AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, Anthony Gillette, and am authorized to make this statement on its behalf.
(Name)

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on (Date) 6/26/2008 at (Location) Overland Park, KS

*(Signature and Title) 

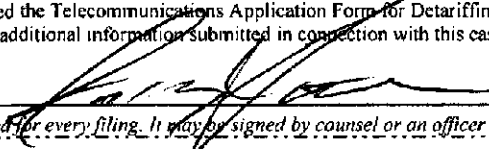

(Date) 6-28-08

- This affidavit is required for every tariff-affecting filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.

VERIFICATION

I, Anthony Gillette

EXCHANGE ACCESS SERVICE**5.6 DID Trunk Service****5.6.1 Service Description**

DID service is an optional feature that can be purchased in conjunction with Company-provided Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Subscriber's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID number blocks apply in addition to charges specified for Digital Trunks in Section 5.4.

One DID trunk termination charge applies for each DID-equipped Basic Trunk or DID-equipped channel on a Digital Trunk. The Subscriber is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group.

Termination charges are applicable for services that have a contract length greater than one month. The termination charges shall be equal to the number of months remaining in the contract multiplied by the monthly rate provided under the contract.

ORIGINAL IXC TARIFF PAGES

SECTION 3 - DESCRIPTION OF SERVICE

3.1 General

The Company offers direct dialed (1+) and 800 services over switched and dedicated facilities, operator services, travel card and debit card services to its Customers under the terms of this tariff. Rates for these services vary by product.

3.2 Timing of Calls

3.2.1 For direct dialed and operator station calls, chargeable time begins when the connection is established between the calling station and the desired telephone, attendant board, or private branch exchange console. Answer detection is based on standard industry answer detection methods, including hardware and software answer detection. For person-to-person calls chargeable time begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.

3.2.2 Chargeable time ends when the connection is terminated.

3.2.3 The initial and additional timing periods for billing purposes are specified on a per-product basis below in this tariff.

3.2.4 There is no billing applied for incomplete calls.

SECTION 3 - DESCRIPTION OF SERVICE, CONT.**3.4 Calculation of Distance**

For services which are distance sensitive, usage charges are based on the airline distance between the serving wire center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the serving wire centers as defined by BellCore (Bell Communications Research), in the following manner:

- Step 1: Obtain the "V" and "H" coordinates for the serving wire center of the Customer's switch and the destination point.
- Step 2: Obtain the difference between the "V" coordinates of each of the serving wire centers. Obtain the difference between the "H" coordinates.
- Step 3: Square the differences obtained in Step 2.
- Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

SECTION 3 - DESCRIPTION OF SERVICE, CONT.

3.5 Messages Placed by Hearing and/or Speech Impaired Persons

For purposes of this Tariff, the definition of impaired refers to those persons with communication impediments, including those hearing impaired, deaf, deaf/blind, or speech impaired persons who have an impairment that prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf ("TDD").

Residential impaired customers or impaired members of a customer's household, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official, or state agency, or a diploma from an accredited educational institution for the impaired, are eligible to receive a discount off their message toll service rates and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by non-profit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired, are eligible to receive a discount off message toll service rates.

Upon receipt of the appropriate application, certification, or verification, intrastate toll message rates for TDD users shall be evening rates for daytime calls and night rates for evening and night calls.

Message toll service calls placed through the Telephone Relay Service ("TRS") are eligible to receive a discount off the message toll service rates. For intrastate toll calls received from the relay service, each local exchange and interexchange telecommunications company billing relay call will be discounted by 50 percent of the applicable rate for a voice non-relay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call will be discounted 60 percent off the applicable rate for voice non-relay calls. The above discounts apply only to time-sensitive elements of a charge for the call and shall not apply to per call charges such as a credit card surcharge.

SECTION 3 - DESCRIPTION OF SERVICE, CONT.

3.6 Emergency Services Calling Plan

Message toll telephone calls to the Ohio State Highway Patrol and to governmental emergency service agencies, as set forth in 3.6.1, having primary or principal responsibility with respect to the provision of emergency services to persons and property in the areas from which the call was made, as set forth in Section 3.6.2, are offered at no charge to customers.

