TARIFF FORMAT

- A. **Sheet Numbering** - Sheet numbers appear in the top center of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the top center of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their Tariff approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are four levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.1.
- D. **Check Sheets** - When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.

A valid bank or financial organization card, representing both an account from which the costs of products and services purchased by the card holder may be charged.

Dedicated Access:

Non-switched access between a Customer's premises and the point of presence of the Company's underlying carrier.

Demarcation Point:

The point of connection, provided and maintained by the Telephone Company, at which the Telephone Company service and the property owner or customer's facilities are connected. This Demarcation Point is to be mutually agreeable to the Telephone Company and the subscriber or property owner, and is normally located near the point where the Telephone Company facilities enter the building or property, on the subscriber's side of the Company's protector, or its equivalent.

For multiple buildings constructed on continuous business property, such as shopping centers, condominiums, industrial parks, and campuses, the Telephone Company may establish a single Demarcation Point or may designate one of the existing terminating connections on a property as a main Demarcation Point. Where feasible, one or more alternate Demarcation Points may be placed or reinforced by the Company at the request of the business customer or property owner. Charges will be applied to cover additional costs of placing or reinforcing alternate Demarcation Points. The property owner or customer is responsible for service on the customer side of the Demarcation Point.

Digital:

A method of storing, processing and transmitting information through the use of distinct electronic or optical pulses that represent the binary digits (bits) 0 and 1. Digital transmission/switching technologies employ a sequence of discrete, individually distinct pulses to represent information, as opposed to the continuously variable signal of analog technologies.

Direct Connection:

Connection of terminal equipment to the telephone network by means other than acoustic or inductive coupling.

Direct Inward Dial (DID):

A service attribute that routes incoming calls directly to stations, by-passing a central answer point.

A channel connecting two or more stations within an exchange area.

Local Exchange Service:

Telephone communication within Exchange Areas in accordance with the provision of DONet's Tariffs.

Local Message:

A completed communication between customer's stations located within the same Exchange Area.

Local Service Area:

The area within which telephone service is furnished under a specific schedule of rates without the application of specific charges for each message.

Maintenance Visit Charge:

A charge applied when a service difficulty or trouble report results from customer provided equipment and/or inside wiring and not from the telephone company's facilities.

Message Rate Service:

A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network. One completed call is equal to one message.

Mileage:

The measurement upon which charges are computed for extension, tie, private lines and for lines serving exchange stations located outside the base rate area or outside the central office area of the connecting central office.

Minimum Contract Period:

The minimum length of time for which a customer is obligated to pay for service, facilities and equipment, whether or not retained by the customer for such minimum length of time.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.2. LIMITATIONS (Cont'd)**

- 2.2.8. Company may limit communications over its facilities during emergencies, which may result in a shortage of facilities.
- 2.2.9. The Company may refuse to permit collect calling, calling card, third number billing which it determines to be fraudulent and/or may limit the use of these billing options or services.
- 2.2.10. The Company reserves the right to discontinue service when necessitated by conditions beyond its control or when the Customer's use of the service is in violation of the provisions of this Tariff, DONet's policies and procedures, or in violation of state law, unless prohibited by Commission rules, regulations or Ohio State law.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.3. USE**

- 2.3.1. Service may be used for the transmission of communications by the Customer for any lawful purpose for which the service is technically suited. Services are designed primarily for business or commercial use.
- 2.3.2. Customers may transmit or receive information or signals via the Company's facilities. Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this Tariff. A Customer may transmit any form of signal that is compatible with Company's equipment, but Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this Tariff.
- 2.3.3. Service may not be used for any unlawful purpose or for any purpose for which any payment or other compensation is received by the Customer, except when the Customer is a duly authorized and regulated common carrier, shared tenant or multi-tenant provider. This provision does not prohibit an arrangement between the Customer, authorized user or joint user to share the cost of service. This provision does not prohibit any other joint use arrangement permitted by Commission rules and/or Ohio State law.
- 2.3.4. Recording of telephone conversations of service provided by the Company under this Tariff is prohibited except as authorized by applicable federal, state and local laws.
- 2.3.5. The Company strictly prohibits use of the Company's services without payment or by an avoidance of payment by the Customer by fraudulent means or devices including providing falsified calling card numbers or invalid calling card numbers to the Company, providing falsified or invalid credit card numbers to the Company or in any way misrepresenting the identity of the Customer.
- 2.3.6. A business Customer may extend service capable of two-way communications to the location of another business Customer for the purpose of performing clerical services, which include the answering and originating of telephone calls. All regulations governing the use of service and the charges normally associated with the provision of service are applicable.
- 2.3.7. Service will not be used to call another person so frequently or at such times of day or in any other manner so as to annoy, abuse, threaten or harass the called party.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.5. LIABILITIES OF THE COMPANY**

- 2.5.1. The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors, or defects in transmission occurring in the course of furnishing service or other facilities, and not caused by the negligence of the Customer, commences upon activation of service. Such liability will not be limited by gross misconduct of the Company. In no event will the Company be responsible for consequential damages for lost profits suffered by a Customer or end user as the result of interrupted or unsatisfactory service. For the purpose of computing such amount a month is considered to have thirty (30) days. Credit for interruptions is described in more detail in Section 2.13.6 of this Tariff.
- 2.5.2. Company shall not be liable for, and the Company shall be indemnified, defended and held harmless from any and all loss claims, demands, suits, or other action or liability whatsoever, whether suffered, made instituted or asserted by the Customer or by any other party or person, for:
- 2.5.2.1. Acts, omissions, or negligence of other companies when their facilities are used in connection with Company's facilities to provide service, or for the unavailability or any delays in the furnishing of any services or facilities, which are provided by other companies;

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.5. LIABILITIES OF THE COMPANY (Cont'd)****2.5.12. With respect to Directory Listing Service (Cont'd):**

2.5.12.5. As part of providing any private listing or semi-private listing Services, Company will not be liable for failure or refusal to complete any call to such telephone when the call is not placed by dialing a number which includes the number of the party called. Company will try to prevent the disclosure of unpublished listings, but will not be liable in any manner should such a number be divulged.

2.5.12.6. When a Customer with a non-published telephone number places a call to the Emergency 911 Service, Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the Emergency 911 Service. By subscribing to Service under this Tariff, the Customer agrees to the release of such information under the above provision.

2.5.13. The Company's liability and the exclusive remedy of the Customer for damages arising out of or related to the Services will be solely limited to an amount no greater than the amounts paid by Customer to the Company during the term of the services. This limitation does not apply where the Company missed appointments, installations or repairs.

2.5.14. Approval of limitation of liability language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

- 2.6.1.2. To the extent caused by any negligent or intentional act of the Customer as described in 2.6.1.1. preceding, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, for (1) any loss, destruction or damage to property of any third party, and (2) any liability incurred by the Company to any third party pursuant to this or any other tariff of the Company, or otherwise, for any interruption of, interference to, or other defect in any service provided by the Company to such third party.
- 2.6.1.3. The Customer shall not assert any claim against any other Customer or user of the Company's services for damages resulting in whole or in part from or arising in connection with the furnishing of service under this Tariff including but not limited to mistakes, omissions, interruptions, delays, errors or other defects or misrepresentations, whether or not such other Customer or user contributed in any way to the occurrence of the damages, unless such damages were caused solely by the negligent or intentional act or omission of the other Customer or user and not by any act or omission of the Company. Nothing in this Tariff is intended either to limit or to expand Customer's right to assert any claims against third parties for damages of any nature other than those described in the preceding sentence.
- 2.6.1.4. - A. Unauthorized use of the Network occurs when: (1) a person or entity that does not have actual, apparent, or implied authority to use the Network, obtains the Company's Services provided under this Tariff; or (2) a person or entity that otherwise has actual, apparent, or implied authority to use the Network, makes fraudulent use of the Network to obtain the Company's Services provided under this Tariff, or uses specific services that are not authorized.
- B. The following activities constitute fraudulent use:
1. Using the Network to transmit a message, locate a person, or otherwise give or obtain information, without payment for the service;
 2. Using or attempting to use the Network with the intent to avoid payment, either in whole or in part, of any of the Company's Tariffed charges by either rearranging, tampering with, or making connections not authorized by this Tariff to any service components used to furnish the Company's Services or using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices or electronic devices;
 3. Toll free callers using the Network with the intent of gaining access to a Customer's outbound calling capabilities on an unauthorized basis; and
 4. Using fraudulent means or devices, tricks, schemes, false or invalid numbers, false credit devices or electronic devices to defraud or mislead callers.

