Re: Boundary Change - Case No. 08-938-TP-ACB

On August 6, 2008, AT&T Ohio filed a letter of transmittal as contemplated by Rule 4901:1-3-03(G), Ohio Administrative Code (O.A.C.), to advise the Commission of a change in telephone boundaries involving two AT&T Ohio telephone exchanges. The revised maps filed by AT&T Ohio reflect the incorporation of a portion of AT&T Ohio's Canton Exchange into the company's North Canton Exchange. AT&T Ohio submits that the revised maps for both exchanges update the Commission's records. AT&T Ohio further avers that no customers will be impacted by this change because these customers have been served out of the same wire center which supports both exchanges since the 1980's. In light of the foregoing and based upon the assertions made by AT&T Ohio in its August 6, 2008 transmittal letter, this matter should be considered approved pursuant to Rule 4901:1-3-03(M), O.A.C.
