In the Matter of the Application of)
Columbia Gas of Ohio, Inc. and)
Consumers Gas Cooperative for Approval)
of the Transfer of Assets and Customers)
)

Case No. 08-140-GA-ATR

JOINT APPLICATION FOR TRANSFER OF ASSETS AND CUSTOMERS

Now comes Columbia Gas of Ohio, Inc. ("COH") a public utility within the meaning of Section 4905.02, Revised Code, and a natural gas company within the meaning of Section 4905.03(A)(6), Revised Code, and Consumers Gas Cooperative ("CGC"), a not-for-profit member-owned natural gas cooperative and subject only to the pipeline safety jurisdiction of this Commission, who respectfully request expeditious approval of the transfer, subject to the terms and conditions of this Joint Application and the transition plan described below to CGC of approximately 3,499 natural gas consumers (the "Subject Consumers") currently being served by COH in Belmont, Coshocton, Cuyahoga, Fairfield, Gallia, Guernsey, Hocking, Holmes, Jackson, Knox, Lawrence, Licking, Lorain, Medina, Meigs, Monroe, Morgan, Muskingum, Noble, Perry, Richland, Stark, Summit, Tuskarawas, Vinton, Washington, Wayne counties, together with the meters, regulators and related appurtenances attached to the Subject Consumers' service lines. The Subject Consumers are listed on Exhibit A, which is attached hereto and incorporated as part of this Application. In support of the above request, COH and CGC make the following statements:

1. COH provides natural gas sales service to approximately 1,421,000 customers located in Ohio through an extensive distribution network which interconnects at various points with gathering and transmission lines. The Subject Consumers are a very small percentage of the COH customers served and are located in rural portions of Eastern Ohio in areas where there is natural gas production, but no urban distribution pipeline network.

2. Currently, the Subject Consumers purchase their natural gas from COH, which obtains the gas supplies from low pressure gas lines whose principle purpose is to gather natural gas from Ohio production wells. All of the Subject Consumers are directly or indirectly connected to these gathering lines.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician SM Date Processed 6/17/08

3. The gathering lines through which COH obtains the gas to serve the Subject Consumers were historically owned by Columbia Gas Transmission Corporation, but these gathering lines in the area serving the Subject Consumers were purchased by and are currently owned by Gatherco, Inc. ("Gatherco"), an Ohio corporation that operates a gathering system for Ohio produced natural gas. Gatherco acquired approximately 1,800 miles of natural gas gathering lines from Columbia Gas Transmission Company effective November 1, 1997, which gathering lines were determined by FERC to be a natural gas gathering system in its order of April 17, 1997, recorded at 79 FERC ¶61,045. The order includes a declaratory order determining that the gathering lines will not be subject to FERC jurisdiction after the Columbia Gas Transmission sale. Gatherco acquired an additional 200 miles of gas gathering system from Columbia Gas Transmission in early 2000. These lines were determined to be non-jurisdictional gathering lines in the FERC order of February 20, 2000 recorded at 90 FERC ¶61,211).

4. The same gathering lines owned by Gatherco which supply gas to COH for the Subject Consumers also supply natural gas to CGC for sale to its numerous rural cooperative members. It therefore would be efficient for these Subject Consumers to switch from being COH customers to becoming members of CGC.

5. The Subject Consumers are supplied natural gas by CGC via these gathering lines. COH now does not own, nor did it ever own, the gathering lines. Thus, the only regulatory assets being transferred with the Subject Consumers are the individual meters and regulators used to serve the Subject Consumers and any related appurtenances attached to the meters and regulators.

6. CGC is not associated with, affiliated to, or owned by COH or its parent or subsidiaries.

7. CGC is a not-for-profit, member-owner natural gas cooperative formed to provide natural gas service to its members in rural areas in Ohio. CGC has approximately 850 members and supplies gas only to its members. As a cooperative, CGC is not a jurisdictional natural gas company pursuant to Section 4905.02(B), Revised Code, and, as such, is not subject to Commission rate regulation. CGC is subject to the Commission's gas pipeline safety jurisdiction pursuant to Section 4905.90 et. seq. Because CGC may only supply gas to its members, the requested transfer of the Subject Consumers shall be effective only when each consumer becomes a member of CGC, which is an entirely voluntary act on behalf of each consumer.

