Dear Whoever,

AUG 20 2008

INVESTIGATION AND ADJUDICATION
PUBLIC UTILITIES COMMISSION, L. 0002

As, I'm, concerned about
A.E.P. asking for 15% for
3 years. 45% Total.

First place, I sold a
farm, in 2006, and it
took them, 14 months, to
come, and see about
changing over the electric
for the grain set up! To
my thought, that was, ~~too~~
long!

Then we waited again
to get the pole, and electric
change over. They still
took, around 1 1/2 weeks after
the supervisor, ~~after~~ ^{came & the}
said, they was coming.
~~some how~~ They don't keep

to certify that the images appearing are an
accurate and complete reproduction of a case file
document delivered in the regular course of business.

their word.

Office, to get ahead of
H.E.P., only an answer

Also, the H.E.P. company
made 281 Million or Billion,

Seems, like it the parent
company made that much,
that was more than Farmers
making.

In between the 14 months
we waited, we was out of
electric 3 times, One time 12
hrs or more. ^{4 1/2 + 7 1/2 hrs} They would
only bring ~~one~~ truck & crew,
and when they couldn't get
it fixed, then another truck
would come. Don't make NO
sense to me! I had the barn
converted and my contractor
had to finish with battery's ²⁰⁰⁶ ~~operator~~
Machine.

P.S. I have an all ^{electric} ~~electric~~
home!

By the way, I have
lived here since 1956

Yours truly,
Helen ^{Tracy}
