ENTRY

The Commission Finds:

- (1) The Applicant, Vectren Energy Delivery of Ohio, Inc., (VEDO) is a public utility as defined in Section 4905.02, Revised Code, and, as such, is subject to the jurisdiction of this Commission.
- (2) In its entry dated August 20, 2008, the commission permitted VEDO to replace its gas cost recovery ("GCR") mechanism and implement its standard service offer ("SSO") on October 1, 2008.
- (3) On August 26, 2008, VEDO filed an application to modify the back of its bill formats to: (1) change the term "Gas Cost Recovery Charge" to "Gas Cost Charge"; and (2) change the sentence that referenced the "Vectren Choice Advantage" so that it no longer references the now-defunct label.
- (4) In response to discussions with Commission Staff regarding the proposed changes, VEDO filed an amended application such that the term "Gas Cost Recovery Charge" is replaced by "Gas Cost Charge ("SSO")." VEDO believes that the wording changes on the back of the bill formats reflect the changes resulting from VEDO's exit of the merchant function and will enable customers to understand their billing information more easily.

- (5) Upon Commission approval, VEDO intends to begin utilization of its proposed bill format with bills rendered for the first billing cycle after VEDO has replaced its GCR with the SSO on October 1, 2008. Accordingly, VEDO requested that the Commission approve its Application, as amended, prior to the 45-day automatic approval, which would take effect on October 13, 2008.

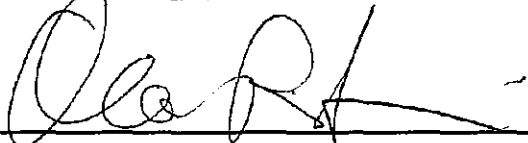

It is, therefore,

ORDERED, that the amended bill format, filed on September 16, 2008, is approved. It is, further,

ORDERED, That nothing in this entry shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule or regulation. It is, further,

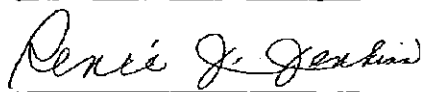

ORDERED, That a copy of this entry be served upon the Applicant and all parties of record.