8. The natural gas being used to supply the Subject Consumers today physically comes from the Gatherco, Inc. gas gathering lines. With the transfer of the customers from COH to CGC, that path of physical delivery of the gas will not change.

9. CGC has entered into an agreement with COH by which, subject to approval of this Application, CGC will acquire the meters, regulators and appurtenances used to serve the Subject Consumers, effective upon each consumer becoming a member of CGC. A copy of the Purchase and Sale Agreement, submitted under seal as part of this Application, has been marked as Exhibit B, under which the right and obligation to serve the approximately 3,499 customers will be transferred from COH to CGC. Upon approval of this application, CGC will promptly invite the Subject Consumers to become members of CGC.

10. COH and CGC believe that in light of the fact that since neither COH nor its affiliates own the gas gathering lines, or have a large physical presence in the service area surrounding the Subject Consumers, it will be more efficient to transfer the Subject Consumers to a locally owned and operated entity with a strong local presence. CGC is a member-owned cooperative and thus by definition would be locally owned and operated.

11. As of the Effective Date, CGC shall have the contractual obligation to provide natural gas service through the Assets to the Accounts identified in Exhibit A until the transition period ends. The transition plan contains a schedule of activities, notices and meetings designed to make the transition from service by COH to service by CGC as seamless and transparent as possible. The transition plan also calls for customers to be notified of this acquisition. Each customer has been invited to join and become a member of the Consumers Gas Cooperative so that each can participate in the election of a board of trustees and may continue to receive uninterrupted service. The relevant terms of the transition plan are described in more detail in Exhibit C which is attached hereto and incorporated in as part of this application. Subject Consumers who become members of CGC will continue to receive gas service from CGC. Subject Consumers who elect not to become members of CGC within the transition period and after receiving multiple notices, including the notice attached as Exhibit D, will, immediately upon the expiration of the said transition period, cease to be entitled to gas service from CGC and will be disconnected from the natural gas lines currently serving such Subject Consumers. Thereupon, such Subject Consumers shall have no further claim for service provided by CGC.

12. Any and all cost, fees, expenses related to or in any way arising from CGC's administration of any Accounts transferred by COH herein shall be solely the obligation of CGC and without the right of any contribution, remuneration, or set-off of the Purchase Price by COH.

13. As of the Effective Date, COH will be released from any regulatory obligation of servicing the Subject Consumers and CGC shall have a contractual obligation to provide natural gas services to all Subject Consumers until the transition period ends regardless if Subject Consumers elect to become a member of CGC, notwithstanding that CGC is not a jurisdictional natural gas company pursuant to Section 4905.02(B), Revised Code.

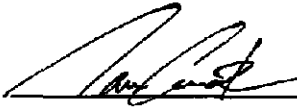

14. COH and CGC submit that the proposed transfer of Assets and Accounts identified in Exhibit A, attached hereto, is in the public interest, is reasonable and should be approved.

15. CGC proposes to provide Subject Consumers with a notice (Exhibit D) of this Joint Application promptly after the Commission approves this Joint Application for Transfer of Assets and Customers requesting Subject Consumers to become members of CGV and advising them of a phone number the Subject Consumers can call for more information or to answer questions.

16. WHEREFORE, the joint applicants respectfully request that the Commission (a) approve the final Purchase and Sale Agreement (Exhibit B); (b) approve the transition plan (Exhibit C); (c) approve the transfer of the meters and regulators used to serve the Subject Consumers; (d) recognize that CGC shall after the Effective Date commence providing service to the Subject Consumers as a non-regulated energy cooperative; (e) retain gas pipeline safety jurisdiction over the pipeline facilities used to serve Subject Consumers; (f) release COH from any further obligation to serve the Subject Consumers as of the Effective Date; and (g) provide the joint applicants with any other appropriate relief.

