RE: Docket Nos. CP07-208-000, 001  
Rockies Express Pipeline LLC, REX-East Project  
Spread E - Privileged and Confidential Versions of Alignment Sheets for Request  
for Notice to Proceed

Ms. Bose:

On July 28, 2008, Rockies Express Pipeline LLC ("Rockies Express") filed a request for notice to proceed for Spread E (MP 306.0 to 374.8) of the REX East Project authorized to be constructed by the Federal Energy Regulatory Commission ("FERC" or "Commission") on May 30, 2008 ("May 30 Order" or "Order").<sup>1</sup> In that request, Rockies Express filed, among other things, "Issued for Construction" alignment sheets for each spread.

Rockies Express hereby files "privileged and confidential" alignment sheets for the spread. These alignment sheets, unlike the "Issued for Construction" sheets, contain descriptions of the cultural resource areas that exist on the REX-East right of way in Spread E. Because cultural resource data is contained on these supplemental alignment sheets, Rockies Express requests that the alignment sheets be treated as privileged and confidential pursuant to the Commission's regulations.

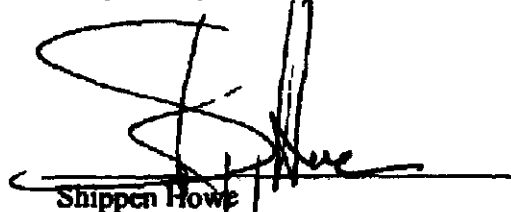

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
