrade

Termination liability charges will not apply if during the term of the CompleteLink® 2.0 agreement the Customer disconnects one or more of the services which are specified under Column A below, and those services are contributory to their CompleteLink® 2.0 MARC, and replaces the service(s) with the Company service specified on the same line in Column B, and as a direct result of that replacement the Customer's annual spending on those services is reduced (comparing customer's current spending on the removed services and the anticipated customer spending for the replacement services), and that reduction results in a 50% or greater difference between the customer's current MARC and the next lower MARC, at the Customer's option and request, the Customer may terminate the existing CompleteLink® 2.0 agreement without termination liability provided: a) the Customer enters into a new CompleteLink® 2.0 service agreement for a term period which is equal to or greater than the time remaining on their current agreement, and b) the MARC on the new agreement is the next lower MARC. This waiver of charges as a result of replacing Column A contributory services with the associated Column B contributory service will be allowed only once per Customer, per agreement term. CompleteLink® 2.0 \$1,200 MARC service agreements are specifically not eligible.^{/2/}

(C)
(C)

For purposes of the waiver, "as a direct result" means that the newly installed product(s) must be installed at the same customer service location(s) and in the same relative quantity(ies) as those being displaced. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this provision.

/1/

/3/

/1/ Material formerly appeared on Original Sheet 64 in this Section.

/2/ CompleteLink 2.0 \$3,000 MARC service agreements signed prior to July 28, 2006 are, also, not waiver eligible.

2nd Revised Sheet 66
Cancels 1st Revised Sheet 66

COMPLETELINK® 2.0 (cont'd)

E. Termination Charges and Credit Allowances (cont'd)

<u>A</u>		<u>B</u>	
Analog Trunks	to	ISDN Prime, DS1, DS3, SONET, or GigaMAN	
ADTS-E	to	ISDN Prime	
Centrex Service Basic Lines	to	Centrex Service Electronic Key, ISDN Direct, or Internet Protocol Lines	(T)
FeatureLink	to	Centrex Service	(T)
Grandfathered Centrex	to	Centrex Service	(T)
Measured or Flat Business Lines	to	Centrex Service, ISDN Prime, DS1, DS3, SONET, GigaMAN, or FeatureLink	(T)
DS0 or ISDN Direct	to	DS1, DS3, SONET, or GigaMAN	
DS1	to	DS3, SONET, GigaMAN	
DS3	to	SONET or GigaMAN	

The following is stated as a matter of convenience and not intended to imply that the list above is not inclusive. In no event will the following product changes satisfy the conditions required for termination without liability under this provision.

Centrex (any type)	to	PBX
Centrex (any type)	to	ISDN Prime

Example: Customer has a CompleteLink® 2.0 \$25,000 MARC, 3-year agreement, with 18 months remaining. MARC attainment in current year is 60%. A customer replaces its Analog Trunks to ISDN Prime, which would result in an annual spending reduction of \$4,000 from what was spent for the Analog Trunks. At the time of the new contract, the CompleteLink® 2.0 tariff reflects the next lower MARC to be \$18,000, so the customer may terminate its \$25,000 MARC agreement without liability if it enters into a new 2-year (24 month) CompleteLink® 2.0 agreement at the \$18,000 MARC. The applicable discount will be that available with the \$18,000 commitment level.

3. MARC Downgrade Allowance for Technology Upgrade (cont'd)

/1/

This MARC Downgrade waiver described above only applies to the termination charges applicable to the CompleteLink® 2.0 agreement. Termination charges may apply on those services being disconnected, and the application of those termination charges are not affected by this waiver. All applicable recurring and non-recurring charges apply to the installation and removal of services. Products and services are subscribed to separately and not as a part of the CompleteLink® 2.0 subscription. As a result of selecting a reduced MARC level, discounts provided under the new CompleteLink® 2.0 agreement may be less than those received under the higher MARC agreement (discounts for the new agreement will be those applicable to the new MARC level under the CompleteLink® 2.0 tariff in effect at the time the new contract is executed). The 90-day service guarantee described in E.2. above does not apply to the new agreement.

4. Business Downturn MARC Downgrade

For purposes of this product offer, the term "Business Downturn" is hereby defined to mean an unplanned, measurable change in business conditions affecting the customer's business that is outside of the customer's control and that materially and negatively affects the customer's need for the level of Company services which contribute to the MARC hereunder. The customer specifically acknowledges that the transfer or substitution of the contributory services to another provider during the term hereof does not qualify as business downturn. This provision may be invoked by the customer no earlier than after the end of the first year for a two or three year agreement or after the end of the second year for a five year agreement. To invoke this provision, the customer must provide in writing to the Company the facts which support its request for Business Downturn consideration, and the Company will solely determine whether the customer's business conditions satisfy the definition of "Business Downturn".

