COMPLAINT DESCRIPTION:

I vehemently oppose the proposed increase in rates as displayed in the Springfield News- Sun this May 26, 2008. As a retiree on a fixed income and taking into account all of the price increases in recent months allegedly due to the crude oil debacle I find it unforgiving for any entity to request higher rates on utilities. All my windows have been replaced with energy efficient ones and during the winter I set my thermostat at 65 degrees which has a tendency to be chilly. I wear more clothes to compensate and I am one of the more fortunate citizens of this fine state. Please reconsider increasing natural gas rates for the sake of the public. I feel for Columbia Gas of Ohio unable to make the kind of profit that they would like but there has to be some humanity in this world that we live in. Regards, Clifford VanArsdale
