C. CONDITIONS

1. The Company will furnish one (1) alphabetical directory listing for each Centrex summary account, with out charge. Additional listings(s) are offered subject to the provisions set forth in the Company's catalog located at www.tdstelecom.com
2. The rates and charges shown for Centrex Service apply to the establishment of Centrex Service only. Other services may be furnished at the rates and charges set forth in the Tariffs of the Company.
3. Centrex lines that terminate in key system common equipment or other CPE that performs pooling or switching functions must be provided in a "squared" arrangement in order to retain Centrex tariff rates. A "squared" arrangement is one in which the number of Centrex lines equals the number of stations/lines served by the key system common equipment or the CPE switched/pooling equipment. If the number of stations served by the key system common equipment or the CPE switching/pooling equipment exceeds the number of Centrex lines, the Centrex lines will be rated at the appropriate Key Trunk, or PBX Trunks rate as found in Tariff M.P.S.C. No. 1 of this Tariff.
4. The business customer may choose to pay for the service on a month-to-month basis or under a service contract plan for the periods of 12, 24, 36, 48, or 60 months. A month-to-month business customer may, at any time, convert to a service contract plan by paying the applicable service period plan rate currently in effect.
5. The monthly rate for customers choosing the service period plan is guaranteed against Telephone Company initiated changes during the selected service contract period.

6. Subsequent line additions/deletions to the original service contract period are stipulated as follows:
 - a. Subsequent additions will be added to an existing contract, based upon the remaining period of the initial contract. If the line additions cause the customer's total Centrex line count to exceed the threshold of the line count previously contracted, all lines will be billed at the rate for the larger line count.
 - b. Subsequent line deletions, resulting in reductions equal to or exceeding 20% of the initial quantity of lines under contract, will be considered a termination liability and treated as specified in E.9. below. If the reduction causes the total number of lines to fall into a different line size group, all remaining lines will be billed at rates for the smaller line size group.

D. LIABILITY OF THE TELEPHONE COMPANY

The liability of the Telephone Company for interruptions in or failure of service provided under the Centrex Service Tariff or for any damages arising from the provision of service is provided for in Section 2.

Failure to maintain the contracted for Centrex Lines on a monthly basis, as specified in the Service Contract Plan selected by the customer, will result in billing to the customer for unused lines. This billing will be based on the contracted for number of Centrex lines, less the number of lines in service at the end of the month, times the lesser or:

- 1) The difference between the amount the customer would be charged had the one (1) month rate been selected and what would have been charged under the selected service contract plan payment period for the line; or,
- 2) The originally selected Service Contract Period monthly rate times fifty percent.

c. Moves

Moves of the primary location within the LATA will be subject to termination liability except when the move is within the same serving wire center area and the customer subscribes to the same or greater number of lines.

Moves of secondary locations to a non-continuous property location do not constitute termination of the Centrex Service Agreement.

After 09/10/09, Tier 1 Non-Core rates can be increased to a maximum cap of double the initial rate, other than the second local exchange access line and call waiting, which are limited to a ten percent increase per year until they cap at double the initial rate. CENTREX SERVICE

C. CONDITIONS

1. The Company will furnish one (1) alphabetical directory listing for each Centrex summary account, with out charge. Additional listings(s) are offered subject to the provisions set forth in the Company's catalog located at www.tdstelecom.com
2. The rates and charges shown for Centrex Service apply to the establishment of Centrex Service only. Other services may be furnished at the rates and charges set forth in the Tariffs of the Company.
3. Centrex lines that terminate in key system common equipment or other CPE that performs pooling or switching functions must be provided in a "squared" arrangement in order to retain Centrex tariff rates. A "squared" arrangement is one in which the number of Centrex lines equals the number of stations/lines served by the key system common equipment or the CPE switched/pooling equipment. If the number of stations served by the key system common equipment or the CPE switching/pooling equipment exceeds the number of Centrex lines, the Centrex lines will be rated at the appropriate Key Trunk, or PBX Trunks rate as found in Tariff M.P.S.C. No. 1 of this Tariff.
4. The business customer may choose to pay for the service on a month-to-month basis or under a service contract plan for the periods of 12, 24, 36, 48, or 60 months. A month-to-month business customer may, at any time, convert to a service contract plan by paying the applicable service period plan rate currently in effect.
5. The monthly rate for customers choosing the service period plan is guaranteed against Telephone Company initiated changes during the selected service contract period.

C. CONDITIONS (Continued)

6. Subsequent line additions/deletions to the original service contract period are stipulated as follows:
 - a. Subsequent additions will be added to an existing contract, based upon the remaining period of the initial contract. If the line additions cause the customer's total Centrex line count to exceed the threshold of the line count previously contracted, all lines will be billed at the rate for the larger line count.
 - b. Subsequent line deletions, resulting in reductions equal to or exceeding 20% of the initial quantity of lines under contract, will be considered a termination liability and treated as specified in E.9. below. If the reduction causes the total number of lines to fall into a different line size group, all remaining lines will be billed at rates for the smaller line size group.

D. LIABILITY OF THE TELEPHONE COMPANY

The liability of the Telephone Company for interruptions in or failure of service provided under the Centrex Service Tariff or for any damages arising from the provision of service is provided for in Section 2.

8. Service Contract Plan

- a. The monthly rate for Centrex service under the term payment plan for the periods of 12, 24, 36, 48, or 60 months is subject to Company initiated rate increases. The Public Service Commission of Ohio ordered rate changes supersede the rates, terms, and conditions of this Tariff.

9. Termination Liability

Termination liability for all or part of Centrex Service is as follows:

a. Full Termination

Discontinuance of entire Centrex service within the initial service contract period will be calculated as the lesser amount of the following:

- 2) The remaining number of months times the originally selected contract period monthly rate times fifty percent.

Under either of the above options, the termination calculation applies only the Centrex line rate and the number of lines the customer has selected under the Service Contract Plans.

b. Partial Terminations

Failure to maintain the contracted for Centrex Lines on a monthly basis, as specified in the Service Contract Plan selected by the customer, will result in billing to the customer for unused lines. This billing will be based on the contracted for number of Centrex Lines less the number of lines in service at the end of the month times the lesser of:

- 1) The difference between the amount the customer would be charged had the one (1) month rate been selected and what would have been charged under the selected Service Contract Plan payment period for the line; or,