- A. Except as provided for elsewhere in this Tariff, the Customer is responsible for payment of all charges for Services provided under this Tariff. This responsibility is not changed due to any use, misuse, or abuse of the Customer's service or Customer-provided equipment by Users or other third parties, the Customer's employees, or the public.
- B. The Customer is responsible for payment of all call charges arising from calls placed to a Customer's 800 service number, whether or not such calls are authorized or fraudulent, where the User gains access to the Customer's outbound calling equipment and services.
- C. The Customer is liable for all costs incurred as a result of unauthorized use of the Network, including Service charges and any direct, indirect, special, incidental, reliance, consequential, exemplary or punitive damages. The Company will take reasonable steps, upon verbal or written notification that fraud has occurred, or is believed to have occurred, to assist the Customer in identifying the nature and/or source of the fraud, and in terminating the fraudulent use of the Customer's service. The Company will also assist the Customer in facilitating changes in phone number, and assist the Customer in identifying perpetrator(s) of the fraud for purposes of pursuing civil remedies.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.8. CUSTOMER RESPONSIBILITIES (Cont'd)**

- 2.8.9. The Customer agrees to return to the Company within five (5) days of termination of service all Company-provided equipment. All returned equipment must be in the same condition as when delivered to the Customer by the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.
- 2.8.10. In accordance with the "filed tariff doctrine," as established by judicial and regulatory decisions and precedents, Customer shall pay all charges due and owing irrespective of any claims of loss, liability, set off, damages, or other claims against Company to which Customer may claim to be entitled. Unless provided otherwise in this Tariff, by Ohio State law or by Commission Regulations, the duty to pay such charges shall arise upon the demand for payment by Company and shall not be delayed or deferred by the commencement of any legal or equitable action by either Customer or Company in connection with such charges incurred under this Tariff.
- 2.8.11. The Customer is responsible for damage to or loss of the Company's facilities or equipment caused by the acts or omissions of the Customer or of any User; or by the noncompliance by the Customer or any User, with these regulations; or by fire or theft or other casualty on the Customer Premises or the premises of any User, unless caused by the negligence or willful misconduct of the employees or agents of the Company;
- 2.8.12. The Customer is responsible for providing, at no charge, as specified from time to time by the Company, any needed equipment, space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
- 2.8.13. The Customer is responsible for obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduit necessary for installation of fiber optic cable and associated equipment used to provide Services to the Customer from the cable building entrance or property line to the location of the building equipment space. Any and all costs associated with the obtaining and maintaining rights-of-way described herein, including the costs of altering the structure to permit installation of the Company provided facilities, shall be borne entirely by, or may be charged by the Company, to the Customer. The Company may require the Customer to demonstrate its compliance with this Section prior to accepting an order for service.

2.8.20. The Customer is responsible for placing any necessary orders; for complying with Tariff regulations; for the placement of any stickers or tent cards provided by the Company or as required by law; and for assuring that Users comply with Tariff regulations. The Customer shall ensure compliance with any applicable laws, regulations, orders or other requirements (as they exist from time to time) of any governmental entity relating to Services provided or made available by the Customer to Users. The Customer is also responsible for the payment of charges for calls originated at the Customer's numbers which are not collect, third party, calling card, or credit card calls.

2.8.21 Reserved for future use.

2.8.22. The Customer is responsible for charges incurred for special construction and/or special facilities which the Customer requests and which are ordered by the Company on the Customer's behalf.

2.8.23. The Customer shall ensure that the equipment and/or system is properly interfaced with Company facilities or Services, that the signals emitted into the Company's Network are of the proper mode, bandwidth, power, and signal level for the intended use of the Customer and in compliance with the criteria set forth in this Tariff, and that the signals do not damage equipment, injure personnel, or degrade Service to other Customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, the Company will permit such equipment to be connected with its channels without use of protective interface devices.

If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Company equipment, personnel, or the quality of Service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written, terminate the Customer's Service.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.9. ESTABLISHMENT OF CREDIT**

- 2.9.1. Company, in order to ensure payment of its charges for Service or for loss of or damage to Company property, will require Applicants and Customers to establish and maintain credit. The establishment or re-establishment of credit as provided in this Section does not relieve an applicant or Customer from compliance with other provisions of this Tariff as to the payment of bills and in no way modifies the Sections regarding disconnection and termination of Service for failure to pay bills due for Service furnished.
- 2.9.2. Application for Service under this Tariff will authorize Company to conduct a credit search on the Customer.
- 2.9.3. Company may require any applicant or Customer to establish credit in one of the following ways, consistent with Ohio statutes and rules:
- 2.9.3.1. Nonresidential applicants or Customers must provide information pertinent to the applicant's or Customer's credit standing that meets the Company's criteria for satisfactory credit in accordance with the MTSS.
 - 2.9.3.2. Applicants or Customers of residential interexchange service must provide information pertinent to the applicant's or Customer's credit standing that meets the Company's criteria for satisfactory credit in accordance the MTSS
 - 2.9.3.3. Applicants or Customers of residential local exchange services may demonstrate satisfactory credit by demonstrating Applicant that they had no disconnections or no more than two late payments within the past year. Applicants that cannot demonstrate satisfactory credit must provide a deposit as set forth in Section 2.10 of this Tariff.
- 2.9.4 Termination Liability
Inclusion of early termination liability by the Company in its Tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the Company as approved or sanctioned by the Commission. SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.10. DEPOSITS**

2.10.1. Company reserves the right to require Customer to make a deposit to guarantee payment of charges.

2.10.2. Deposit and Guarantee Requirements

The utility may require a deposit or guarantee of payment from any customer or applicant who has not established good credit with that utility, in accordance with the MTSS. Deposit or guarantee of payment requirements as prescribed by the utility must be based upon standards which bear a reasonable relationship to the assurance of payment. The utility may determine whether a customer has established good credit with that utility, except as herein restricted:

1) A customer, who within the last 12 months has not had service disconnected for nonpayment of a bill and has not been liable for disconnection of service for nonpayment of a bill, and the bill is not in dispute, shall be deemed to have established good credit. When required, a customer may assure payment by submitting a deposit. A deposit shall not exceed an estimated two months' gross bill or existing two months' bill where applicable.

2) A deposit or a guarantee of payment shall not be based upon income, home ownership, residential location, employment tenure, nature of occupation, race, color, creed, sex, marital status, age, national origin, or any other criteria which does not bear a reasonable relationship to the assurance of payment or which is not authorized by Ohio statutes or rules.

3) Credit reports shall not be used other than those reflecting the purchase of utility services to determine the adequacy of a customer's credit history without the permission in writing of the customer. Any credit history so used shall be bailed to the customer in order to provide the customer an opportunity to review the data. Refusal of a customer to permit use of a credit rating or credit service other than that of a utility shall not affect the determination by the utility as to that customer's credit history.

4) Qualifying applicants for service connection assistance will receive the service at no charge or reduced cost.

5) The amount of a deposit assessed for local service or toll service shall not exceed 230% of the estimated or, where the customer or service applicant has either an existing or a previous service account billing history with the local or toll service provider, the historic month average total charge for all regulated local services provided (or to be provided) to the Customer by the Company.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.10. DEPOSITS (Cont'd)****A. General**

Service Connection Assistance is a telephone assistance program that provides certain eligible residential customers requesting local exchange service with the following benefits:

- Waiver of applicable deposit requirements under this Tariff.
- Full or partial waiver up to \$60 of applicable service connection charges for establishing or re-establishing local exchange service as described in this Tariff (Service Connection Assistance does not apply to network wiring charges).