3.6.1 Ohio State Highway Patrol, governmental fire fighting, police and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attend (live) 24 hour basis, 365 days a year, including holidays.

3.6.2 An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life and/or property and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency service agency in order to seek assistance for the emergency.

3.7 Operator Services

Operator Services as provided by the Company includes live operator and/or automated operator functions, for the purpose of assisting in the processing of telephone services such as: long distance via collect calls, calling card calls, person to person calls, and third party billed calls. In addition to the per minute usage rates, applicable per call service charges and operator assisted charges are billed for the completed phone call.

The Company operator will identify to the Authorized User the identity of the Company at least once during every call before any charges are incurred and will provide information regarding the Company's rates for said call upon request by the caller. The Company will not accept calling cards for billing purposes if the Company is unable to validate the card.

SECTION 3 - DESCRIPTION OF SERVICE, CONT.

3.13 Debit Card Service

3.13.1 Debit Card Service I

Debit Card Service I is a debit card service available to Customers for placing calls while away from home or office. Debit card accounts maintain a balance that is depleted on a real-time basis as calls are placed. Calls are originated by dialing the 800 access number printed on the card followed by an account identification number and personal identification number. Calls may originate from standard business or pay telephone access lines. The minimum call duration for billing purposes is one (1) unit. One (1) unit equals one (1) intrastate minute. Additional usage is measured and rounded to the next full unit increments for billing purposes. All calls must be charged against a Company debit card that has sufficient Available Usage Balance.

A Customer's call will be interrupted with an announcement when the balance is about to be depleted. Such announcement will occur one (1) unit before the balance will be depleted, based on the terminating location of the call. The Customer will be requested to recharge the Company debit card number in order to continue the call. The Company will terminate calls in progress if the balance on the Company debit card is insufficient to continue the call and the Customer fails to recharge the card number.

Payment for the Company debit card and any available usage in a customer's debit account is non-refundable.

The Company can exclude: 700 number calls, 800 number calls, 900 number calls. The Company does exclude: air to ground service, calls requiring the quotation of time and charges, and high seas service.

Debit Card Service I cards are available in various unit and dollar denominations. The debit card is non-refundable and will expire on the date specified on the card or package in which the card is enclosed. Unlike a deposit or advance payment, the debit card account balance is not held against future payment, as all service is available for immediate consumption. The per unit rate is inclusive of all federal excise taxes. Discounts apply to initial orders only. FCC imposed or authorized charge(s) or surcharge(s) on payphone calls will be debited from the Company debit card in addition to per unit charges.

3.13.2 Debit Card Service II

Debit Card Service II is a debit card service available to organizations or commercial entities (Sponsors) for distribution to their members or patrons. The marketing vehicle and expiration period is selected by the Sponsor upon joint agreement between the Company and the Sponsor. The Sponsor is responsible for name, service mark or other image on the card. The Company reserves the right to approve or reject any image on the card and to specify the Customer information, language and use of the Company's trade mark, trade name, service mark or other image on the card. The Sponsor may distribute the Company's debit card accounts at reduced rates or free of charge to end users for promotional purposes. At the option of the Sponsor, these cards may not be rechargeable.

EXHIBIT C

Norlight, Inc. has attached revised tariff pages that removed its toll and non-residential tier 2 products from its tariffs.

EXHIBIT D

Norlight, Inc. will be placing a product guide on its web-site to provide the rates, terms, and conditions for detariffed service. Its website is www.norlight.com.

EXHIBIT E

NORLIGHT

June 16, 2008

Dear Customer:

Beginning on July 1, 2008, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by Norlight, Inc. will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This change will directly impact long distance and local customers utilizing non-residential tier 2 services.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Norlight, Inc. must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a guidebook online at www.norlight.com or you can request a copy of this information by contacting Norlight, Inc. at 3701 Communications Way, Evansville, IN 47715 and 800-747-8332.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Norlight, Inc. at the toll free number 800-747-8332 or visit us at www.norlight.com.

Sincerely,

Norlight, Inc.
