SUBJECT: ROCKY MOUNTAIN EXPRESS (REX) EAST

**Comments of the Ohio Power Siting Board:**

*"In consultation with the ODNR-DNAP, the Board requests that an alternative that avoids Caesar's Creek State Park and Crosses the Little Miami below the reservoir be considered as a preferred route... This alternative route that crosses the Little Miami State and National Scenic River south of Caesar's Creek State Park would avoid any impacts to the state park."* Visit FERC: [www.ferc.gov](http://www.ferc.gov).) Docket Number: CP-07-208-000. *The Comments of The Ohio Power Siting Board.* View Attachment B, Little Miami Alternative Route.

**Please help make my opinion count.** I support the above recommendation of the Ohio Power Siting Board and ODNR-DNAP. Please make sure that REX Pipeline is kept out of Caesar's Creek State Park.

Sincerely,
