RE: VECTREN CHARGES INCREASE

I use gas for cooking only, and Vectren charges me \$7.34 monthly despite the fact that many months I use less than 1.000 CCF's. My average total annual CCF usage is 4.000. Please reference the attached copy of my latest statement.

I object to Vectren's request for increasing the base charge. Vectren should be capable of balancing income and cost to maintain existing charges. We, their customers, have enough difficulty balancing our expenses without them imposing more financial problems on those who can least afford it.

Please vote to deny Vectren's request.
