4. The exchange areas included in the Toledo Metropolitan Area are as follows:

Toledo	Perrysburg
Holland	Whitehouse
Maumee	

**7.32 Ohio Zones of Wheeling Area Exchange Area
(From Tariff No. 1, Section 5(D), page 167.)**

1. Description

The Wheeling Area Exchange Area consists of three zones located in Ohio, and four zones located in West Virginia and operated by the Chesapeake and Potomac Telephone Company of West Virginia.

2. Message Between Zones

All messages from stations of each of the Ohio zones to other stations of the Wheeling Area Exchange Area are considered to be local messages.

3. Foreign Zone Service

- a. Where exchange service is furnished to a customer located in a zone within Ohio through a control office of a zone within Ohio other than that regularly services the zone of which the Customer is located, the regulations, rates and charge for foreign central office service are applicable.

Issued: November 20, 2002

Effective: December 20, 2002

BY: William A. Haas
Vice President and Deputy General Counsel
One Martha's Way, P.O. Box 3177
Hiawatha, Iowa 52233

Issued under authority of the Public Utilities Commission of Ohio, dated March 16, 2000, in Case No. 99-972-TP-ACE.

7.0 Grandfathered Services/Products (cont'd)**7.32 Ohio Zones of Wheeling Area Exchange Area (cont'd)**

- b. Where exchange services is furnished to a customer in an Ohio zone through a central office in a Wet Virginia zone or to a customer in a West Virginia zone through a central office in an Ohio zone, the portion of the facilities in Ohio are furnished as covered in 3-a above. For the portion of the facilities located in West Virginia, charges apply as specified in the intrastate tariff of The Chesapeake and Potomac Telephone company of West Virginia.
- 4. **All other circuits and Channels**
 - a. Where the terminals of the circuit or channel are located in Ohio and in the same or in different zones, circuit rates apply as specified for circuits or channels "within the same exchange area".
 - b. Where the terminals of the circuit or channel are located in zone in Ohio and in a zone in West Virginia, the provisions of 4-a above apply to the portion of the facilities in Ohio. For the portion of the facilities in West Virginia, charges apply as specified in the intrastate tariff of the Chesapeake and Potomac telephone company of West Virginia.
- 5. In the application of rates and charges for other items of service included in this tariff or the Private Line Service Tariff and with respect to the application of message toll telephone services rates or any other matter covered by any other telephone Company tariff, the terms "zone" and "zone area" as used in this paragraph have the same meaning as the terms "exchange" and "exchange area".

Issued under authority of the Public Utilities Commission of Ohio, dated March 16, 2000, in Case No. 99-972-TP-ACE.

7.0 Grandfathered Services/Products (cont'd)7.38 Residential Services (Moved from 53, 53.1, 112, 113, 114, 145.1 and 145.2) (N)

Effective June 30, 2007, Residential Packages are no longer available to new customers. Existing customers will be able to add, change, or remove features where available consistent with Sections 5.1et al and 5.3.3et al of this tariff. (N)

A Description - Residential (M)Residential Product H: Additional Line

Residential Product H consists of local line switched service, 900 Blocking and a Primary Directory Listing. This Additional Line is only available when a customer has a McLeodUSA Preferred Advantage Package or ADSL product that is currently being offered. If the Additional Line remains after a McLeodUSA Preferred Advantage Package or ADSL product is cancelled, McLeodUSA will change the Additional Line product to an alternate package. The customer will be responsible for all associated non-recurring charges. This product is only available when McLeodUSA provides services using its own local switching facilities (see Section 7.38(C) for availability).

Residential Package D - Value Preferred® Select Package

Residential Package D consists of local line switched service, 900 Blocking, Wire Care*, Primary Directory Listing and a choice of seven (7) of the following features: Basic Voice Mail*, Call Waiting, Call Waiting ID, Caller ID Name and Number, Call Forward Variable, Call Forward Busy, Call Forward Don't Answer, Call Transfer, Anonymous Call Rejection, Call Screening, Continuous Redial, Last Call Return/Callback, Speed Call 8 and Three Way Calling. This package is only available when McLeodUSA provides services using its own local switching facilities. This package is only available when McLeodUSA provides services using its own local switching facilities and only in the Central Offices noted in Section 7.38(C).

Note: Some features may not be available in all areas.

