I strongly oppose Vectron Energy Delivery's rate increase request for all customers.

Vectron has no regard for senior citizens. My level billing just went up \$40.00 a month. With the increase in the cost of everything else, this is considerable. I am doing everything I can to conserve energy, but it doesn't seem to make a difference.

Vectron should have no right to ask for such an astronomical increase and the PUCO should not grant it.

Sincerely,

Barbara Albers
