RE: Docket No. CP07-208-000
Rockies Express Pipeline LLC, REX-East Project

On behalf of the City of Monroe Planning Commission, we are requesting a ruling on the safety issues outlined in previous complaints sent to the commission. The applicant REX has submitted bid packages and expects to begin work in 60 days. We do not feel adequate attention is being given the issues at hand. We have treated them as any other business that would be coming to the City. We are not asking anything from them that any other perspective business would be required to have and as such we respectfully request you rule in favor of The City of Monroe and the safety of our residents.

Thank You

Bob Kelley
City Council
Planning Commission
City of Monroe
