SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.7 Prepaid Institutional Calling Services

3.7.1 General

ICS Prepaid Institutional Calling Services provide alternative payment arrangements for inmates in Confinement Institutions. This service is designed for those whose credit history is inadequate to receive collect calls as well as for those who simply wish to budget their inmate calls.

Calls are made by dialing either a toll-free access number or other access dialing sequence. Depending on the facility, a Personal Account Code may also need to be entered.

Prepaid Institutional Calling Services are not subject to the Deposit and Advance Payment provisions found in Section 2.

Two options are available with Prepaid Institutional Calling Services. The first option, the Debit Card/Debit Account, allows the inmate (via the Institution personnel) to set up his/her own account/card at the Confinement Institution; the second option, Prepaid Collect Service, allows the Called Party who receives collect calls from inmates to set up his/her own prepaid account.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

3.7 Prepaid Institutional Calling Services, (Cont'd.)

3.7.1 General, (Cont'd.)

A. Option A: Debit Card or Debit Account

(L)(T)

With a Debit Card or Debit Account, the each inmate has the option to transfer funds from his/her commissary account to purchase a debit card or have calls paid for directly out of the inmate's commissary account. This is accomplished by facility personnel or through a direct interface between the commissary system and the inmate phone system. This account is associated with the inmate's Personal Identification Number (PIN.) When the inmate places a call, he/she has the option of calling collect or debit. Once debit is selected, the inmate enters the PIN and called telephone number. All deposits to the account are paid to and handled by the Institution. The Company receives payment from the Institution; it does not engage in direct monetary transactions with the inmate. Debit cards or Debit accounts may be funded in any amount subject to the requirements or restrictions of the Confinement Institution.

The Company's system automatically informs the caller of the Available Usage Balance remaining in the Prepaid Account, and provides prompts to place the call by entering the destination telephone number. Network usage is deducted from the Available Usage Balance in the account on a real time basis as the call progresses.

Available balances in the Debit Card or Debit Account is refundable. Debit Account balances are refunded automatically when the Commissary account is closed. Refunds of debit card balances are refundable upon request, typically after release of the inmate from the Confinement Institution. The Available Usage Balance expires six months from the date the last call is made on the account or card. No refunds of unused balances will be issued after the expiration date.