B. Regulations

1. Service Connection Assistance is a basic local exchange residential service offering available to customers who are currently participating in one of the following assistance programs:
 - a. Home Energy Assistance Program (HEAP);
 - b. Supplemental Security Income (SSI) under Title XVI of the Social Security Act;
 - c. Food Stamps;
 - d. Federal Public Housing or Section 8 Assistance; or
 - e. Medical Assistance under Chapter 5111 of the Ohio Revised Code (Medicaid).
 - f. National School Lunch Program
 - g. Temporary Aid to Needy Families (TANF)
2. The Telephone Company shall require, as proof of eligibility for Service Connection Assistance, a document signed by the customer, certifying under penalty of perjury that the customer is receiving benefits from one of the programs identified in Paragraph 2.B.1.above; identifying the specific program or programs from which the customer receives benefits.
3. Customers of Service Connection Assistance cannot be a dependent (as defined by the Federal Income Tax Code) under the age of 60.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.10. DEPOSITS (Cont'd)**

6. Service Connection Assistance shall be available to eligible customers not more than once in a one-year period at the same address. Customers must pay or make arrangements to pay to the Telephone Company any outstanding bills for regulated telephone services in the customer's name, and no other member of the household may owe money for such services previously provided at the customer's current address.
7. Service Connection Assistance customers are not restricted on the optional services to which they may subscribe.

5) All deposits shall be in addition to payment of an outstanding bill or a part of such bill as has been resolved to the satisfaction of the utility, except where such bill has been discharged in bankruptcy. A utility shall not require a deposit or a guarantee of payment without explaining in writing why that deposit or guarantee is being required and under what conditions, if any, the deposit will be diminished upon return. The deposit shall be refunded to the customer after 12 consecutive months of prompt payment of all bills to that utility. The utility may, at its option, refund the deposit by direct payment or as a credit on the bill. With notice any deposit of a customer shall be applied by the utility to a bill when the bill has been determined by the utility to be delinquent. Each utility shall issue a written receipt of deposit to each customer from whom a deposit is received and shall provide a means whereby a depositor may establish a claim if the receipt is unavailable.

6) Interest shall be paid on deposits at the rate of six percent per year. Interest on deposits shall be payable from the date of deposit to the date of refund or disconnection. The utility may, at its option, pay the interest at intervals it chooses but at least annually, by direct payment, or as a credit on bills. Upon termination of service, the deposit with accrued interest shall be credited to the final bill and the balance shall be returned within 45 days to the customer. Pursuant to Rule 17-6, the Company will refund all deposits including interest.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.10. DEPOSITS (Cont'd)****2.10.3. Guarantee of Payment**

Company may accept, in lieu of deposit, a contract signed by a guarantor satisfactory to the utility whereby payment of a specified sum, not exceeding the deposit requirement, is guaranteed. The term of such contract shall be for no longer than 12 months, but shall automatically terminate after the customer has closed and paid the account with the utility, or at the guarantor's request upon 30 days written notice to the utility. Upon termination of a guarantee contract or whenever the utility deems same insufficient as to amount or surety, a cash deposit or a new or additional guarantee may be required for good cause upon reasonable written notice to the customer. The service of any customer who fails to comply with these requirements may be disconnected upon notice as prescribed in Ohio Rules. The utility shall mail the guarantor copies of all disconnect notices sent to the customer whose account he has guaranteed unless the guarantor waives such notice in writing.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.12. INTERRUPTION OF SERVICE**

- 2.12.1. The Company will follow the Commission's rules in the case of major outage and/or service interruption.
- 2.12.2. For the purpose of applying this provision, the word "interruption" will mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include, and no allowance will be given for, service difficulties such as slow dial tone, circuits busy or other network and/or switching capacity shortages.
- 2.12.3. Pursuant to the MTSS, all reported interruptions of service will be restored within one (1) working day, excluding Sundays and holidays, except those caused by emergency situations, unavoidable catastrophes.
- 2.12.4. Credit allowance for interruptions of service which are not due to Company's testing or adjusting, to the negligence of the customer, to the failure of channels, equipment and/or communications equipment provided by the Customer or to circumstances beyond the Company's control, including force majeure, are subject to the provisions of the MTSS. It shall be the obligation of the Customer to notify Company of any interruptions of service. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission of the Customer, not within the Customer's control.
- 2.12.5. No credit allowances will be allowed for an interruption of services for continuous duration of less than twenty-four (24) hours, and then for every full twenty-four (24) hours thereafter;
- 2.12.6. If an out-of-service condition exceeds twenty-four hours but is less than forty-eight hours, the Company will credit Customer's bill for at least the pro rata portion of the monthly charge(s) for all regulated local services rendered inoperative during the interruption. Credit for out-of-service conditions lasting longer will be provided as follows:

(1) The Company will provide a Customer who experiences an out-of-service condition of forty-eight hours but less than seventy-two hours a credit equal to at least one-third of one month's charges for any regulated local services rendered inoperative.

(2) The Company will provide a Customer who experiences an out-of-service condition of seventy-two hours but less than ninety-six hours a credit equal to at least two-thirds of one month's charges for any regulated local services rendered inoperative.

(3) The Company will provide a Customer who experiences an out-of-service condition of at least ninety-six hours a credit equal to at least one month's charges for any regulated local services rendered inoperative.

SECTION 2 - RULES AND REGULATIONS (Cont'd)**2.15. CANCELLATION BY COMPANY**

2.15.1. Pursuant to Ohio rules, the Company may discontinue service to the Customer without notice or without further notice for the following reasons:

- 2.15.1.1. An emergency may threaten the health or safety of a person, or the local service provider's distribution system. If service is disconnected, the company shall act promptly to restore service as soon as possible;
- 2.15.1.2. A subscriber's use of telecommunications equipment adversely affects the company's equipment, its service to others, or the safety of the Company's employees or subscribers; or
- 2.15.1.3. A subscriber tampers with facilities or equipment owned by the telecommunications provider.

2.15.2. The Company will restore service that has been disconnected pursuant to section 2.16.2, above, once the Customer has corrected the underlying reason for the disconnection, and in accordance with the MTSS. The Company may require a deposit for restoration of service in accordance with section 2.10 of this Tariff.

2.15.3. The Company, after providing the Customer with 14 days proper notice, will discontinue service if and only if the following reasons are met:

- 2.15.3.1. if the Company determines that the Customer has used Customer-owned-equipment that adversely affects the Company's service to its other customers;
- 2.15.3.2. if the Company determines the Customer has not paid regulated charges or has not paid a deposit as provided in this Tariff with this Company, except for non-payment of charges incurred from information delivery services or disputed third-party billed charges;
- 2.15.3.3. if the Company is unable to substantiate the identity of the individual requesting service; provided that the Company will allow a person to substantiate his/her/its identity with at least a current Ohio State driver's license or with another piece of picture identification from a list of four Company approved forms of identification. The Company will provide a cost free means to substantiate identification.
- 2.15.3.4. if the Company determines that the Customer has received service from the company by providing false information, including false statements of credit references or employment, false statement of premises address, use of an alias or false name with the intent to deceive the Company, or rotation of service among roommates or persons living together for the purpose of avoiding the debts of one or more person;