4. Business Downturn MARC Downgrade (cont'd)

Upon the Company's determination that a Business Downturn has occurred, the customer and the Company shall then negotiate in good faith an appropriate and commercially reasonable change to the customer's commitments hereunder. Examples of appropriate and commercially reasonable changes include (but are not limited to) a modification to the term and/or MARC. The Parties shall continue performance under this Agreement while they are in negotiations. If no agreement can be reached regarding a change to the customer's commitments, then the rates, MARC, terms and conditions of this Agreement shall remain in effect for its Term. The customer may invoke this provision only once during the term of this Agreement.

SECTION 2 - Exchange Lines and Usage

2nd Revised Sheet 16
Cancels 1st Revised Sheet 16

1. MONTHLY EXCHANGE SERVICES (cont'd)

C. Local Exchange Usage (cont'd)

2. Minute Line Service

Minute Line Service is offered where facilities and conditions permit as designated in Part 9, Section 1, Pricing List of the AT&T Ohio Guidebook. (C)

Minute Line Service is available only to residence customers who subscribe to Schedule C as set forth in Part 9, Section 1 of the AT&T Ohio Guidebook. (C)

Local usage charges are based upon two measured elements, i.e., the duration of each local message and the time of day each local message is originated, subject to the following:

a. Duration

- (1) A charge applies for each minute, or fraction thereof.
- (2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.
- (3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telephone network.
- (4) Chargeable time does not include time lost because of faults or defects in the service.

b. Time of Day

- (1) Discounts apply to the total charges for local messages as set forth in 2.b. following during certain time periods as outlined below:

Time Periods

No discount -	8:00 AM to 9:00 PM* - Monday through Friday
50% discount -	9:00 PM to 8:00 AM* - Monday through Friday All day Saturday, Sunday and Holidays

* To, but not including.

Issued: April 1, 2008

Effective: April 1, 2008

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated June 6, 2007, Case No. 06-1345-TP-ORD.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-08-18005

Cancels 8th Revised Sheet 17

1. MONTHLY EXCHANGE SERVICES (cont'd)

C. Local Exchange Usage (cont'd)

2. Minute Line Service (cont'd)

b. Time of Day (cont'd)

- (2) The holidays on which a 50% discount applies are on Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day.
- (3) Discounts will only apply to that portion of the local messages occurring within the rate discount periods stated above.

- c. The charges for local message usage are based on summary billing for such usage by total minutes of usage. The charges will be separated by time period. Special billing of local message charges requiring assistance of a Company operator will not be provided.

d. Local Message Charge Schedule^{/1/}

Description	Maximum Rate	Current Rate	
Each minute or fraction thereof			
Non-Competitive Exchanges			
1st Access Line ^{/2/}	\$.0132	\$.0132

5th Revised Sheet 17.1
Cancels 4th Revised Sheet 17.1

1. MONTHLY EXCHANGE SERVICES (cont'd)

C. Local Exchange Usage (cont'd)

3. Message Rate Services

Message Rate Service consists of a fixed monthly rate for usage packages which includes a monthly local usage allowance in the monthly rate. Each local call is charged on a message unit basis and an additional charge is made for local messages in excess of the allowance. The allowance, if not used during one month, is not credited to the customer's account for any other month that service is provided.

SECTION 2 - Exchange Lines and Usage

2nd Revised Sheet 18
Cancels 1st Revised Sheet 18

1. MONTHLY EXCHANGE SERVICES (cont'd)

C. Local Exchange Usage (cont'd)

3. Message Rate Services (cont'd)

a. Rates and Charges (cont'd)

(1) Local Message Allowances and Charges

The monthly rates for usage packages associated with message rate services include the number of local messages specified below:

(a) All non-residence, per usage package ^{/1/}	73	(C)
(b) Residence Individual, per usage package	30	
(c) The current charge per additional local message is	\$.08	
The maximum charge per additional local message is	.08	
(d) "Schools" as used herein is limited to those institutions, which are chartered by the State Board of Education pursuant to Section 3301.16, Revised Code. ^{/1/ /2/}		(C)

The allowances and charges for message rate services apply to schools, except, that no charges will apply for total local messages in excess of the usage package for the following, each month:

Non-Residence Non-Rotary and Rotary	190	(C)
Non-Residence PBX Trunk	415	
Centrex stations, each	55	(C)

The above exception applies only where the local exchange service is used by schools for administrative purposes and where all telephones associated with such local exchange service are located in areas not accessible to the general public.

