XV. ADJUSTMENTS AND LIABILITY

- A. The Telephone Company, except as provided herein, shall not be liable for damage claimed on account of errors in or omissions from its directories, nor for the result of the publication of such errors in the directory. The Telephone Company will not be a party to controversies arising between subscribers or others as a result of a listing published in the directories.
- B. Claims for damages on account of interruptions to service due to errors or omission in directory listings will be limited to a credit of not less than the equivalent of three months' local service charges, but not more than the length of time until the issuance of a new directory containing the proper listing. The credit will not apply when the subscriber has provided listing information after the deadline for directory publication.

DIRECTORY LISTINGS

XX. RATES - NON-LISTED TELEPHONE SERVICE

Non-listed telephone service is provided at the following rates and charges in addition to the rates and charges for associated service and equipment.

- | | <u>Monthly Rate</u>
<u>Residence</u> | |
|--|---|-----|
| A. Non-listed telephone service, each number | \$3.00 | (C) |
| B. If a request for a non-listed telephone number is made at the time of the original application, a nonrecurring charge will not apply. | | (C) |
| C. If such request is made after the original installation, the nonrecurring charge will be \$15.50. | | |
| D. If a request is made to change a non-listed telephone number to another non-listed telephone number, the nonrecurring charge will be \$15.50. | | |
| E. A request to change a non-listed telephone number to the same listed number will not incur a nonrecurring charge. | | |

XXI. NON-ADDRESS TELEPHONE SERVICE

Upon request, a subscriber may have the address omitted from his listing as it appears in the directory or on information records subject to the provisions set forth below.

- A. The acceptance by the Telephone Company of the subscriber's request to omit the address from the listing of his telephone number from the directory and information records establishes no relationship or obligation, direct or indirect, between the Telephone Company and any person other than the subscriber.
- B. In the absence of gross negligence or willful misconduct, no liability for damages arising from the publishing of the address of a non-address listing in the directory shall be attached to the Telephone Company and when such an address is published in the directory or information records, the Telephone Company's liability shall consist of and be limited to a refund of the monthly charge assessed for non-address service until the issuance of the new directory containing the proper listing.

Approval of the above tariff language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

PRIVACY ID

I. GENERAL

- A. Privacy ID provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy ID intercepts all unidentified calls before the subscriber's telephone rings then asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voicemail.
- B. The Privacy ID subscriber may provide calling parties with a Caller's Access Code. Use of this access code allows the calling party to bypass Privacy ID.
- C. Privacy ID is provided subject to availability of facilities.
- D. Privacy ID is not offered in conjunction with Basic Rate Interface, Primary Rate Interface, Centrex, Payphone Line, and PBX Trunks.
- E. When the Call Trace and Return Call features are activated on calls intercepted by Privacy ID, the telephone number captured is that of the Service Node, which performs Privacy ID, not the telephone number of the calling party.
- F. Caller ID Service is required in order to subscribe to Privacy ID.
- G. Service connection charges do not apply when Privacy ID is installed.
- H. Privacy ID is available as an add-on to Personal II Solution, **Special Plan Bundle**, and **Standard Home Phone II**, as set forth in Section 39, at a monthly rate of \$4.00.

|----------------------------------|----------------------------------|-----|
| A. Per listing | \$3.00 | (1) |
| B. Per Foreign listing | 3.00 | |

XV. ADJUSTMENTS AND LIABILITY

- A. The Telephone Company, except as provided herein, shall not be liable for damage claimed on account of errors in or omissions from its directories, nor for the result of the publication of such errors in the directory. The Telephone Company will not be a party to controversies arising between subscribers or others as a result of a listing published in the directories.
- B. Claims for damages on account of interruptions to service due to errors or omission in directory listings will be limited to a credit of not less than the equivalent of three months' local service charges, but not more than the length of time until the issuance of a new directory containing the proper listing. The credit will not apply when the subscriber has provided listing information after the deadline for directory publication.

XVI. TERMINATION OF LISTINGS

Listings may be terminated subject to the following provisions:

- A. With additional listings terminated at the date of the main station, the minimum charge is the established rate for one month.

DIRECTORY LISTINGS

XX. RATES - NON-LISTED TELEPHONE SERVICE

Non-listed telephone service is provided at the following rates and charges in addition to the rates and charges for associated service and equipment.

| | Monthly Rate <u>Residence</u> | |
|--|----------------------------------|-----|
| A. Non-listed telephone service, each number | \$3.50 | (I) |
| B. If a request for a non-listed telephone number is made at the time of the original application, a nonrecurring charge will not apply. | | |
| C. If such request is made after the original installation, the nonrecurring charge will be \$15.50. | | |
| D. If a request is made to change a non-listed telephone number to another non-listed telephone number, nonrecurring charge is \$15.50. | | |
| E. A request to change a non-listed telephone number to the same listed number will not incur a nonrecurring charge. | | |

XXI. NON-ADDRESS TELEPHONE SERVICE

Upon request, a subscriber may have the address omitted from his listing as it appears in the directory or on information records subject to the provisions set forth below.

- A. The acceptance by the Telephone Company of the subscriber's request to omit the address from the listing of his telephone number from the directory and information records establishes no relationship or obligation, direct or indirect, between the Telephone Company and any person other than the subscriber.
- B. In the absence of gross negligence or willful misconduct, no liability for damages arising from the publishing of the address of a non-address listing in the directory shall be attached to the Telephone Company and when such an address is published in the directory or information records, the Telephone Company's liability shall consist of and be limited to a refund of the monthly charge assessed for non-address service until the issuance of the new directory containing the proper listing.

Approval of the above tariff language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

PRIVACY ID

I. GENERAL

- A. Privacy ID provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy ID intercepts all unidentified calls before the subscriber's telephone rings then asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voicemail.
- B. The Privacy ID subscriber may provide calling parties with a Caller's Access Code. Use of this access code allows the calling party to bypass Privacy ID.
- C. Privacy ID is provided subject to availability of facilities.
- D. Privacy ID is not offered in conjunction with Basic Rate Interface, Primary Rate Interface, Centrex, Payphone Line, and PBX Trunks.
- E. When the Call Trace and Return Call features are activated on calls intercepted by Privacy ID, the telephone number captured is that of the Service Node, which performs Privacy ID, not the telephone number of the calling party.
- F. Caller ID Service is required in order to subscribe to Privacy ID.
- G. Service connection charges do not apply when Privacy ID is installed.
- H. Privacy ID is available as an add-on to Personal II Solution, Special Plan Bundle, and Standard Home Phone II, as set forth in Section 39, at a monthly rate of \$4.00.