SECTION 3 – LOCAL EXCHANGE SERVICE**3.1. DESCRIPTION OF SERVICE**

- 3.1.1. Local Exchange Service may be offered to Customers in locations that Company determines are feasible, and for which it receives the necessary approvals from the Commission or other state regulatory bodies. Company may offer such services via one or more of the following: resale, leased or owned facilities. In addition to dial tone, Company will provide the features described below.
- 3.1.2. Local Exchange Service is telephone service that allows Customers to originate calls from the Customer location to locations within the Customer's local calling area. In addition the Customer may originate long distance calls that are routed to appropriate long distance carrier. The Customer may also receive calls that originate either within local service area or from other locations worldwide.
- 3.1.3. The Company provides services through its own Facilities or through the local exchange carrier or alternative carriers. Depending on the Customer's needs, they have a choice of features to which they can subscribe as set forth in this Tariff. The Company also provides access to interexchange Service by resale of service from interexchange carriers.
- 3.1.4. Local Service provides the Customer with touch tone, voice-grade telecommunications services that can be used to place or receive calls. The Customer may place calls to any local calling station in the local calling area. Additionally, subject to availability, the Customer may access certain features, including, operator services, directory assistance, enhanced 911 (where available to Company), custom calling features, including voice mail (where available) and telecommunications relay services. The Customer may also place calls to toll-free numbers where equipment allows.
- 3.1.5. Residential Service is provided only to private residences where business listings are not provided and telephone service is not used for the conduct of business.
- 3.1.6. Business Service is provided to any location where activities are of a business, trade, or professional nature. Business service is also provided to schools, hospitals, libraries, churches, lodges, and other similar institutions.

SECTION 3 – LOCAL EXCHANGE SERVICE (Cont'd)**3.1. DESCRIPTION OF SERVICE (Cont'd)**

- 3.1.7. Timing of calls begins when the called station is answered, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. The Company does not bill for incomplete calls.
- 3.1.8. **Auto Busy Redial**
Auto Busy Redial enables the Customer to redial automatically the last outgoing telephone number. If that telephone number is busy, the service will make call attempts to the telephone number for a maximum of thirty (30) minutes beginning with the Customer's activation of Auto Busy Redial, in an effort to establish the call. The Customer will be signaled with a distinctive ring when the call can be completed. Customers access Auto Busy Redial by dialing *66 and can cancel an Auto Busy Redial activation by dialing *86.
- 3.1.9. **Caller ID - Name and Number Blocking**
Any Company calling party may prevent the delivery of Calling Party Number and Calling Party Name to the called party by dialing an access code (*67 on their touch-tone pad or 1367 from a rotary telephone) immediately prior to placing a call. The access code will activate blocking on a per call basis.
- 3.1.10. **Call Forwarding**
Call Forwarding enables the Customer to transfer all incoming calls to another telephone number. The Customer is responsible for the payment of charges (i.e., toll charges) for each call between the Customer's call forwarding equipped telephone and the telephone to which the call is being forwarded. The transmission may not meet normal standards depending upon the distance and routing necessary. Customers who are subscribed to Call Forwarding activate the service by dialing #72 and can deactivate the service by dialing #73.
- 3.1.11. **Auto Call Return**
Auto Call Return enables the Customer to redial automatically the last incoming call, whether or not it was answered. If that telephone number is busy, automated continuous attempts will occur to call the number for a maximum of thirty (30) minutes beginning with the Customer's activation of Auto Call Return in an attempt to establish the call. The Customer will be signaled with a distinctive ring when the call can be completed. Customers activate Auto Call Return by dialing *69.

SECTION 3 – LOCAL EXCHANGE SERVICE (Cont'd)**3.1. DESCRIPTION OF SERVICE (Cont'd)****3.1.12. Call Waiting**

Call Waiting alerts Customers via a tone signal while a call is in progress to indicate a second call is waiting and, by operation of the switchhook, allows the Customer to place the first call on hold and answer the waiting call. Call Waiting subscribers may deactivate Call Waiting for the duration of one call by dialing *70 prior to the direct-dialed digits. Call Waiting is automatically reactivated for the next originating or terminating call.

3.1.13. Caller ID

Caller ID allows the Customer to identify the calling party prior to the telephone being answered. Caller ID displays the name and/or telephone number of the calling party on the Customer's CPE before the call is answered at the Customer's premises. Caller ID consists of two features: 1) Calling Number Delivery, which identifies the telephone number of the calling party, before the telephone is answered and 2) Calling Name and Number Delivery, which identifies the name and telephone number of the calling party, before the telephone is answered. Caller ID requires a period of time equivalent to two ringing tones in order to produce the name and telephone number display on the CPE. Caller ID displays non-published telephone numbers, unless the Customer who has a non-published listing activates a call identification block.

3.1.14. Speed Calling

Speed Calling enables a Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. Speed Calling 8 Number allows for an eight (8) telephone number capacity, wherein the telephone numbers are assigned a one digit code. Customers may program Speed Calling 8 Number by dialing 74# and waiting for the dial tone. Customers then dial the code (consisting of numbers 2 through 9) to be assigned and the telephone number, including area code if necessary. To dial the number, Customers dial the code number followed by the pound sign (#).

SECTION 3 – LOCAL EXCHANGE SERVICE (Cont'd)**3.1. DESCRIPTION OF SERVICE (Cont'd)****3.1.15. Three-Way Calling**

Three-Way Calling enables a Customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation. The transmission may not meet normal standards depending on the distance and routing necessary to activate a three-way call. Customers access Three-Way Calling during a current call by pressing and releasing the receiver button to receive a second dial tone, dialing the third-party telephone number, and pressing and releasing the receiver button to connect the two calls.

3.1.16. Call Waiting ID

Call Waiting ID allows the Customer to identify the calling party on a waiting call prior to the telephone being answered. Call Waiting ID displays the telephone number and/or name of the calling party on a Customer's CPE while a call is in progress. Call Waiting ID requires a period of time equivalent to two ringing tones in order to produce the name and telephone number display on the CPE. Call Waiting ID displays non-published telephone numbers, unless the Customer who has a non-published listing activates a call identification block. Call Waiting ID requires subscription to Call Waiting and Caller ID Services.

DEFINITIONS

Certain terms used generally throughout this Tariff are described below.

Advance Payment

Part or all of a payment required before the start of service.

Access Services or Switched Access Services

The Company's interstate telephone services offered pursuant to this Tariff.

Busy Hour Minutes of Capacity (BHMC)

The term "Busy Hour Minutes of Capacity" (BHMC) denotes the Customer specified maximum amount of Switched Access Service and/or Directory Assistance Service access minutes the Customer expects to be handled in an end office switch during any hour in an 8:00 a.m. to 11:00 p.m. period for the Feature Group and/or Directory Assistance Service ordered. This Customer specified BHMC quantity is the input data the Company uses to determine the number of transmission paths for the Feature Group and/or Directory Assistance Service ordered.

Carrier or Common Carrier

See Interexchange Carrier.

Common Channel Signaling

The term "Common Channel Signaling" (CCS) denotes a high speed packet switched communications network which is separate (out of band) from the public packet switched and message networks. Its purpose is to carry addressed signaling messages for individual trunk circuits and/or database related services between Signaling Points in the CCS network.

Company or DONet Communications, LLC

DONet Communications, LLC, the issuer of this Tariff, and its concurring subsidiaries.

Issued: October 1, 2008

DEFINITIONS (cont'd)

Company Calling Card

A telephone calling card issued by the Company at the Customer's request, which enables the Customer or User(s) authorized by the Customer to place calls over the Network and to have the charges for such calls billed to the Customer's account.

Credit Card

A Credit Card is an accepted credit card, which is defined as a credit card that the cardholder has requested or applied for and received, or has signed, used or authorized another person to use to obtain credit. Any credit card issued as a renewal or substitute in accordance with this paragraph is an accepted credit card when received by the cardholder.

Customer

The person, firm or corporation which orders service and is responsible for the payment of charges and compliance with the Company's regulations.

End Office

With respect to each NPA-NXX code prefix assigned to the Company, the location of the Company's "end office" for purposes of this Tariff shall be the point of interconnection associated with that NPA-NXX code in the Local Exchange Routing Guide, issued by Bellcore.

End User or User

Any person or entity that obtains the Company's services provided under this Tariff, regardless of whether such person or entity is so authorized by the Customer.

