Re: Case No. 08-512 EL-PEB

Dear Ms. Jenkins:

Enclosed you will find an original and 8 copies of a joint petition from Tricounty REC and The Toledo Edison Company for reallocation of electric service territory. After assigning a case number, please docket the original and 5 copies of this petition under that new case number. Please return two (2) time-stamped copies for my records and one (1) time-stamped copy to Tricounty REC in the enclosed, self-addressed envelopes.

Any questions concerning this matter can be directed to me at (330) 384-4504.
Thank you.

Sincerely,

Roy Ledden
Sr. Consultant

Requesting Electric Supplier: The Toledo Edison Company

CASE NO.: _____ - _____ -EL-PEB

PETITION FOR REALLOCATION OF ELECTRIC SERVICE TERRITORY

Submit the original and five (5) copies of the petition and associated metes & bounds / detailed description, map and/or overlap sheets indicating proposed reallocation.

Affected PUCO Map No(s):	C7 - Napoleon East Quadrangle
--------------------------	-------------------------------

County(s):	Henry	Township(s):	Liberty
------------	-------	--------------	---------

Reason for Reallocation:	A portion of CR 8C (Henry County Road) will be abandoned in connection with the widening and relocation of US 24, and the creation of a new wetlands north of US 24. Toledo Edison distribution facilities adjacent to the abandoned portion of CR 8C will be removed as part of this process, thereby making it impracticable and uneconomic to extend new distribution facilities to serve two Toledo Edison customers located north of the wetlands area and the relocated US 24. It would be more economic for these customers to be served by facilities from Tricounty REC
--------------------------	--

Metes & Bounds / Detailed Description of Reallocation:	Located in Henry County, in Liberty township, on County Rd. 8C between existing US 24 & County Rd. S. (See attached map)
--	--

Are all affected customers aware of the proposed reallocation? Yes No
 Are all affected customers in agreement with proposed reallocation? Yes No

If no to either question, please explain:
