

07-1112-WS-AIR

To whom it may concern,

Enough is Enough! Our water here in Huber Ridge is some of the worst quality water in the area. We also pay the highest water bills in the area. Most people in the surrounding areas pay for 3 months, what we pay for one month. The quality of water has only increased slightly in the past 7 years that I have lived in Huber

Ridge. Before, the water was brown a number of times a month, now, not as often. Without improvement of the water's quality, we definitely are opposed to the high increase that is expected to come. I hope that all our neighbors help to reduce the increase in the future. An increase like this is absurd and we are speaking out against it.

Sincerely
The Carpage Family