* Asterisk denotes non-regulated services. (M)

7.39 Long Distance and Toll Free Packages - Business (Moved from 65, 65.01, 65.1, 120, 120.01, 120.1, 120.2, 120.3, 120.3A, 120.3B, 120.3C, 120.3D, 121, 121.1, 121.1A, 121.1B and 121.1C) (N)

Effective February 18, 2008, these Business Long Distance and Toll Free packages in this Section 7.39 are for existing customers of record at existing locations, and are no longer available to new customers. (N)

A. Descriptions - Business (M)

Long Distance Interexchange Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate and terminate interexchange calls at locations within the state of Ohio. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® long distance services, usage charges are based on the duration and time of day of each call when applicable. Where Customer's local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer's local lines at a Customer location are served by McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

Long Distance Preferred Advantage® Packages consist of a bucket anytime minutes used by the Customer for both incoming and outgoing domestic long distance calls. Long distance minutes used in excess of the bucket of minutes shall be billed at the "overage rate per minute." Preferred Advantage® Inter/Intrastate Plan Plus is available to Business Customers.

Preferred Advantage® Dedicated Long Distance Plus provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

Preferred Advantage® Flat Rate Long Distance provides switched outbound 1+ long distance at one per minute rate for calls placed at any time of day.

Preferred Advantage® Long Distance Plus provides switched outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage. (M)

Long Distance Interexchange Services**Time of Day****Day Time Period**

7:00 am through 6:59 pm Monday through Friday;

Evening/Weekend Time Period

7:00 pm through 6:59 am Monday through Friday, all day Saturday and Sunday.

Holidays Rates

Holiday rates are applicable from 12:00:00 am to 11:59:59 pm on the following holidays: New Years Day; Martin Luther King Junior's Day; Presidents Day; Memorial Day; Independence Day; Labor Day; Columbus Day; Veterans Day; Thanksgiving Day; Christmas Day.

Emergency Services Calling Plan

Customers may be credited for certain calls to emergency services as set forth in Case Nos. 85-1466-TP-COI and 89-54-TP-COI.

800 Services

McLeodUSA Preferred Advantage® 800 services are inward WATS services that permit intrastate calls to a customer's station in one location from stations in diverse geographical locations, and for which the McLeodUSA customer is billed for the calls rather than the call's originator. Unless otherwise specified, all McLeodUSA 800 calls are subject to a 30-second average connect time (i.e., total monthly minutes of use divided by total monthly calls must equal at least 30 seconds) for a given terminating service group. All calls are rounded up to the next higher increment. In the event that 800 calls do not meet the 30-second average connect time requirement, billable usage will be increased by a surcharge equal to the necessary number of minutes at the average cost per minute to meet the 30-second requirement. In addition, Customers may also order Originating ANI Sorting, which provides the Customer with a detailed monthly analysis of the originating telephone numbers of those placing 800 calls. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® toll Free services, usage charges are based on the duration and time of day of each call when applicable. Where Customer's local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer's local lines at a Customer location are served by McLeodUSA.

800 Services

Preferred Advantage® Inter/Intrastate Toll Free Plus is available to business Customers that subscribe to Preferred Advantage® Inter/Intrastate Plan Plus.

Preferred Advantage® Dedicated Toll Free Plus provides dedicated inbound long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

Preferred Advantage® Business Flat Rate Toll Free provides switched inbound 1+ long distance service for business customers at one per minute rate for calls placed at any time of day. A monthly recurring charge will be assessed per Toll Free number. This service is only available to customers subscribing to Preferred Advantage® Business Flat Rate Long Distance.

Preferred Advantage® Toll Free Plus provides switched inbound 1+ long distance service to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance. This service is only available to customers subscribing to Preferred Advantage® Long Distance Plus.

Rate Table 4: Long Distance Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate calls from their telephone line and terminate calls to domestic (intrastate and interstate) and international points. All long distance calls will be recorded and all calls will be billed using the Overage Rate minutes will be billed in 6-second increments for business customers. All residential long distance calls will be recorded and billed in one-minute increments. All lines at a customer location must be PIC'ed to McLeodUSA for long distance service. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

The long distance service minutes included in the Preferred Advantage® Long Distance Packages apply to domestic intrastate calls, and to domestic interstate and to international calls as specified by McLeodUSA pursuant to federal regulation. Long Distance Packages exclude toll free, calling card, conference calling, and international usage. Customers not subscribing to a long distance package shall pay the overage rate per minute for all calls. Customers using more than the number of minutes in their selected long distance package for that particular location shall be charged a per minute overage rate for each minute of long distance usage in excess of the total minutes in the selected long distance package. For example, if a Business Customer has selected a 1,000 anytime LD minute package at Location A, and that Customer uses 1,005 minutes of long distance services in July at Location A, then the Customer's August invoice will reflect an additional usage sensitive charge for the 5 minutes of overage long distance usage billed at the overage rate/minute set forth below. Customers may increase or decrease the size of their long distance package once a month without a non-recurring charge after having service for a minimum of ninety days. Any changes will become effective with the following billing cycle. All lines at a customer location must be PIC'ed to McLeodUSA for long distance service package.

Preferred Advantage® Inter/Intra State Long Distance provides switched outbound 1+ long distance services for Business Customers. All lines at a customer location must be PIC'ed to McLeodUSA for long distance service package.

