Gentlemen:

Re: Case: 07-829-GA-AIR

I'm writing again to protect the tripling of recovery costs you are proposing for Dominion Gas. At this time everyone is suffering from costs of gas, food, and clothing with all the surcharges companies have to pay for delivery of products.

Thanks for letting the people speak at your hearings. Please listen to those of us on low and fixed incomes. Please put these contracts into easy to understand language - not lawyer-speak that has an entirely different meaning in the coming years at review time.

Thanks for listening.

Dominion East Ohio Gas

Dear Sirs,

I am against the proposal to raise Dominion's monthly service charge from \$5.70 to \$17.50. An increase in fixed charges discourages conservation. The regulated monopoly should first address expense control.

Sincerely,

Case # 07-829-GA-AIR

Dear PUCO:

Please do not allow Dominion East Ohio Gas (DEOG) to increase the monthly fixed customer charge. This increase would discourage conservation at a time when consumers need to reduce energy use.

An annual audit of DEOG by an outside auditor is a must. Does Dominion need this increase? Is it true that the top executive at Dominion Resources, a parent company of East Ohio Gas, earned \$15 million last year? How can this be possible?

Sincerely,

Marlene Blatnik-Freeze