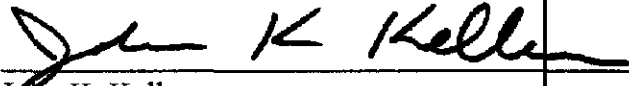

Respectfully submitted,

COLUMBIA GAS OF OHIO, INC.

Exhibit B
Purchase and Sale Agreement

Exhibit C
Transition Plan

TRANSITION PLAN

1. Day 1 – Commission approves Joint Application for Transfer of Assets and Customers.
2. Day 2 – Meet with Commission Staff to finalize Notice to be sent to Subject Consumers by mail.
3. Day 3 – Meeting between Columbia and CGC to review Columbia's records to see if any of the Subject Consumers have special service or medical conditions listed. If so address those cases individually.
4. Day 5 – Send out individual correspondence requesting Subject Consumers to become members of CGC, and advising them of a phone number the Subject Consumers can call for more information or to answer questions. The notice will indicate that if Subject Consumers do not elect to become members of CGC, they will be disconnected from the natural gas lines by no later than Day 70. Such Subject Consumers who elect not to become members of CGC will have no further claim for service against CGC. Those who receive notices and elect to become members of CGC will promptly receive membership materials and be invited to membership meetings.
5. Day 1 to Day 70 – Respond to telephone and mail requests for information and assist Subject Consumers to sign up to become members of CGC.
6. Day 40 – Closing occurs ("Effective Date"). As of the Effective Date, CGC shall have the obligation to provide natural gas services to all customers for 30 days regardless if customers elect to become a member of CGC.
7. Day 40 - Columbia will read non-free gas customer account meters at least once during the 90 day period that ends on the Effective Date.
8. Day 70 - Transition period ends. Those Subject Consumers who do not elect to become members of CGC will be disconnected.

Exhibit D
Notice to Subject Consumers

NOTICE OF TRANSFER OF NATURAL GAS UTILITY SERVICE

Dear Customer:

On June XX, 2008, Columbia Gas of Ohio, Inc. (Columbia), your current natural gas local distribution company, and Consumers Gas Cooperative (CGC) filed an application with the Public Utilities Commission of Ohio (PUCO) requesting authority to transfer to CGC certain assets, and service to customers receiving natural gas service through the transferred assets. By its order dated August XX, 2008 in Case No. 08-XX-GA-ATR, the PUCO, after a thorough investigation, approved the application, finding it to be in the public interest. The transfer is intended, among other things, to increase the operating efficiency of both companies. CGC is a not-for-profit member-owned natural gas cooperative that currently provides natural gas service to approximately XXX customers.

The approximate date on which the transfer of your service will be effective is September XX, 2008. You will receive a final bill from Columbia Gas of Ohio within thirty days from the date of transfer. Customers are invited to become members of CGC. If customers do not elect to become members of CGC they will be disconnected on October XX, 2008. Customers are able to contact CGC at the telephone number below if they have questions regarding GCG.

One consequence of this transfer is that CGC does not offer a natural gas Choice program. As a result, any contract you may currently have with a retail natural gas Choice supplier will be discontinued with this transfer. CGC will provide all future gas supply services, which include billing, monthly service, emergency response, gas transportation, and gas supply.

If you wish to know more information about your natural gas service before and after the transfer is effective, please contact:

Columbia Gas of Ohio at (800) 344-4077; or visit www.columbiagasohio.com

Consumers Gas Cooperative at (330) 244-9649, or visit www.cgcohoio.com

For any natural gas emergency after the effective date of transfer, please contact CGC at (330) 244-9901.

Sincerely,

John W. Partridge, President
Columbia Gas of Ohio, Inc.

Joe Komara, Director of Operations
Consumers Gas Cooperative