Preferred Advantage® Dedicated Long Distance Plus provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

(M)

Rate Table 4.1.4: Preferred AdvantageSM Dedicated Long Distance Plus

This service is available to business customers that bill over 50,000 minutes of long distance usage per month (i.e., both inbound and outbound Long Distance) and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customer's call. Calls are billed in 6-second increments, with a 6-second minimum. Customer will be subject to an additional port charge of \$500 in any month in which Customer's total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or originating carrier. Preferred Advantage Dedicated Long Distance rates are based on an assumed distribution of 80% RBOC end user termination and origination and 20% non-RBOC end user origination and termination of long distance calls. If Customer's long distance calls terminate or originate more than 20% of the total long distance minutes with non-RBOC end users, McLeodUSA may in its sole discretion: (a) immediately impose an additional charge of \$0.025/minute to Customer's long distance minutes terminated to a non-RBOC end user in excess of the 20% limit; (b) impose an additional charge in excess of \$0.025/minute after providing notice to Customer of the additional charge in the event Customer's long distance calling patterns show that an additional \$0.025/minute will not recover the cost of excessive non-RBOC terminations; or (c) terminate the underlying Master Service Agreement for cause. Long Distance calls to another McLeodUSA local exchange customer shall be considered an RBOC termination for purposes of this provision.

Account Codes are available to provide customers auditing functionality for all long distance calls.

2.6 Application for Service

2.6.1 Information Required

When applying for service, each prospective Customer will be required to furnish McLeodUSA with the following information:

- A. The name of the party who will be responsible for payment for the service provided.
- B. The address or addresses or exact location of the premises where service is to be provided and billed.
- C. Any information required to make a proper determination of appropriate creditworthiness, as set forth in 4901:1-5-13 of the Ohio Administrative Code.

2.6.2 Initiation of Service

Service shall be deemed to be initiated upon the service activation date. For multi-location customers, service shall be deemed to be initiated upon service activation at the first location.

2.0 General Rules and Regulations (cont'd)**2.10 Disputes and Complaints (cont'd)****2.10.2 Complaint Procedures**

Inquiries, general questions, or complaints may be directed informally to McLeodUSA by telephone, in person, or in writing at McLeodUSA's office located at One Martha's Way, P.O. Box 3177, Hiawatha, Iowa 52233. Business customers can reach McLeodUSA's customer service department by dialing toll-free: 1-800-593-1177. Residential customers can reach McLeodUSA's customer service department by dialing toll-free: 1-800-500-3543. McLeodUSA's customer service department accepts calls on a twenty-four-hour-a-day basis. Complaints concerning the charges, practices, facilities, or services of McLeodUSA will be investigated promptly and thoroughly. McLeodUSA will keep records of each complaint showing the name and address of the complainant, the date and nature of the complaint, its disposition, and all other pertinent facts dealing with the complaint that will enable McLeodUSA to review and analyze its procedures and actions for at least thirty (30) days. Each Customer may file with the Commission for resolution of disputes. Each complainant will be mailed a statement of the complainant's right to contact the Commission at:

(D)

Ohio Public Utilities Commission
180 E. Broadstreet, 3rd Floor
Columbus, OH 43215
1-800-686-7826 (Voice)
1-800-686-1570 (TDD)

3.0 Description of Services Offered**3.1 Local Service****3.1.1 Nature of Service**

Local Service is a service that allows customers to originate non-toll local calls at locations within the service areas in which McLeodUSA has been approved for certification for termination within the local calling area (including any applicable EAS areas) of those locations. Subject to service availability and the package selection by the customer, Local Service may include services in addition to those required for completion of non-toll local calls (including services which may not be subject to regulation under this tariff) which are purchased as part of a bundled package.

3.1.2 Availability

McLeodUSA offers local service in the areas in which it has been certified by the Ohio Public Utilities Commission and in which McLeodUSA has available required network facilities or is able to lease required network facilities to enable the offering of service. Some features may not be available in all areas, or may slightly vary between service areas contingent on network availability or configuration. McLeodUSA will provide the most feature rich version of a feature in the bundled Local Service package available in a given market depending on network availability or configuration.

3.1.3 Local Service Packages

The standard elements of local line packages consist of local dial tone and unlimited local calling unless otherwise noted in a Service specific description. Mandatory extended area service ("EAS") is provided where applicable for the prices set forth in the Rate Tables. Customers with multiple lines at a single location may purchase different Packages for each telephone line at a particular location. A Local Line Price Adjustment ("LLPA") is applied to recover the increased costs (rate increases to specific portions of Unbundled Network Elements (UNE's) purchased from suppliers) of providing local telecommunications service.

