RE: Change in Boundaries Between Two Exchanges of AT&T Ohio
Case No. 08-938-TP-ACB
90-5032-TP-TRF

Dear Ms. Jenkins:

AT&T Ohio (which is the name under which The Ohio Bell Telephone Company does business) (the "Company") hereby files revised maps of both its Canton and North Canton exchanges, without application, pursuant to Ohio Administrative Code § 4901:1-3-03(F). Reduced copies of the revised maps, size 8½" x 11", reflecting the proposed boundary changes are also attached. Both this letter and the reduced maps are being filed in duplicate pursuant to Ohio Administrative Code § 4901:1-3-03(G).

The revised maps reflect the incorporation of portions of AT&T Ohio's Canton Exchange into its North Canton Exchange. The Company provides the following reason for making this change:

This additional Boundary change between the North Canton and the Canton Exchanges is to provide the Public Utilities of Commission with the most up to date maps for both exchanges.

The Company confirms that this change will not adversely affect the service being furnished to any existing subscribers. The customers in these exchanges will not be affected by this change because they have been served out of the same Wire Center which supports both exchanges since the early 80's.

The changes are found on the Southwest corner of the North Canton Exchange and the Northwest Corner of the Canton Exchange.

The revised tariff sheets for AT&T Ohio are filed pursuant to O.A.C. § 4901:1-3-03(L). These tariff sheets, filed in duplicate, cancel and supersede previous tariff sheets.

If you have any questions about this filing, please call me at the number shown above.

Respectfully submitted,

cc: Ken Rogiers
