Dear Valued Customer:

Beginning on April 10, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by McLeodUSA, now A PAETEC Company (PAETEC), will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

These services include:

- All business Local packages and services
- All business Long Distance and Toll packages and services
- Applicable business related features

This modification does not result in a change in the prices, terms, or conditions of those services to which you currently subscribe. PAETEC must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions, and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings online at www.paetec.com.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms, and conditions.

If you have any questions about this matter, please call PAETEC at the toll free number, 800-593-1177, or visit us at www.paetec.com. You may also visit the consumer information page on the PUCO's Web site at puco.ohio.gov for further information.

Sincerely,

PAETEC
