Re: Consulting Party-Rockies Express Pipeline

Dear Ms. Bose,

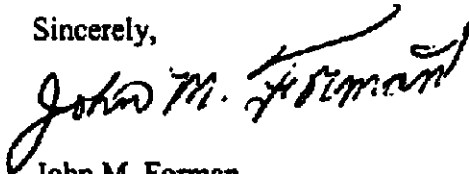

Recently, my historic consultant, George Gleason, and I visited David Snyder at the Ohio Historic Preservation Office. Mr. Snyder was of the opinion that I was a consulting party in the Section 106 process as it relates to my historic property.

On March 14, 2008, after our conference call with you, I wrote you a letter asking the expected time I would receive a written response to these questions:

1. Consulting party status
2. Name of the Agency Official
3. FERC's intentions relative to Section 800.14

Please give me a written response to my questions before I seek legal advice.

Sincerely,

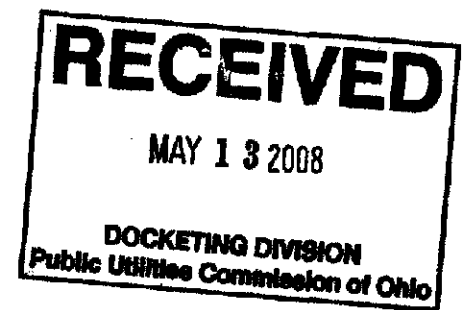

John M. Forman
