Sheet Numbering - Sheet numbers appear in the upper right hand corner of the page. Sheets are numbered sequentially and from time to time new pages may be added to the Tariff. When a new page is added between existing pages, a decimal is added to the preceding page number. For example, a new page added between Sheets 3 and 4 would be numbered 3.1.

Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1.
2.1.1.
2.1.1.A.
2.1.1.A.1.
2.1.1.A.1.(a).
2.1.1.A.1.(a).I.
2.1.1.A.1.(a).I.(i).
2.1.1.A.1.(a).I.(i).(1).

Check Sheets - When a Tariff filing is made with the Commission, an updated check sheet accompanies the Tariff filing. The check sheet lists the pages contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision, all revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it. The Tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

2.10. Tax and Fee Adjustments

2.10.1. When any municipality, or other political subdivision, local agency of government, or department of public utilities imposes upon and collects from the Company an occupation tax, license tax, permit fee, franchise fee or regulatory fee, such taxes and fees shall, insofar as practicable, be billed pro rata to the Company's Customers receiving service within the territorial limits of such municipality, other political subdivision, local agency of government.

2.10.2. The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amount it is required by governmental or quasi-government authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, compensation to payphone service providers for use of their payphones to access the Company's services.

2.11. Method for Calculation of Airline Mileage

2.11.1. The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) coordinates of the serving wire centers associated with the Company's POP locations. The method for calculating the airline mileage is obtained by reference to AT&T's Tariff F.C.C. No. 10 in accordance with the following formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

where V1 and H1 correspond to the V&H coordinates of City 1 and V2 and H2 correspond to the V&H coordinates of City 2.

Example:	<u>V</u>	<u>H</u>
City 1	5004	1406
City 2	5987	3424

$$\sqrt{\frac{(5004 - 5987)^2 + (1406 - 3424)^2}{10}}$$

The result is 709.83 miles. Any fractional miles are rounded to the next higher whole number; therefore, the airline mileage for this example is 710 miles.

IMPORTANT RESIDENTIAL CUSTOMER NOTICE

May 14, 2008

Dear Valued Subscriber:

Beginning on May 29, 2008, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by Cheap2Dial Telephone will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Cheap2Dial Telephone must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings online at www.c2dsupport.com or you can request a copy of this information by contacting Cheap2Dial Telephone at P.O. Box 1503, Washington, MO 63090 or toll-free at (866) 600-9455.

Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Cheap2Dial Telephone at the toll free number (866) 600-9455 or contact us at questions@c2dsupport.com. You may also visit the consumer information page on the PUCO's website at puco.ohio.gov for further information.

Sincerely,

Cheap2Dial Telephone, LLC
