Pursuant to the Commission order of September 19, 2007 06-1345-TP-ORD, late payment fees and returned check charges have not been detariffed. The following conditions will apply:

**Late Fee payments:** A late fee of 1.5% per month will be applied to charges not paid by the due date. The late payment charge will not be applied to previous late payment charges that have been assessed against but not paid for, but will apply to the accumulated services for which the Customer is in arrears. Late payment charges will be applied without discrimination.

**Returned Check charges:** A return check charge of \$20.00 will be assessed for checks returned for insufficient funds. Any applicable return check charges, will be assessed according to the terms and conditions of this tariff and pursuant to Ohio law and Commission regulations. At the option of the Company, this charge may be waived because of extenuating circumstances (i.e. bank error).

**Deposits:** The Company does not normally require deposits from Customers, however, deposits may be required of customers who do not meet the Company's credit requirements. The Company reserves the right to validate the credit worthiness of Customers or Authorized Users through available verification procedures. In order to establish credit, the Company may require an applicant for service, demonstrate that they:

were a customer of an Ohio utility for at least 12 months within the preceding 2 years;

does not currently owe any outstanding bills for utility service to a utility doing business in Ohio;

has not had service discontinued for nonpayment of a utility bill during the last 12 months that service was provided; and

Did not fail, on more than two occasions during the last 12 months that service was provided, to pay a utility bill when it became due.

In the event that a cash deposit is required; the Company will calculate the deposit required on a basis of the average Customers monthly bill for regulated services for a twelve month period. The deposit will not exceed a two month average.
