EXHIBIT A

Notice of Transfer of Control

AGM TELECOM CORPORATION
NOTICE OF OWNERSHIP CHANGE

AGM Telecom Corporation ("AGM") a New Jersey corporation, provides notice of a transfer of equity interest transaction between itself ("Seller") and, and Public Communication Services, Inc. ("PCS") a California corporation ("Buyer") Following this transaction AGM will become a wholly-owned subsidiary of Buyer, but will continue to operate as a separate entity.

AGM and PCS provide telecommunications services to inmates of confinement institutions and both have authority in Ohio to provide inmate operator services. Each company will continue to retain their respective separate authorities.

I. DESCRIPTION OF TRANSACTION

Applicants have entered into a purchase agreement ("Agreement") by which PCS proposed to purchase an ownership interest in AGM. Following the transaction, PCS will own 100% of AGM's equity. AGM will continue to operate under its own name as a wholly owned subsidiary of PCS.

II. CONTACT INFORMATION

A complete listing of officers for AGM and PCS is attached as Exhibit 2.

III. CUSTOMER IMPACT

AGM remains a separate certificated company in the State of Alabama and will continue to brand and bill calls under its Alabama certification. This transaction has no effect on the rates or terms and conditions of service. The toll free telephone number for customer service will remain the same: 1-800-398-0113.

IV. PUBLIC INTEREST CONSIDERATIONS

The transfer of control to PCS will serve the public interest. PCS's experience and success in the inmate services markets make it particularly well qualified to operate AGM's business. Indeed, the transaction will be transparent to AGM's customers and will not have an adverse effect on them. These customers will continue to enjoy similar services, rates, and quality that AGM currently provides.

The Agreement brings together companies that possess singular experience and strategic vision in the telecommunications and enhanced services spheres. The provision of telecommunications services to the inmate market is a competitive one in which numerous independent providers like PCS compete. In this respect, PCS's purchase will increase its ability to provide meaningful competition through greater efficiencies and economies of scale. This increased competitive power in turn will give rise to better prices, higher service quality, and increased innovation.
