RE: Amendment to change to a portion of the boundary between Two Exchanges of AT&T Ohio

Case No. 08-197-TP-ACB
90-5032-TP-TRF

Dear Ms. Jenkins:

On March 4, 2008, AT&T Ohio filed an application to change a portion of the boundaries between two AT&T Ohio exchanges. On March 26, 2008 AT&T Ohio filed updated maps related to this application. Today, AT&T Ohio hereby files this amended letter to revise the description of the modified boundaries to include additional detail as requested by the Commission Staff.

The boundary change involves a new residential development called "Sebastian Hills Estates" which includes a golf course. As the Jamestown Exchange has limited resources to provide service to this development, the customers in this new subdivision will be more effectively and economically served from the Xenia Exchange.

The area affected by this change is 35,000' from the Xenia Central Office and 26,680' from the Jamestown Central Office. Presently customers are now being served from the Xenia (XENIOH37) Central Office. The boundary line runs 150 west of the C/L of New Jasper Paintersville Road and travels south 1,919' then northeast 1,824' then north 3100' to Jasper Road where it connects with the old boundary. This change will appear in the west central area of the Jamestown Exchange map and on the east central side of the boundary line on the Xenia exchange map.

The Company confirms that this change will not adversely affect the service being furnished to any existing subscriber.

If you have any questions about this filing, please call me at the number shown above.

Respectfully submitted,

cc: Ken Rogiers