Exchange Telephone Company

Denotes any individual, partnership, association, joint-stock company, trust, or corporation engaged in providing switched communication within an exchange.

Intrastate Access Service

Provides for a two-point communications path between a Customer's premises or a collocated interconnection location and an end user's premises for originating and terminating calls within the state.

DEFINITIONS (cont'd)

Interexchange Carrier (IXC) or Interexchange Common Carrier

The terms "Interexchange Carrier" (IXC) or "Interexchange Common Carrier" denotes any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged for hire in interstate or foreign communication by wire or radio, between two or more exchanges.

LATA

A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the NATIONAL EXCHANGE CARRIER ASSOCIATION, Inc. Tariff F.C.C. No. 4.

Network

Refers to the Company's facilities, equipment, and services provided under this Tariff.

Recurring Charge

The monthly charges to the Customer for services, facilities and equipment which continue for the agreed upon duration of the service.

Service Commencement Date

The first date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this Tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and the Customer may mutually agree on a substitute Service Commencement Date. If the Company does not have an executed Service Order from a Customer, the Service Commencement Date will be the first date on which the service or facility was used by a Customer.

DEFINITIONS (cont'd)Service Order

The written request for access services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this Tariff, but the duration of the service is calculated from the Service Commencement Date. Should a Customer use the Company's access service without an executed Service Order, the Company will then request the Customer to submit a Service Order.

Service Switching Point (SSP)

A Service Switching Point denotes an end office or tandem which, in addition to having SS7 and SP capabilities, is also equipped to query centralized data bases.

Serving Wire Center

The term "Serving Wire Center" denotes the wire center from which the Customer designated premises would normally obtain dial tone.

Shared

A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Signaling Point (SP)

The term "Signaling Point (SP)" denotes an SS7 network interface element capable of originating and terminating SS7 trunk signaling messages.

Signaling Point of Interface (SPOI)

The term "Signaling Point of Interface" (SPOI) denotes the Customer designated location where the SS7 signaling information is exchanged between the Exchange telephone Company and the Customer.

Signaling System 7 (SS7)

The term "Signaling System 7" (SS7) denotes the layered protocol used for standardized common channel signaling in the United States and Puerto Rico.

DEFINITIONS (cont'd)

Signal Transfer Point (STP) Port

The term "Signal Transfer Point (STP) Port" denotes the point of termination and interconnection to the STP.

Toll Free

A term to describe an inbound communications service which permits a call to be completed at a location without charge to the calling party. Access to the service is gained by dialing a ten (10) digit telephone number (e.g. NPA is 800, 888, etc.).

Universal Emergency Telephone Number (911) Service

Wherever feasible, the Company will provide a universal Central Office number "911" for the use of Public Safety Agencies having the responsibility to protect the safety and property of the general public. It is intended that use of 911 Service will provide the public with a means of simple and direct telephone access to a Public Safety Answering Point.

Wire Center

A building in which one or more central offices, used for the provision of exchange services, are located.

APPLICATION OF TARIFF

This Tariff applies to intrastate access service supplied to Customers for origination and termination of traffic to and from Central Office codes directly assigned to DONet Communications, LLC.

This Tariff applies only to the extent that facilities are available and services provided hereunder are used by a Customer for the purpose of originating or terminating intrastate communications. A communication is "intrastate" only if all points of origination and termination are located within the State of Ohio.

REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish access services in accordance with the terms and conditions set forth in this Tariff.

2.1.2 Shortage of Facilities

All service is subject to the availability of suitable facilities. The Company reserves the right to limit the length of communications or to discontinue furnishing services when necessary because of the lack of transmission medium capacity or because of any causes beyond its control.

2.1.3 Terms and Conditions

- A) Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this Tariff, a month is considered to have 30 days.
- B) Customers may be required to enter into written Service Orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this Tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- C) In any action between the parties to enforce any provision of this Tariff, the prevailing party shall be entitled to recover its legal fees and court costs from the non-prevailing party in addition to other relief a court may award.

2.1 Undertaking of the Company (cont'd)

2.1.4 Limitations on Liability (cont'd)

- E) The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere. The Company shall be indemnified, defended and held harmless by the Customer from and against any and all claims, loss, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, including environmental contamination, whether owned by the Customer or by any other party, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, presence, condition, location, use or removal of any equipment or facilities or the service.
- F) The Company assumes no responsibility for the availability or performance of any cable or satellite systems or related facilities under the control of other entities, or for other facilities provided by other entities used for service to the Customer, even if the Company has acted as the Customer's agent in arranging for such facilities or services. Such facilities are provided subject to such degree of protection or non-preemptibility as may be provided by the other entities.
- G) Approval of limitation of liability language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is the court's responsibility to adjudicate negligence and consequential damages claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

2.1.5 Provision of Equipment and Facilities

- A) Except as otherwise indicated, customer-provided station equipment at the Customer's premises for use in conjunction with this service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.
- B) The Company shall not be responsible for the installation, operation or maintenance of any Customer-provided communications equipment. Where such equipment is connected to service furnished pursuant to this Tariff, the responsibility of the Company shall be limited to the furnishing of services under this Tariff and to the maintenance and operation of such services in the proper manner. Subject to this responsibility, the Company shall not be responsible for:
 - 1) the through transmission of signals generated by Customer-provided equipment or for the quality of, or defects in, such transmission; or
 - 2) the reception of signals by Customer-provided equipment; or
 - 3) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

2.1 Undertaking of the Company (cont'd)

2.1.6 Ownership of Facilities

Title to all facilities provided in accordance with this Tariff remains in the Company, its agents, contractors or suppliers.

2.2 Prohibited Uses

- A) The services the Company offers shall not be used for any unlawful purpose or for any use for which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- B) The Company may require applicants for service who intend to use the Company's offering for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and regulations, policies, orders, and decisions.
- C) The Company may require a Customer to immediately shut down its transmission if such transmission is causing interference to others.
- D) A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated Access Services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this Tariff will apply.

2.3.1 Customer Premises Provisions

- A) The Customer shall provide the personnel, power and space required to operate all facilities and associated equipment installed on the premises of the Customer.
- B) The Customer shall be responsible for providing Company personnel access to premises of the Customer at any reasonable hour for the purpose of testing the facilities or equipment of the Company.

2.3.2 Liability of the Customer

- A) The Customer will be liable for damages to the facilities of the Company and for all incidental and consequential damages caused by the negligent or intentional acts or omissions of the Customer, its officers, employees, agents, invitees, or contractors where such acts or omissions are not the direct result of the Company's negligence or intentional misconduct.
- B) To the extent caused by any negligent or intentional act of the Customer as described in (A), preceding, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, for (1) any loss, destruction or damage to property of any third party, (2) the death of or injury to persons, including, but not limited to, employees or invitees of either party, and (3) any liability incurred by the Company to any third party pursuant to this or any other tariff of the Company, or otherwise, for any interruption of, interference to, or other defect in any service provided by the Company to such third party.

REGULATIONS (cont'd)**2.3 Obligations of the Customer** (cont'd)**2.3.3 Jurisdictional Report Requirements**

- (A) For Feature Group D Switched Access Service(s), the Company, where jurisdiction can be determined from the call detail, will determine the projected interstate percentage as follows. For originating access minutes, the projected interstate percentage will be developed on a monthly basis by end office trunk group when the Feature Group D Switched Access Service access minutes are measured by dividing the measured interstate originating access minutes (the access minutes where the calling number is in one state and the called number is in another state) by the total originating access minutes when the call detail is adequate to determine the appropriate jurisdiction. For terminating access minutes, the Customer has the option to provide the Company with a projected PIU factor. Customers who provide a PIU factor shall supply the Company with an interstate percentage of the Feature Group D terminating access minutes for each account to which the Customer may terminate traffic.

