2. Regulations (Cont'd)**2.1 Undertaking of the Company (Cont'd)****2.1.4 Liability of the Company (Cont'd)****2.1.4.14 With respect to Emergency Number 911 Service:**

- (a) This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by: (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of this service, or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of any equipment and facilities furnishing this service.
- (b) Neither is the Company responsible for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of emergency 911 service features and the equipment associated therewith, or by any services furnished by the Company including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing emergency 911 service, and which arise out of the negligence or other wrongful act of the Company, the Customer, its Users, agencies or municipalities, or the employees or agents of any one of them.

2.1.4.15 The Company will comply with the Minimum Telephone Service Standards as codified in §4901:1-5 of the Ohio Adm. Code in regard to its liability arising from errors or omissions in the Directory Listings or in accepting listing presented by customers or prospective customers.

2.1.4.16 In conjunction with a nonpublished telephone number, as described in MCImetro Access Transmission Services LLC Ohio Local Exchange Catalog Schedule No. 1 for Residential and Small Business Customers, Section 3-3.9, the Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by number. The Company will try to prevent the disclosure of the number of such telephone, but will not be liable should such number be divulged.

2. Regulations (Cont'd)**2.1 Undertaking of the Company (Cont'd)****2.1.4 Liability of the Company (Cont'd)**

- 2.1.4.17 When a Customer with a nonpublished telephone number, as defined herein, places a call to the Emergency 911 Service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the Emergency 911 Service upon request of such governmental authority. By subscribing to service under this tariff, Customer acknowledges and agrees with the release of information as described above.
- 2.1.4.18 In conjunction with the Busy Line Verification and Interrupt Service as described in MCImetro Access Transmission Services LLC Ohio Local Exchange Catalog Schedule No. 1 for Residential and Small Business Customers, Section 3-3.9, the Customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.
- 2.1.4.19 In accordance with applicable state and federal rules, to the extent that federal and state agencies have jurisdiction, the Company shall not be liable for any act or omission concerning the implementation of Presubscription, as defined herein.
- 2.1.4.20 **Approval of the above tariff language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the Carrier should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims it is also the court's responsibility to determine the validity of any exculpatory clause.**

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notifications requirements. With some emergency or unplanned service-affecting conditions, such as outage resulting from cable damage, notification to the Customer may not be possible.

2.1.6 Provision of Equipment and Facilities

- 2.1.6.1 The Company shall use reasonable efforts, in accordance with the Commission's rules for Minimum Telephone Service Standards, to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff.

2. Regulations (Cont'd)**2.5 Payment Arrangements****2.5.1 Payment for Service**

The Customer is responsible for payment of all charges for service and facilities furnished by the Company to the Customer or its Joint or Authorized Users. If an entity other than the Company imposes charges on the Company, in addition to its own internal costs, in connection with a service for which a Company Non-Recurring Charge is specified, those charges may be passed on to the Customer.

2.5.1.1 Taxes: The Customer is responsible for the payment of any sales, use, excise, access or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of Local Exchange Service, all of which shall be separately designated on the Company's invoices. Any taxes imposed by a local jurisdiction (e.g, County and municipal taxes) will only be recovered from those Customers residing in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

2.5.1.2 A surcharge is imposed on all charges for service originating at addresses in states which levy, or assert a claim of right to levy, a gross receipts tax on the Company's operations in any such state, or a tax on interstate access charges incurred by the Company for originating access to telephone exchanges in that state.¹ This surcharge is based on the particular state's receipts tax and other state taxes imposed directly or indirectly upon the Company by virtue of, and measured by, the gross receipts or revenues of the Company in that state and/or payment of interstate access charges in that state. The surcharge will be shown as a separate line item on the Customer's monthly invoice.

¹ Pending the conclusion of any challenge to a jurisdiction's right to impose a gross receipts tax, the Company may elect to impose and collect a surcharge covering such taxes, unless otherwise constrained by court order or direction, or it may elect not to impose and collect the surcharge. If it has collected a surcharge and the challenged tax is found to have been invalid and unenforceable, the Company will credit or refund such amounts to affected Customers if the funds collected were retained by the Company or if they were delivered over to the taxing jurisdiction and returned to the Company.

2.5.2.3 For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

2.5.2.4 Amounts not paid within 30 days after the date of invoice are considered past due.

2.5.2.5 A charge will be assessed for checks with insufficient funds or non-existing accounts.

2.5.2.6 For Residential and Small Business customers, a late payment of 1.5% may be assessed on payments not received within 30 days from the invoice date, where capabilities exist. The late payment charge can be applied to the entire unpaid balance of the customer's monthly invoice, including taxes.

The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer. The late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

2.5.3 Disputed Bills

If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Public Utility Commission of Ohio in accordance with the Commission's rules of procedure.

A distinctive Call Waiting tone for each telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.

Repeat Dialing: Repeat Dialing, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard. The customer hangs up and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed. In some locations, due to technological limitations Repeat Dialing must be purchased with Call Return.

Speed Dial-8: - This provides for the calling of pre-selected telephone numbers by dialing an abbreviated code for up to 8 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed.

Speed Dial-30: This provides for the calling of pre-selected telephone numbers by dialing an abbreviated code for up to 30 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed.

Three Way Calling: Allows another party to be added to a call already in progress. The added party may be local or long distance. Toll or local measured service charges will apply to each leg of a Three Way Call.

4. Consumer Local Exchange Service-Facility Based (Cont'd)**4.9 Features and Options (Cont'd)**

Call Trace: Provides a detailed record of last incoming call, including call-waiting calls. It automatically records the phone number, time, and date of the call. MCI security processes this information and provides it to the appropriate law enforcement agency should you decide to file a complaint. Cannot be selected with Block Call Trace.

Selective Call Acceptance: Allows a customer to select up to 12 telephone numbers from which calls are to be received. All other calls will be intercepted and routed to a recorded announcement that informs the caller the customer is not accepting calls.