3.1.4 Description of Features Included In Certain Local Service Packages (cont'd)

Priority Call

Provides the end user with a distinctive ring when called from pre-selected telephone numbers. Calls other than from the selected numbers are received with a standard ring pattern. Toll Free, International and 900 numbers are not programmable with Priority Call.

(N)
|
|
|
(N)

Remote Access to Call Forward

This feature allows a user at a "remote" location to activate/deactivate the call forwarding feature. The user gains remote access to the call forwarding feature from a touch tone phone at a remote location. The RACF feature uses an announcement system to provide interactive voice message prompting, which allows customers to verify the forwarded-to directory number. Changes are accomplished by remotely calling an access number, entering the appropriate line and PIN information when prompted to do so, and making any desired changes.

Speed Calling

Permits placing calls to 8 or 30 telephone numbers dialing an abbreviated code.

Three-Way Calling

The ability to add a third line to an established conversation.

Toll Restriction

Toll Restriction provides for exchange access lines to be restricted from dialing billable toll calls. Attempted violation of the restrictions are routed to an announcement.

3.0 Description of Services Offered**3.1 Local Service (cont'd)****3.1.5 Intercept Services/Referral Recording**

Intercept Services provide new number or explanatory information to callers dialing changed or disconnected numbers. The services include messages delivered either mechanically or by operator. Intercept services apply to temporary and permanently disconnected numbers. Basic Intercept and Referral Recording services are for periods up to 12 months for business customers and up to 3 months for residential customers.

Basic Intercept Service includes all intercept recordings that do not provide the new number information. New Number Referral Service includes all intercept recordings that provide the new number information.

(N)

3.1.6 Local T1 Service

The Local T1 product provide high capacity local access services, with up to 24 channels. The T1 can be configured for either two-way trunk side service (Standard Trunks), or one-way DID (DID capable) service. When DID service is ordered, direct inward dialing (DID) numbers must be purchased from the Company. Rate elements are a Module Rate Element, a Local Distribution Channel Rate Element, Optional Elements, and applicable surcharges and taxes.

3.1.7 Dynamic T-1

The Dynamic Local T1 product terminates into a customer-provided PBX or hybrid system, via a customer-provided DTI or channel bank. When DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

3.1.8 Dynamic PRI

This product is a facility-based Local PRI product. It provides businesses advanced ISDN PRI capabilities for a variety of switched and dedicated communications applications. ISDN PRI consists of twenty-three 64 Kbps B channels and one 64 Kbps D channel. The D channel is used for signaling and control of the B channels. Any spare bandwidth that is not used for voice trunks, can be used to provide point-to-point data products. The Dynamic PRI terminates into a customer-provided PBX or hybrid system, via a customer-provided Digital Trunk Interface (DTI) or channel bank. When DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

3.3 Operator Services

Operator Services is the furnishing of services for the completion of calls by consumers and customers pre-subscribed to company made with the assistance of a company operator within the state including aggregator sites and locations. Aggregator sites include, but are not limited to hotels/motels, hospitals, business, military establishments; and locations of public, semi-public, or private pay telephones. Note: Charges for these services are exempt when requested by authorized emergency personnel. Customers may receive bills directly from other operator service providers whose services the customer may use.

Busy Line Verification Surcharge – Charge to end-user to verify whether a telephone line is in use or has trouble.

Busy Line Verification Interrupt Surcharge – Charge to end-user to verify whether a telephone line is in use, and then to interrupt the end-users current phone call.

3.0 Description of Services Offered (cont'd)3.4 Preferred Advantage® Conference Calling (cont'd)3.4.2.C Standard Services available (M)

With each of the two following standard services, clients have two options:

- **Attended Call:** Facilitator monitors the conference call to add any assistance that may be needed.
- **Unattended Call:** No facilitator is present, but a facilitator is available at any time by pressing *O on the phone. (M)

3.4.2.D Basic Assisted and Event Conferencing Products (N)3.4.1.D.1 Toll Free Meet Me (M)

Participants call a pre-determined toll free number at a specified time. A conference call operator will greet the participants and ask for the name of the conference chairperson. Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. The conference fees are charged to the hosting organization.

3.4.1.D.2 Domestic Dial-Out

Conference Center facilitators dial-out to all participants prior to the scheduled conference. The hosting organization is charged the long distance and conference bridging fees. (M)

3.4.1.D.3 Local Meet Me (N)

Participants call a pre-determined toll free number at a specified time. A conference call operator will greet the participants and ask for the name of the conference chairperson. Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. Except for the LD toll charges, the conference fees are charged to the hosting organization. Each participant will be responsible for the long distance per minute charges that they incur while on the call.

3.4.1.D.4 Passcode

Passcode Conferencing provides an automated service that allows you to schedule a call in advance by a speaking to a reservationist. Each time a call is scheduled, a new access number and room number is provided to you. (N)