Should the Customer not supply a terminating PIU factor, the data used by the Company to develop the projected interstate percentage for originating access minutes will be used to develop projected interstate percentage for such terminating access minutes. When a Customer orders Feature Group D Switched Access Service, the Customer shall supply a projected interstate percentage of use for each end office trunk group involved to be used in the event that originating call details are insufficient to determine the jurisdiction for the call. This percentage shall be used by the Company as the projected interstate percentage for such call detail. For purposes of developing the projected interstate percentage, the Customer shall utilize the same considerations as those set forth in Section 2.3.3(B) following.

REGULATIONS (cont'd)**2.3** Obligations of the Customer (cont'd)**2.3.3** Jurisdictional Report Requirements (cont'd)**A)** (cont'd)

The Company will designate the number obtained by subtracting the projected interstate percentage for originating and terminating access minutes from 100 ($100 - \text{projected interstate percentage} = \text{intrastate percentage}$) as the projected intrastate percentage of use.

If the Customer has no originating traffic within the end office for which sufficient call detail exists to develop a PIU factor, and the Customer has not supplied a PIU factor on either the quarterly update report or the Access Service Request, the Company will designate a PIU factor of 50% for Feature Group D terminating access minutes. For originating Toll Free access minutes, where the call detail is insufficient to determine the jurisdiction of the call, the Customer shall provide the Company with a projected PIU factor. If such a PIU has not been provided for Toll Free access minutes, the Company will designate the default PIU factor of 50%. This factor will be applied to the next billing cycle and continue until the Customer provides a PIU factor. When the Customer does provide the PIU factor, the Company will update the Customer's PIU factors within fifteen (15) business days.

- B)** For purposes of developing the projected interstate percentage, the Customer shall consider every call that enters the Customer's network at a point within the same state as the state where the called station is located to be intrastate and every call that enters the Customer's network at a point in a state different from the state in which the called station is located to be interstate.

- C) These whole number percentages will be used by the Company to apportion the use, rates, and/or nonrecurring charges between interstate and intrastate until a revised report is received.
- D) The projected interstate percentage of use will be used to determine the charges as follows:

The number of access minutes for a trunk group will be multiplied by the projected interstate percentage of use to determine the interstate access minutes (i.e., number of access minutes x projected interstate percentage of use = interstate access minutes). The number of interstate access minutes so determined will be subtracted from the total number of access minutes (i.e., total number of access minutes - interstate access minutes = intrastate access minutes). The intrastate access minutes for the group will be billed as set forth in Section 5 following.

REGULATIONS (cont'd)2.3 Obligations of the Customer (cont'd)2.3.3 Jurisdictional Report Requirements (cont'd)

- E) Effective on the first of January, April, July and October of each year, the Customer may update the jurisdictional reports that require a projected interstate percentage. The Customer shall forward to the Company, to be received no later than 20 calendar days after the first of each such month, a revised report showing the interstate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate and intrastate use. Except as set forth in Section 2.3.3(A) preceding where jurisdiction can be determined from the recorded message detail, the revised report will serve as the basis for the next three months billing and will be effective on the bill date in the following month (i.e., February, May, August, and November) for that service. No prorating or back billing will be done based on the report. If the Customer does not supply the report, the Company will assume the percentage to be the same as that provided in the last quarterly report. For those cases in which a quarterly report has never been received from the Customer, the Company will assume the percentage to be the same as that provided in the order for service as set forth in Section 2.3.3(A) preceding.
- F) The Customer-reported projected interstate percentage of use as set forth in Section 2.3.3(A) preceding will be used for the apportionment of any monthly rates or nonrecurring charges associated with Feature Groups B or D Switched Access Service until the end of the quarter during which the service was activated. Thereafter, a projected interstate percentage for such apportionment will be developed quarterly by the Company based on the data used to develop the projected interstate percentage of use as set forth in Section 2.3.3(A) preceding. Where call detail is insufficient to make such a determination, the Customer will be requested to project an interstate percentage of use to be used by the Company for such apportionment.

Such a request will be initiated by the Company no more than once per year. The Customer shall supply the data within 30 calendar days of the Company request.
- H) The Customer may provide an additional percentage of interstate use for Entrance Facility and Direct Trunked Transport subject to the reporting requirements previously listed in this section. The percentage of interstate use may be provided per individual facility or at the billing account level. Should the Customer not provide a percentage of interstate use, the Company will use the reported Feature Group B or Feature Group D aggregated percentage of interstate use.

2.4 Customer Equipment and Channels2.4.1 Interconnection of Facilities

- A) In order to protect the Company's facilities and personnel and the services furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's service shall be such as not to cause damage to the facilities of the Company. The Customer is responsible for payment of all charges incurred by the Customer or other users for services and facilities furnished to the Customer by the Company.

- A) Non-recurring charges are due and payable within 30 days after the date of the invoice.
- B) The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the date of the invoice. When billing is based upon customer usage, usage charges will be billed monthly for the preceding billing period.
- C) When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.
- D) Billing of the Customer by the Company will begin on the Service Commencement Date, which is the day on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this Tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

For the purposes of this section, "notice" is defined as written notice to the Company, containing sufficient documentation to investigate the dispute, including the account number under which the bill has been rendered, the date of the bill, and the specific items on the bill being disputed.

B) Late Payment Charge

- 1) The undisputed portions of the bill must be paid by the payment due date to avoid assessment of a late payment charge on the undisputed amount under Section 2.6.2(E), preceding.
- 2) In the event that a billing dispute is resolved by the Company in favor of the Customer, any disputed amount withheld pending resolution of the billing dispute shall not be subject to the late payment charge.
- 3) In the event that a billing dispute is resolved in favor of the Company, the Customer shall pay the late payment charge.

C) Adjustments or Refunds to the Customer

- 1) In the event that the Company resolves the billing dispute in favor of a Customer who has withheld payment of the disputed amount pending resolution of the disputed bill, the Company will credit the Customer's account for the disputed amount in the billing period following the resolution of the dispute.
- 2) In the event that the Company resolves the billing dispute in favor of a Customer who has paid the total amount of the disputed bill, the Company will credit the Customer's account for any overpayment by the Customer in the billing period following the resolution of the dispute.
- 3) In the event that the Company resolves the billing dispute in favor of a Customer who has paid the total amount of the disputed bill but canceled the service, the Company will issue a refund of any overpayment by the Customer.
- 4) All adjustments or refunds provided by the Company to the Customer at the Customer's request, or provided by the Company to the Customer by way of compromise of a billing dispute, and which are accepted by the Customer, are final and constitute full satisfaction, settlement, and/or compromise of all of the Customer's claims for the billing period for which the adjustment or refund was issued.

2.5.7 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fees shall be adjusted according to the terms and conditions set forth in 3.1.1(C) following.

2.5.8 Customer Overpayment

The Company will pay interest on a Customer overpayment. Customer overpayment shall mean a payment to the Company in excess of the correct charges for service when caused by erroneous billing by the Company. The rate of interest shall be the unadjusted interest rate paid on Customer deposits or the late payment penalty rate, whichever is greater. Interest shall be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit interest rate or late payment penalty rate, and compounded monthly, until the date when the overpayment is refunded. No interest shall be paid on Customer overpayments that are refunded within thirty (30) days after such overpayment is received by the Company.

REGULATIONS (cont'd)2.6 Allowances for Interruptions in Service2.6.1 General

- A) A credit allowance will be given when service is interrupted, except as specified in Section 2.7.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this Tariff.
- B) An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and, if necessary, releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.
- C) If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.

2.6.2 Limitations of Allowances

No credit allowance will be made for any interruption in service:

- A) Due to the negligence of or noncompliance with the provisions of this Tariff by any person or entity other than the Company, including but not limited to the Customer or other common carriers connected to the service of the Company;
- B) Due to the failure of power, equipment, systems, connections or services not provided by the Company;

2.6.5 Cancellation For Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit which has been subject to the outage or cumulative service credits.

