F. Blocking Service or a telephonic block can only be removed pursuant to a written request by the customer of record, or the customer of record providing the correct password over the telephone, or by a request made in person by such customer. The customer of record can provide a personal password to use to remove blocking service at the time blocking service is established.

G. Call Waiting with Caller ID
Enhances the Caller ID and Call Waiting features. Provides the Customer with the name and/or number of another incoming call while the Customer already has one call in progress. The name and/or number is displayed on the incoming call after the first sending call waiting tone. Customer's handset must support Call Waiting with Caller ID.

H. Distinctive Ring
Allows the Customer to have multiple Dialed Numbers ("DN") on a single line. Each DN has a unique ringing patten and does not require additional line terminations. Only 2 DNs may be assigned to a line and only 2 ring types (patterns) are available. DNs must be from the same rate center.

Explanation of how Applicant intends to comply with Rule 4901:1-6-05(G)(3) regarding disclosure of rates, terms, and conditions for detariffed services:

One Communications will post its rates, terms, and conditions for detariffed services on its web site. This information will be found at:

<CustomerProper>
Attn: <FirstName> <LastName>

<CityProper, <STATE> <ZIP>

Dear <FirstName>:

Beginning on April 2, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by Choice Communications of Ohio Inc. d/b/a One Communications ("One Communications") will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

These business services include: all bundled products, all long distance and toll services, toll-free services, calling cards, directory assistance, operator services, all DS-0 and T-1 products, as well as some features.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. One Communications must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in the One Communications Ohio Product Guide online at <http://www.onecommunications.com/legal/one-tariffs.aspx> or you can request a copy of this information by contacting the One Communications Customer Care Center, 100 Chestnut Street, Suite 600, Rochester, New York 14604 or at the toll-free telephone number 1.800.962.2488.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call One Communications at 1.800.962.2488 or visit us at www.onecommunications.com.

Sincerely,
Choice One Communications of Ohio Inc. dba One Communications
