INTEREXCHANGE TARIFF

SECTION 2 – RULES AND REGULATIONS (CONT'D)

2.6 Liability for Calling Card Fraud

The Customer is liable for the unauthorized use of the Company's facilities, equipment, and services obtained through the fraudulent use of a Company Calling Card, provided that the unauthorized use occurs before the Company has been notified.

The Customer's liability for unauthorized use shall not exceed the lesser of \$50 or the amount of services obtained by unauthorized use prior to notification to the Company. Notwithstanding the foregoing, in situations where the Company issues 10 or more calling cards to a customer for use by its employees, the Company and the Customer may agree on the Customer's liability for unauthorized use on a case by case basis without regard to this subsection.

The Customer must give the Company notice that unauthorized use of a Company Calling Card has occurred or may occur as a result of loss, theft or other reasons. For the purposes of this section, written notice shall be sent to the Company's address as designated pursuant to *Section 2.9.2* and will be effective when received, and oral notice shall be made by contacting a Company representative at the Company's listed telephone number.

The Company may, but is not required to, advise the Customer of abnormal calling patterns or other possible unauthorized use of Company Calling Cards assigned to the Customer. In addition, the Company may, but is not required to, block calls on a Company Calling Card personal identification number which the Company believes to be unauthorized or fraudulent.

2.7 Minimum Telephone Service Standards

Customers have certain rights and responsibilities under the Minimum Telephone Service Standards (Ohio Adm. Code 4901:1-5)(MTSS). These safeguards can be found in the Appendix to Ohio Adm. Code 4901:1-5-03, which is entitled "Telephone Customer Rights and Responsibilities." These rights and responsibilities include complaint handling, ordering or changing service, service repair, payment of bills, and disconnection and reconnection of service.