- /1/ Applies to 1st exchange service access line in competitive and non-competitive exchanges and to the 2nd and 3rd exchanges service access lines in non-competitive exchanges. (C)
- /2/ This provision is not applicable to non-residence service used for customer-owned, coin-operated telephones, either located on school property, or owned, leased, rented, operated or controlled by a school board or other educational institution. (C)

PART 4 – SECTION 3

EXHIBIT A

PART 4 - Exchange Access Services
SECTION 3 - Foreign Type Exchange Services

1st Revised Sheet No. 1
Cancels
Original Sheet No. 1

1. FOREIGN TYPE EXCHANGE SERVICES

A. Foreign Central Office (FCO) Service

1. Regulations

Foreign central office service is furnished in connection with residence and non-residence classes of service.

Foreign Central Office Service is not required with a change in connecting company, where the customer's telephone number is designated to a foreign central office within the same rate center.

(N)
|
(N)

2. Monthly Rates

- a. In addition to the monthly rate for the appropriate network access line and central office termination, the monthly rate for an interoffice circuit applies, measured between the central office from which the customer normally would be served and the foreign central office from which the customer is to be served. A local loop charge does not apply since the monthly rate for the associated network access line covers the provision of the local loop between the customer's location and his normal serving central office, however the following monthly rate applies for the associated service area function:

	<u>Monthly Rate</u>	<u>USOC</u>
FCO service area function charge, each line	\$14.95	OPJXY

Issued: May 21, 2001

Effective: June 19, 2001

In accordance with Case No. 01-1184-TP-ATA, issued May 21, 2001.

By James C. Smith, President, Cleveland, Ohio

PART 4 - Exchange Access Services
SECTION 3 - Foreign Type Exchange Services

Original Sheet No. 1.01

1. FOREIGN TYPE EXCHANGE SERVICES (cont'd)

A. Foreign Central Office (FCO) Service (cont'd)

2. Monthly Rates (cont'd)

- b. When non-continuous property extension service, including secretarial lines, is provided with foreign central office service, the required circuits should be measured from either the normal or the foreign central office, whichever, when combined with the circuit furnished in connection with the foreign central office service, results in the lower total interoffice mileage.
- c. Subject to the provisions of a. and b preceding, local and interoffice circuits for foreign central office service and associated non-continuous extension service are furnished under the regulations and rates set forth in Section 5 of this Part following.

/1/

/1/

/1/ Material formerly appeared on Original Sheet No. 1 in this Section.

Material formerly appeared in Exchange and Network Services Tariff, Section 5, 3rd Revised Sheet No. 66

By James C. Smith, President, Cleveland, Ohio

PART 4 - Exchange Access Services
SECTION 3 - Foreign Type Exchange Services

1st Revised Sheet 2
Cancels Original Sheet 2

1. FOREIGN TYPE EXCHANGE SERVICES (cont'd)

B. Foreign Exchange Service

1. General

- a. Foreign exchange service is furnished intraLATA by the Company and intraLATA or interLATA by connecting carriers concurring in this tariff in connection with residence and non-residence classes of service. (T)

Note: Foreign exchange service will not be furnished between exchanges which are in the local service area of each other when the foreign exchange offers only flat rate non-residence service and only message rate and/or measured non-residence service is available in the customer's normal serving exchange.

b. This subsection of this tariff applies:

- (1) To foreign exchange service involving two intraLATA exchanges of the Company: (T)
- (2) To that part of the joint service and facilities furnished by the Company in the case of foreign exchange service involving an exchange of the Company and (T)
- (a) an exchange of another telephone company within the State of Ohio, or (T)
- (b) an exchange of a telephone company outside the State of Ohio when each of such exchanges is in the local service area of each other. (T)
- c. Where neither of the exchanges involved in a foreign exchange service is an exchange of the Company but the Company furnishes the interexchange circuit, or a portion thereof, such circuit will be furnished under the provisions of B-3-b following. (T)

