To Who It May Concern:

This letter is to protest the ridiculous increase in our water utility bill from Ohio American Water Company.

Why is it that this company can arbitrarily decide the need to increase their profits by going after more money from their customers? What has Ohio American Water done to make their water supply 31.86% better than last year?

In these very tough economic times Ohio American Water need to pursue other avenues to find more money. If they are in such dire straits, sell the company to someone who can manage it better! Don't take more money from the people that can't afford it!

Sincerely,

*Mark & Lori Munyan*