2.7 Cancellation of Service/Termination Liability

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.7.1), Customer agrees to pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in Section 2.6.2.

2.7.1 Termination Liability

Customer's termination liability for cancellation of service shall be equal to:

- 1) all unpaid non-recurring charges reasonably expended by Company to establish service to Customer, plus;
- 2) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus;

- 4) minus a reasonable allowance for costs avoided by the Company as a direct result of Customer's cancellation.

2.7.2 Inclusion of early termination liability by the Company in its Tariff does not constitute a determination by the Commission that the termination liability imposed by the Company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

2.8 Customer Liability for Unauthorized Use of the Network

2.8.1 Unauthorized Use of the Network

- A) Unauthorized use of the Network occurs when: (1) a person or entity that does not have actual, apparent, or implied authority to use the Network, obtains the Company's services provided under this Tariff; or (2) a person or entity that otherwise has actual, apparent, or implied authority to use the Network, makes fraudulent use of the Network to obtain the Company's services provided under this Tariff, or uses specific services that are not authorized.
- B) The following activities constitute fraudulent use:

REGULATIONS (cont'd)**2.9** **Application of Rates**

The regulations set forth in this section govern the application of rates for services contained in other sections of this Tariff.

2.9.1 **Charges Based on Duration of Use**

Customer traffic to end offices will be measured (i.e., recorded or assumed) by the Company at end office switches or access tandem switches. Originating and terminating calls will be measured (i.e., recorded or assumed) by the Company to determine the basis for computing chargeable access minutes. In the event the Customer message detail is not available because the Company lost or damaged tapes or experienced recording system outages, the Company will estimate the volume of lost Customer access minutes of use based on previously known values.

For originating calls over FGD, usage measurement begins when the originating FGD switch receives the first wink supervisory signal forwarded from the Customer's point of termination.

The measurement of originating call usage ends when the originating FGD switch receives disconnect supervision from either the originating end user's end office, indicating the originating end user has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.

For terminating calls over FGD, the measurement of access minutes begins when the terminating FGD switch receives answer supervision from the terminating end user's end office, indicating the terminating end user has answered. For terminating calls over FGD Access Service, the measured minutes are chargeable access minutes. Where assumed minutes are used, the assumed minutes are the chargeable access minutes.

REGULATIONS (cont'd)2.9 Application of Rates (cont'd)2.9.1 Charges Based on Duration of Use (cont'd)

The measurement of terminating call usage over Feature Group D ("FGD") ends when the terminating FGD switch receives disconnect supervision from either the terminating end user's end office, indicating the terminating end user has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.

FGD access minutes or fractions thereof, the exact value of the fraction being a function of the switch technology where the measurement is made, are accumulated over the billing period for each end office, and are then rounded up to the nearest access minute for each end office.

2.9.2 Rates Based Upon Distance

Where the charges for service are specified based upon distance, the following rules apply:

- A) Distance between two points is measured as airline distance between the wire centers of the originating and terminating telephone lines. The wire center is a set of geographic coordinates, as referenced in NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. Tariff F.C.C. No. 4, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Except that, until the NATIONAL EXCHANGE CARRIER ASSOCIATION, INC. Tariff F.C.C. No. 4 is revised to include certain Company wire centers, the airline distance should be determined utilizing the "V" (vertical) and "H" (horizontal) coordinates as set forth in applicable company tariffs.

- B) The airline distance between any two wire centers is determined as follows:
- 1) Obtain the "V" and "H" coordinates for each wire center from the above-referenced NATIONAL EXCHANGE CARRIER ASSOCIATION, Inc., tariff.
 - 2) Compute the difference between the "V" coordinates of the two wire centers; and the difference between the two "H" coordinates.
 - 3) Square each difference obtained in step (2) above.
 - 4) Add the square of the "V" difference and the square of the "H" difference obtained in step (3).
 - 5) Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.
 - 6) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.
 - 7) Formula

REGULATIONS (cont'd)2.9 Application of Rates (cont'd)2.9.3 Mileage

The mileage to be used to determine the Local Transport Facility monthly rates is calculated as the airline distance between the end office switch where the call carried by Local Transport originates or terminates and the Customer's serving wire center. The V&H coordinates method is used to determine mileage. This method is set forth in Section 2.10.2 preceding.

The Local Transport Facility mileage rates are shown in Section 3.1 of Section 5 in terms of per mile per access minute. To determine the rate to be billed, first compute the mileage. Should the calculation result in a fraction of a mile, always round up to the next whole mile before determining the mileage. Then multiply the mileage by the appropriate Local Transport Facility rate. The amount to be billed shall be the product of this calculation (i.e., the number of miles multiplied by the per mile rate) multiplied by the number of access minutes.

2.9.4 Surcharges and Taxes

In addition to the rates and charges applicable according to the rules and regulations of this Tariff, various surcharges and taxes may apply to the Customer's monthly billing statement; including, but not limited to, the Primary Interexchange Carrier Charge (PICC).

SERVICE DESCRIPTIONS3.1 Access Services

Switched Access Service, which is available to Customers for their use in furnishing their services to end users, provides a two-point communications path between a Customer's premises and an end user's premises. It provides for the use of common terminating, switching and Trunking facilities. Switched Access Service provides for the ability to originate calls from an end user's premises to a Customer's premises (or a collocated interconnection location), and to terminate calls from a Customer's premises (or a collocated interconnection location) to an end user's premises in the LATA where it is provided. Switched Access Service must be ordered separately for each LATA in which the Customer desires to originate or terminate calls.

Switched Access Service is provided in the following service categories, which are differentiated by their technical characteristics and the manner in which an end user or Customer accesses them when originating or terminating calls.

Feature Group D ("FGD") Access, which is available to all Customers, provides trunk-side access to Company end office switches with an associated uniform 10XXX or 101XXXX access codes for the Customer's use in originating and terminating communications. End users may also originate calls to a selected FGD Access Customer by dialing 1 +NPA-NXX-XXXX when using the Company's presubscription service.

Toll Free Data Base Access Service, which is available to all Customers, provides trunk-side access to Company end office switches in the originating direction only, for the Customer's use in originating calls dialed by an end user to telephone numbers beginning with the prefix "800" or "888".

SERVICE DESCRIPTIONS (cont'd)3.1 Access Services (cont'd)3.1.1 Access Service OrderA) Ordering Access Service Types

An Access Service Order is used by the Company to provide a Customer Access Service. When placing an order for Access Service, the Customer shall provide, at a minimum, the following information:

- 1) For FGD Switched Access Service:
 - (a) When direct routing to an end office is desired, the Customer shall specify:
 - the number of trunks,
 - the end office and
 - the Local Transport and Local Switching options desired.
 - (b) When end office routing via an access tandem switch operated by another Exchange Telephone Company is desired, the Customer shall specify:
 - the number of trunks,
 - the access tandem switch,
 - the Local Transport and Local Switching options desired, and
 - an estimate of the amount of traffic to be generated to and/or from each Company end office subtending another Exchange Telephone Company's access tandem.

In addition, the Customer shall also specify for terminating only access, whether the trunks are to be arranged in trunk group arrangements or provided as single trunks.

- 2) For FGD Switched Access Service, the Customer shall specify the number of Busy Hour Minutes of Capacity (BHMC) from the Customer's premises to the end office by traffic type. This information is used to determine the number of transmission paths. The Customer shall also specify the Local Transport and Local Switching options. When FGD is ordered by specifying the number of trunks and direct routing to an end office is desired, the Customer shall specify:

- the end office and
- the Local Transport and Local Switching options desired.

When FGD is ordered by specifying the number of trunks and end office routing via an access tandem operated by another Exchange Telephone Company is desired, the Customer shall specify:

- the access tandem,
- the Local Transport and Local Switching options desired, and
- an estimate of the amount of traffic to be generated to and/or from each Company end office subtending another Exchange Telephone Company's access tandem.