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17819

PART 4 - Exchange Access Services
SECTION 3 - Foreign Type Exchange Services

1st Revised Sheet 3
Cancels Original Sheet 3

1. FOREIGN TYPE EXCHANGE SERVICES (cont'd)

B. Foreign Exchange Service

2. Regulations

- a. The Company will determine the exchange area and central office area from which the service will be furnished, subject to the provision that the exchange area and central office area from which the service is furnished will be within the local service area of, those available to customers located in, the exchange area from which the customer requested foreign exchange service. In such situations, when two or more telephone companies are involved in furnishing the service, such determination may be made only with the consent of the telephone company which operates the exchange from which the service will be furnished. (T)
- b. The scope of local service for, and the toll rates to and from, services connected for foreign exchange service are in accordance with the tariff provisions of the exchange area from which the service is furnished. Where special operating is required, an additional monthly charge may be made to cover the expense incurred by the Company for such operating. (T)
- c. Toll restriction may be provided on PBX trunks and non-residence rotary and non-rotary service furnished between exchanges of the Company. Toll restriction on such services when furnished between an exchange of the Company and an exchange of another telephone company, will be provided only with the concurrence of such other telephone company. (T)
(T)

When the toll restriction is furnished in a Company exchange, the rates and charges for toll restriction covered in this tariff apply. When the toll restriction is provided in an exchange of another telephone company, the tariff provisions of such other telephone company for toll restriction will apply. (T)

3. Rates and Charges

- a. The following rates and charges apply to the exchange service and associated services:
 - (1) The monthly network access line and central office termination rates and charges are those applicable in the exchange area from which the service is furnished. Subsequent move and change charges associated with the service are those applicable in the exchange area in which the customer is located.
 - (2) The monthly rates and charges for non-continuous property extension service, including secretarial lines, and other associated items of service are those applicable in the exchange area in which the customer or such extension service and other items are located.

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17819

PART 4 - Exchange Access Services
SECTION 3 - Foreign Type Exchange Services

3rd Revised Sheet 4
Cancels 2nd Revised Sheet 4

1. FOREIGN TYPE EXCHANGE SERVICES (cont'd)

B. Foreign Exchange Service (cont'd)

3. Rates and Charges (cont'd)

b. Interexchange circuits and associated facilities

- (1) The interexchange circuit mileage is the distance between rate centers determined in accordance with Part 15, Section 1 of this Tariff, subject to the following:
- (a) Where the entire circuit is furnished under the provisions of this tariff, measurement is between the rate center of the exchange area in which the customer is located and the rate center of the exchange area from which service is requested, except as covered in the following paragraph.

Between the Girard Exchange of the Company and the Vienna Area of the Warren Exchange of the United Telephone Company as defined in the United Telephone Company's tariffs, the interexchange circuit mileage is the air line distance between the Girard central office of the Company and the intersection of State Route 193 and Warren-Sharon Road in the unincorporated community of Vienna, Trumbull County, Ohio. (T)

	Monthly Rate	USOC
(2) Interexchange circuits, each mile or fraction thereof	\$4.15	1LHB4*
(3) Interexchange circuit service terminals, each	**	P3N

The above monthly rate applies per two point section, and per rate center in which the circuit terminates, connects to the customer's service location(s) or connects to the portion of the circuit furnished under the provisions of Part 15, Section 2 of this Tariff.

*Additional codes appear in departmental practices.

** See AT&T Ohio Tariff 20, Part 15, Section 2 for USOC P3N rate.

(T)

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17819

PART 4 - Exchange Access Services
SECTION 3 - Foreign Type Exchange Services

1st Revised Sheet 5
Cancels Original Sheet 5

1. FOREIGN TYPE EXCHANGE SERVICES (cont'd)

B. Foreign Exchange Service (cont'd)

3. Rates and Charges (cont'd)

c. Interoffice and local circuits for main station service

- (1) A local loop charge does not apply in connection with the foreign exchange service main station service since the monthly rate for the network access line covers the provisions of the loop between the customer's location and his normal serving central office; however the following monthly rate applies for the associated service area function:

	<u>Monthly Rate</u>	<u>USOC</u>
Foreign exchange service area function charge, each line	\$14.95	OPKFX

- (2) Whenever the customer is located in a central office area other than in which the rate center is located, a chargeable interoffice circuit is required.

d. Non-continuous property extension service, including secretarial lines

- (1) When non-continuous property extension service is provided (a) within the exchange area in which the customer is located, (b) within the exchange area from which the foreign exchange service was requested, or (c) when the aforementioned exchange areas are exchange areas of the Company, within any other telephone company exchange area which is in the local service area of either of the aforementioned exchange areas, the applicable interoffice circuits should be measured between the extension service central office and either the central office normally serving the area in which the customer is located or the rate center central office of the exchange area from which the foreign exchange service was requested, whichever results in a lower circuit rate to the customer. (T)
- (2) When extension service is provided within an exchange area other than the Company exchange areas specified in (1) preceding, the provisions of e, Foreign exchange extension service, following apply. (T)
- (3) Subject to the provisions of (1) preceding, local and interoffice circuits for extension service are furnished under the regulations and rates set forth in Section 5 of this Part following.

