Comment of Charles Carmichael in Docket(s)/Project(s) CP07-208-000
Submission Date: 7/2/2008

Kimberly D. Bose, Secretary
Federal Energy Commission
888 First Street, N.E. Room 1-A

Docket # CP07-208 Rockies Express East Pipeline

Dear Commissioners,

THE (ROWE VARIATION) This VARIATION will be a permanent disaster to the home site on front three acres. The REX people and land agent are aware of these two home sites since the beginning July or August 2006.

The home site at the front of TRACT (OH-CT-007.000) has been surveyed, and given the go ahead by Clinton County, Money has been paid out to contractors to start construction.

This building site can not move do too contour of land it drops to the northeast, with too much runoff, to the rear and center line of pipe there is underground spring an sinks, I have trouble maintaing drive in this area.

I believe the building lots need consideration over horse pasture.

Sincerely,
Charles Carmichael
