FEDERAL ENERGY
REGULATORY COMMISSION
SECRETARY OF THE
COMMISSION

RE: Docket No. CP07-208-000
Rockies Express Pipeline LLC, REX-East Project
Supplemental Information

Ms. Bose:

On April 30, 2007, Rockies Express Pipeline LLC (Rockies Express) filed with the Federal Energy Regulatory Commission (FERC or Commission) an application pursuant to Section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations, requesting a Certificate of Public Convenience and Necessity authorizing the construction and operation of an approximately 639-mile-long natural gas pipeline and related facilities (REX-East Project).

Rockies Express hereby files information to supplement its REX-East Project application. Enclosed for filing are the following items:

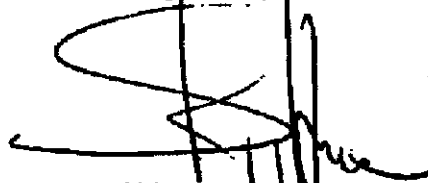

- SHPO and Tribal correspondence related to cultural resources (Attachment A, PUBLIC).
- Cultural resources reports (Attachment B, PRIVILEGED), including:
 - *Management Summary Phase III Data Recovery, of Site 23PI1381, for the Rockies Express East Pipeline Project (REX-East) in Pike County, Missouri (REX-EAST-MO-17); and*
 - *Management Summary Phase III Archaeological Data Recovery at Site 33WA797 Rockies Express Pipeline-East Project Warren County, Ohio (REX-East-OH-44)*

PUBLIC

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business. Technician Tm Date Processed 10/16/2008

Rockies Express is filing an original and seven (7) copies of all Public Information. Also included is one original copy of Privileged information, which has been labeled "Contains Privileged Information - Do Not Release." In addition, Rockies Express is providing complete copies of this filing directly to the FERC Project Manager. If you have any questions, please do not hesitate to contact me.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Shippen Howe', written over a large, stylized 'S' that serves as a background for the signature.

Rockies Express-East Pipeline in Vermillion, Parke, Putnam, Hendricks, Morgan,
Johnson, Shelby, Decatur, and Franklin Counties, Indiana

FERC Docket No. CP07-208-000

Dear Mr. Campbell:

Rockies Express is pleased to submit management summaries for the data recoveries at sites 11PK1245, 11PK1718 and 11ST547 located in Pike and Scott Counties, Illinois and site 23PI1365 located in Pike County, Missouri. These Management Summaries detail the data recovery investigations at sites that will be adversely affected by the REX-East project. Rockies Express has been in consultation with your office concerning the eligibility of these sites. In addition to these management summaries please find enclosed the report summarizing the Phase I surveys for variances located in Indiana.

The REX-East Project is regulated by the FERC under Section 7(c) of the Natural Gas Act (15 USC 717). As such, the project is subject to review under NEPA and Section 106 of the NHPA. The reports were filed with the FERC August 2008 with the stipulation that it be considered privileged and confidential. The reports are labeled "Contains Privileged Information—Do Not Release," and they will not be made public at any time.

Management Summary

SHPO Log Number: (007-MLT-06)

Dear Mr. Miles:

Rockies Express is pleased to submit a management summary for the data recoveries at site 23PI1365 for Illinois. This Management Summary details the data recovery investigations in Pike County, Missouri that will be adversely affected by the REX-East project. Rockies Express has been in consultation with your office concerning the eligibility of these sites. This management summary has been previously submitted via email to Judith Deel with your office on August 20, 2008.

The reports will be submitted on August 27, 2008 to the FERC with the stipulation that it be considered privileged and confidential. The reports are labeled "Contains Privileged Information—Do Not Release," and will not be made public at any time. In addition, copies of the management summaries will be submitted to the Osage Nation, the Wea Indian Tribe, and to the Iowa Tribe of Kansas and Nebraska, who have asked to be consulted on the project.

If you have any questions or concerns regarding the REX-East project, please contact me by letter at the above address, by telephone at 317-260-5857, or by email at sethnmitchell@gmail.com. We look forward to working with you on this project.

Re: Rockies Express Pipeline East Reports (see table below)

FERC Docket No. GP07-208-000

Dear Dr. Hunter:

Rockies Express is pleased to submit data recovery Management Summaries for sites 23P1294 and 23P11381 located in Pike County, Missouri; site 11ST544 located in Scott County, Illinois; sites 12DE772 and 12FR310 located respectively in Decatur and Franklin County, Indiana; and sites 33WA797, 33PE175 and 33PE351 located respectively in Warren and Perry County, Ohio. These Management Summaries detail the data recovery investigations at sites that will be adversely affected by the REX-East project. Rockies Express has been in consultation with your office concerning the eligibility of these sites.

In addition to these management summaries, please find enclosed the Work Plans for sites 12P652 and 12SH450 located respectively in Parke and Shelby County, Indiana as well as three reports summarizing Historic Structure and Phase Ia surveys for variances located in Indiana.

The REX-East Project is regulated by the FERC under Section 7(c) of the Natural Gas Act (15 USC 717). As such, the project is subject to review under NEPA and Section 106 of the NHPA. The reports were filed with the FERC August 2008 with the stipulation that it be considered privileged and confidential. The reports are labeled "Contains Privileged Information—Do Not Release," and they will not be made public at any time.

If you have any questions or concerns regarding the REX-East project, please contact me by letter at the above address, by telephone at 317-260-5857, or by email at sethnmitchell@gmail.com. We look forward to working with you on this project.

Judith:

Please find attached the management summary for the data recovery conducted by OSA, at site 23PI294. Two hard copies and a digital version on CD will be arriving at your office shortly. We would request an expedited review of the management summary as outlined in the treatment plan. Please let me know if you have any questions regarding this management summary or any other data recovery efforts currently ongoing.

The first attempt got kicked back to me so I reduced the file size and am resending, sorry if you get to copies.

Thank You

David:

Environment and Archaeology and The American Resources Group have completed the fieldwork at data recovery sites 11PK1599 and 11PK1713 respectively. In accordance with the treatment plan for these sites a management summary for each site has been prepared and are being submitted to your office for an expedited review. If you concur with the work completed at each site it would allow construction to proceed through these areas. Hard copies and a digital version will be sent to your office in the coming days. Could you please copy Ellen St. Onge from the FECR with your issuance of your comment letter. If you have any questions please feel free to contact me at (859) 640-8086.

Thank You and we look forward to your comments.