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

1st Revised Sheet 6
Cancels Original Sheet 6

1. FOREIGN TYPE EXCHANGE SERVICES (cont'd)

B. Foreign Exchange Service (cont'd)

3. Rates and Charges (cont'd)

e. Foreign exchange extension service

(1) Interexchange circuits

- (a) Extension service which is associated with local exchange service or foreign central office service and is located within an exchange area other than a Company exchange area which is in the local service area of the customer's main location is classified as foreign exchange extension service for which an interexchange circuit is required, measured between the rate centers of the exchange areas involved. (T)
- (b) Extension service which is associated with foreign exchange service and is located in an exchange area other than the Company exchange areas specified in d-(1) preceding is classified as foreign exchange extension service. The required interexchange circuit is measured between the rate center of the exchange area in which the extension service is located and either the rate center of the exchange area where the customer is located or the rate center of the exchange area from which the foreign exchange service was requested, whichever will result in a lower circuit rate to the customer. (T)
- (c) Subject to the provisions of (a) and (b) preceding, interexchange circuits are furnished under the regulations and rates set forth in 3-b preceding.

(2) Local and interoffice circuits associated with interexchange circuits

- (a) A circuit (local or interoffice and local, as appropriate) is required, measured between the extension service location and the serving rate center.
- (b) Where the main location of the associated local exchange service is in a multi-office exchange area and such main location is not within the rate center central office, an inter-office circuit between the central office areas involved is required.
- (c) Where foreign exchange extension service is associated with foreign central office service and neither the central office in which the customer is located nor the central office from which the service is being furnished is the rate center central office, an interoffice circuit is required, measured between the rate center central office and whichever of the aforementioned central offices will result in a lower circuit rate to the customer.

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

e. Foreign exchange extension service (cont'd)

(2) (cont'd)

(d) Subject to the provisions of (a), (b) and (c) preceding, local and interoffice circuits are furnished under the regulations and rates set forth in Section 5 of this Part following.

f. Requests to furnish exchange service from another central office

Where service is furnished from a multi-office exchange area and the customer requests that the service be furnished from a central office other than as determined by the Company under the provisions of A.2.a. preceding, a chargeable interoffice circuit between the central office areas involved is required. (T)

g. Requests to furnish exchange service from another exchange area

Where under the provisions of B.2.a. preceding, the Company determines that service will be furnished from an exchange area other than that from which service is requested and the customer insists that the service be furnished from the exchange area from which he requested service, the service will be so furnished; however, where the furnishing of the service from the exchange area from which service was requested requires the installation of additional equipment and facilities, such as loading coils, repeaters, special relay circuits, signaling circuits, etc., for local or toll transmission and supervisory purposes, additional charges based upon costs incurred may be applied. (T)

h. Night transfer arrangement

Night transfer arrangement permits the interexchange of incoming calls between an individual or PBX trunk service and a foreign exchange service of the same class and grade. This arrangement will be furnished provided the telephone numbers for both such services are assigned in the same central office unit.

1. OTHER EXCHANGE ACCESS SERVICES (Cont'd)

/1/

B. Combination Main Station Service

1. This arrangement combines two individual lines of the same exchange for the purpose of answering calls at either location. Such an arrangement is furnished subject to the following:
 - a. Facilities necessary to provide satisfactory service must be available.
 - b. The local service area for both lines must be the same.
 - c. Where the service furnished at one location is not of the same class or is not of the same type as the service furnished at the other location, the serving central office equipment must permit positive identification of the calling station or registration of messages originating at the calling station, for purposes of charging for local message use.
 - d. When the central office equipment does not permit positive identification of the calling station, combination main station service may still be provided for one customer in connection with two message rate individual lines which are not of the same class.

/1/ Material now appears on Original Sheet 46 in Part 20, Section 4 of this Tariff.