In addition, for FGD with the SS7 signaling option, the Customer shall specify the switching point codes and trunk circuit identification codes for trunks with the SS7 signaling option, and the STP point codes, signaling link codes and link type for each Common Channel Signaling Access (CCSA) connection ordered.

When a Customer orders FGD in trunks, the Customer is responsible to assure that sufficient access facilities have been ordered to handle its traffic.

- 3) For Toll Free Data Base Access Service, the Customer shall order the service in accordance with the preceding provisions set forth for Feature Group D. If the Customer desires any of the optional features available with Toll Free Data Base Service, the Customer shall so specify on the order for service.

D) Cancellation of an Access Service Order

- 1) A Customer may cancel an Access Service Order for the installation of service at any time prior to notification by the Company that services available for the Customer's use or prior to the service date, whichever is later. The cancellation date is the date the Company receives written or verbal notice from the Customer that the order is to be canceled. The verbal notice must be followed by written confirmation within 10 days. If a Customer or a Customer's end user is unable to accept Access Service within 30 calendar days after the original service date, the Customer has the choice of the following options:

- The Access Service Order shall be canceled and charges set forth in (2) following will apply, or
- Billing for the service will commence.

If no cancellation request is received within the specified 30 calendar days, billing for the service will commence. In any event, the cancellation date or the date billing is to commence, as applicable, shall be the 31st day beyond the original service date of the Access Service Order.

F) Minimum Period Charges

When Access Service is disconnected prior to the expiration of the minimum period, charges are applicable for the balance of the minimum period.

The Minimum Period Charge for monthly billed services will be determined as follows:

- For Switched Access Service, the charge for a month or fraction thereof is equal to the applicable minimum monthly charge for the capacity.
- All applicable nonrecurring charges for the service will be billed in addition to the Minimum Period Charge.

G) Nonrecurring Charges

Nonrecurring charges are one-time charges that apply for a specific work activity (i.e., installation or change to an existing service). Types of nonrecurring charges that apply for Switched Access Service are: installation of service and service rearrangements.

SERVICE DESCRIPTIONS (cont'd)3.1 Access Services (cont'd)3.1.1 Access Service Order (cont'd)G) Nonrecurring Charges (cont'd)1) Installation of Service

Nonrecurring charges apply to each Switched Access Service installed. For Switched Access Services ordered on a per trunk basis, the charge is applied per trunk or out of band signaling connection. For Switched Access Services ordered on a Busy Hour Minutes of Capacity basis, the charge is also applied on a per trunk basis but the charge applies only when the capacity ordered requires the installation of an additional trunk(s). In addition, nonrecurring charges apply when an out of band signaling connection is installed for use with FGD.

2) Service Rearrangements

All changes to existing services other than changes involving administrative activities only will be treated as a discontinuance of the existing service and an installation of a new service. The nonrecurring charge described in (1) preceding will apply for this work activity. Moves that change the physical location of the point of termination are described below.

(a) Moves Within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring charge for the capacity affected. There will be no change in the minimum period requirements.

Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new service. The Customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

H) Network Blocking Charge

The Customer will be notified by the Company to increase its capability (Busy Hour Minutes of Capacity or quantities of trunks) when excessive trunk group blocking occurs on groups carrying FGD traffic and the measured access minutes for that hour exceed the capacity purchased.

If the order for additional capacity has not been received by the Company within 15 days of the notification, the Company will bill the Customer, at the rate set forth in Section 3.1 of Section 5, for each overflow in excess of ordered capacity.

- A) Presubscription is an arrangement whereby an end user may select and designate to the Company an Interexchange Carrier (IXC) to access, without an access code, for intrastate interLATA calls and interstate interLATA calls subject to the Company's FCC Access Tariff. This IXC is referred to as the end user's Primary Interexchange Carrier (PIC). The end user may select as its PIC the Company, or any other IXC that orders originating Feature Group D Switched Access Service at the end office that serves the end user.
- B) At the request of a new or existing end user served by a Feature Group D end office, the Company will provide a list of IXCs the end user may select as its PIC. At no additional charge for the initial selection, the Customer may choose either of the following options.
- Designate an IXC as a PIC and dial 10XXX or 101XXXX to reach other IXCs.
 - Designate that they do not want to be presubscribed to any IXC and choose to dial 10XXX or 101 XXXX for all calls to all IXCs.

New end users subscribing to the Company's Exchange Access Service which do not specify a PIC will default to the Company as their initial PIC selection. Subsequent to the installation of Exchange Access Service, and after the end user's initial selection of a PIC, for any additional change in selection, a nonrecurring charge, as set forth in Section 3.2 of Section 5, applies and will be billed to the IXC on behalf of the end user.

BILLING AND COLLECTION SERVICES**4.1 Billing Name and Address Service**

Billing Name and Address (BNA) Service is the provision of the complete billing name, street address, city or town, state and zip code for a telephone number assigned by the Company.

BNA Service is provided for the sole purpose of permitting the Customer to bill its telephone communications service to its end users and may not be resold or used for any other purpose, including marketing activity such as market surveys or direct marketing by mail or by telephone.

The Customer may not use BNA information to bill for merchandise, gift certificates, catalogs or other services or products.

BNA Service, which allows Customers to submit the end user's ten-digit Automatic Number Identification (ANI) for returned end user BNA, is provided on both a manual and mechanized basis. On a manual basis, the BNA information may be requested by a written request (i.e., U.S. mail or facsimile). On a mechanized basis, the Customer-initiated request for information is available through electronic data transmission. The Company, upon receipt of the Customer's request, will process the ANI. If the BNA information is available within the Company's billing records, the Company will produce a report of the associated BNA information in either a paper or electronic data transmission media.

BNA information is furnished for 10XXX or 101XXXX dialing, collect, bill to third number and messages charged to a calling card that is resident in the Company's data base.

BILLING AND COLLECTION SERVICES (cont'd)**4.1 Billing Name and Address Service (cont'd.)****4.1.2 Obligations of the Customer (cont'd)**

- C) The Customer shall not publicize or represent to others that the Company jointly participates with the Customer in the development of the Customer's end user records, accounts, data bases or market data, records, files and data bases or other systems it assembles through the use of BNA Service.
- D) When the Customer orders BNA Service for both interstate and intrastate messages, the Jurisdictional Reporting Requirements listed in Section 2.3.3 will be applicable.

4.1.3 Rate Regulations

This section contains the specific regulations governing the rates and charges that apply for BNA Service. Specific rates and charges are set forth in Section 4.0 of Section 5.

The Service Establishment Charge and Record Transmission Charge apply to BNA Service. The Record Transmission Charge is a usage rate which applies on a per message (ANI) basis. The Record Transmission Charges are accumulated over a monthly period. The Company will keep a count of the records (ANI's) transmitted and report pages processed. The Company will bill the Customer in accordance with these counts whether or not the Company was able to provide BNA information for all BNA records. For billing purposes, each month is considered to have 30 days. When a Customer cancels an order for BNA Service after the order date, the Service Establishment Charge (if applicable) and the Record Transmission Charge will apply.

BILLING AND COLLECTION SERVICES (cont'd)**4.1 Billing Name and Address Service (cont'd)****4.1.3 Rate Regulations (cont'd)****A) Service Establishment Charge**

The BNA Service Establishment Charge applies for the initial establishment of BNA Service on either a manual or mechanized basis.

- B) The BNA Record Transmission Charge is a usage rate which applies on a per ten-digit ANI (message) basis. Each message is subject to the BNA Record Transmission Charge, regardless of whether the requested telephone number is available. The Record Transmission Charge is applied on either a manual or mechanized basis.

C) Media Charge

There are two types of medium: Paper and Electronic Data Transmission. The applicable Media Charge will depend upon the media type selected by the Customer.

1) Paper

A Paper charge is a usage rate which applies to each report page distributed to the Customer.

2) Electronic Data Transmission

An Electronic Data Transmission charge is a usage rate which applies per electronic data transmission record transmitted to the Customer.
