**OPERATOR SERVICES****5.2 Operator Assistance**

A customer may obtain the assistance of a local operator to complete local exchange telephone calls in the following manner:

- 5.2.1 Third Number Billing: Provides the Customer with the capability to charge a local call to a third number which is different from the called or calling party. The party answering at the third number has the option to refuse acceptance of the charges in advance or when queried by the operator.
- 5.2.2 Collect Calls: Provides the Customer with the capability to charge a call to the called party. On the operator announcement of a collect call, the called party has the option to refuse acceptance of charges in advance or when queried by the operator.
- 5.2.3 Calling Cards: Provides the Customer with the capability to place a call using a calling card of an Interexchange Carrier with or without the assistance of an operator.
- 5.2.4 Person to Person: Calls completed with the assistance of an operator to a particular Station and person specified by the caller. The call may be billed to the called party.
- 5.2.5 Station to Station: Calls completed with the assistance of an operator to a particular Station. The call may be billed to the called party.
- 5.2.6 General Assistance: The Customer has the option to request general information from the operator, such as dialing instruction, country or city codes, area code information and Customer Service 800 telephone numbers, but does not request the operator to complete the call.

**OPERATOR SERVICES**

**5.2 Operator Assistance - (Continued)**

- 5.2.7 Busy Line Verification: Upon request of the calling party, the Company will determine if the line is clear of "in use" and report to the calling party.
- 5.2.8 Busy Line Verification with Interrupt: The Operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.
- 5.2.9 Busy Line Verification Rates: Rates for Busy Line Verification and Interrupt Service will apply under the following circumstances:
- a) The operator verifies that the line is busy with a call in progress.
  - b) The operator verifies that the line is available for incoming calls.
  - c) The operator verifies that the called number is busy with a call in progress and the Customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. The following charge will apply for both verification and interruption:

**MISCELLANEOUS SERVICES****6.1 Presubscription**

Presubscription allows Customers to presubscribe to their carrier of choice for toll calls, without dialing the Access Code. The following charge applies, per line, to change the customer's primary interexchange carrier (PIC):

	<u>Non-Recurring</u>
	<u>Max.</u>
Electronic PIC Change, per line	\$1.25
Manual PIC Change, per line	\$5.50

When both the interlata and intralata PIC is changed simultaneously, 50% of the intralata PIC charge will be waived.

**6.2 Individual Case Basis**

6.2.1 Charges may be determined on an Individual Case Basis ("ICB") where the Company furnishes dedicated, nonswitched private line or special access services, or central office-based switching systems which substitute for customer premise, Private Branch Exchange (PBX) services.

6.2.2 Specialized rates or charges will be made available to all similarly situated customers on a nondiscriminatory basis.

6.2.3 Terms of ICB arrangements will be provided to the Commission on a proprietary basis upon request.

**6.3 Special Construction****6.3.1 Basis for Charges**

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include: (1) non-recurring type charges; (2) recurring type charges; (3) termination liabilities; or (4) combinations thereof.

**6.3.2 Basis for Cost Computation**

The costs referred to in 6.3.1, above, may include one or more of the following items to the extent they are applicable:

- 1) Cost installed of the facilities to be provided including estimated costs for the rearrangements of existing facilities. Cost installed includes the cost of:
  - a) equipment and materials provided or used,
  - b) engineering, labor and supervision,
  - c) transportation, and
  - d) rights of way;
- 2) cost of maintenance;
- 3) depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;
- 4) administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items;
- 5) license preparation, processing and related fees;
- 6) tariff preparation, processing and related fees;
- 7) any other identifiable costs related to the facilities provided; or
- 8) an amount for return and contingencies.