Issued: July 30, 2004

Effective: August 1, 2004

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

PART 4 - Exchange Access Services
SECTION 5 - Other Exchange Access Services

1st Revised Sheet 14
Cancels Original Sheet 14

1. OTHER EXCHANGE ACCESS SERVICES (cont'd)

B. Combination Main Station Service (cont'd)

2. A directory listing with distinctive call numbers is furnished with each line. Connections between stations of such lines are established through the central office.
3. Where it is necessary to install additional equipment, such as loading coils, repeaters, special relay circuits, etc., additional charges based upon costs incurred, may be applied.
4. Each line is charged for at the established individual line rate applicable in accordance with the classification of the service as non-residence or residence.
5. Where message rate service is furnished at both locations, the local message allowance is combined.
6. In multi-office exchanges where it is necessary to use circuits between central offices to make the service operative, foreign central office service rates apply in addition to the rates for the classes of service furnished.

2. CIRCUITS

A. Regulations

1. The rates specified in this section apply where both terminals of a circuit are in an exchange area of the Company, or, except as otherwise specifically provided in this tariff, in Company exchange areas each of which is in the local service area of the other. (T)
(T)
2. The rates specified in this section are in addition to the rates and charges which may be applicable for any terminal equipment required.
3. The Company will perform usual maintenance and replacement of circuits only on non-continuous property circuits. Same continuous property circuits will be maintained and replaced on a Premises Work and Material charges non-regulated basis. (T)
4. Where it is necessary to provide new construction in furnishing such circuits, such construction will be provided at the charges specified in Part 2, Section 5 of this tariff.
5. Where it is necessary to provide additional equipment, such as loading coils, repeaters, special relay circuits, etc., for local or toll transmission or supervisory purposes, additional rates or charges based upon costs incurred, may be applied.
6. When circuits are furnished to connect off-property stations of PBX systems, the regulations set forth in Part 15, Section 2 of this tariff with respect to Signaling Arrangements apply to such circuits.

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

TFA No. OH-07-17819

2. CIRCUITS (cont'd)

B. Monthly Rates

1. For installations made prior to March 1, 1939, customers were permitted to provide their outside wiring. Such customer-provided outside wiring is maintained at the expense of the customer.
2. Whenever the Company's general distributing plant is used by the customer to furnish a circuit on the same premises or between premises within a building or on continuous property, the rates in 4. following apply. (T)

3. Terminals of the circuit on different premises on non-continuous property:

- a. All terminals within same central office area:

- (1) Local circuits furnished between each circuit terminal location and the central office normally serving such location.

A local circuit is comprised of two rate elements.

When local circuits are provided in those central office areas that are not designated in Paragraph 3, apply a local loop charge and a service area function charge as follows:

	Monthly Rate	USOC
(a) Local Loop	\$19.05	1LLBJ ^{1/1}
(b) Service Area Function		
- Off-premises extension station	2.45	OPEXX
- Off-premises PBX main or extension station	7.95	OPENS
Two-wire interface with effective two-wire facilities furnished for PBX off-premises main and extension stations capable of operating over loops with resistance up to 1300 ohms (with Signaling Arrangements as covered in Part 8, Section 8 of this tariff	7.95	OPERS

/1/ Additional codes appear in departmental practices.

Issued: November 19, 2007

Effective: November 19, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

PART 4 - Exchange Access Services
SECTION 5 - Other Exchange Access Services

Original Sheet No. 18

2. CIRCUITS (Cont'd)

B. Monthly Rates (Cont'd)

4. Terminals of the circuit on different premises on non-continuous property (Cont'd):

a. All terminals within same central office area (Cont'd):

(2) The minimum charge for a circuit confined to the same central office area is equal to the monthly rate for two local circuits, except as follows:

(a) When a local circuit can be bridged to the associated exchange service in the normal serving central office, no chargeable local circuit is required between that central office and the main station location.

(b) When the exchange service rate includes the provision of the circuit between the main location and the central office normally serving that location, a separate local loop charge is not applicable; however any appropriate service area function charge applies.

b. Terminals in different central office areas:

(1) Local circuits furnished between each circuit terminal location and the central office normally serving such location.

A local circuit is comprised of two rate elements.

When local circuits are provided in those central office areas that are not designated in Paragraph 3, apply the local loop charge and a service area function charge as follows:

(a) Local Loop

For monthly, see a-(1)-(a) preceding.

	<u>Monthly Rate</u>	<u>USOC</u>
(b) Service Area Function		
- Off-premises extension station	\$14.10	OPUYY
- Off-premises PBX main or extension station	10.50	OPUND
