APPLICATION OF TARIFF

This tariff filed by the Company describes the Regulated Local Service Tier 1 Terms, Conditions, Payments and Rates and Charges required in conformance with Competitive Retail Telephone Rules (Case No. 06-1345-TP-ORD). Services will be provided in compliance with Minimum Telephone Services Standards. The Company provides certain Tier 2, regulated services which are not required in the Company's tariff on file with the Public Utilities Commission of Ohio (Rule 4901: 1-06-05(g)).

The Customer may view the Detariffed / Nonregulated Services not included in this tariff on the Company's website at www.lightyear.net may also be viewed at the Company's headquarters: 1901 Eastpoint Parkway, Louisville, Kentucky 40223.

Customers rights, responsibilities and safeguards can be found in the Ohio Administrative Code Appendix (Rule 4901:1-5-03).

The applicable requirements of the Ohio Administrative Code and the Ohio Revised Code apply to the operations of the Company. The Company will comply with the Commission's policies and requirements for persons with communications disabilities and privacy and number disclosure requirements covered in subject cases. Any changes in terms or conditions of this tariff and/or operations of the Company will generate an obligation of the Company to provide notice of such changes in accordance with the Commission's Rules.

Customers have certain rights and responsibilities under the Minimum Telephone Service Standards (Ohio Adm. Code 4901:1-5) (MTSS). These safeguards can be found in the Appendix to Ohio Adm. Code 4901:1-5, which is entitled "Telephone Customer Rights and Responsibilities." These rights and responsibilities include complaint handling, ordering or changing service, service repair, payment of bills, and disconnection and reconnection of service.

SECTION 2 - REGULATIONS, CONT'D.

2.9 Cancellation of Service/Termination Liability (Contract Services)

If a Customer cancels a Service Order or terminates services before the completion of a contract term for any reason whatsoever other than a service interruption (as defined in Section 2.7.1 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.3.

Inclusion of early termination liability by the Company in its tariff or contract does not constitute a determination by the PUCO that the termination liability imposed by the Company is approved or sanctioned by the PUCO. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

Unless otherwise specified, the Customer's termination liability for cancellation of service shall be equal to:

- (A) all unpaid Non-Recurring charges reasonably expended by the Company to establish service to the Customer; plus
- (B) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Customer; plus
- (C) all recurring charges applicable for the balance of the current term.

SECTION 2 - REGULATIONS, CONT'D.

2.16 PUCO Toll Blocking Policy, Cont'd.

- 2.16.4** When a prospective customer, who has previously been universally blocked for nonpayment of toll charges by another carrier, seeks to select Lightyear Network Solutions, LLC as his or her 1+ carrier of choice, Lightyear Network Solutions, LLC may, subject to our tariffed toll deposit policies and the Commission's rules on establishment of service (See Section 4901:1-5 of the Ohio Administrative Code, [O.A.C.]), require a deposit for toll service. This deposit shall be in accordance with Section 4901:1-5 of the Ohio Administrative Code (OAC), but Lightyear Network Solutions, LLC may negotiate a lower deposit.
- 2.16.5** Lightyear Network Solutions, LLC may furnish credit information, acquired from Lightyear Network Solutions, LLC's own experiences with the customer, to consumer reporting agencies within the meaning of the Federal Fair Credit Reporting Act. Lightyear Network Solutions, LLC will follow all requirements that consumer reporting agencies must follow in issuing credit reports within the meaning of the Federal Fair Credit Reporting Act.
- 2.16.6** Upon payment by the customer of all past due toll debt to Lightyear Network Solutions, LLC, Lightyear Network Solutions, LLC will remove the block and all 1+ dialing capabilities, including 10-XXX, will be restored.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.4 Optional Calling Features

The features listed in this section are offered by the Company to Customers where facilities are available.

5.4.1 Feature Descriptions

Anonymous Call Rejection: Permits the end-user to automatically reject incoming calls when the call originates from a telephone number which has blocked delivery of its calling number (see Calling Number Delivery Blocking). When active, calls from private numbers will be routed to a special announcement then terminated. The feature may be turned on or off by the end-user by dialing the appropriate feature control code. Anonymous Call Rejection is offered as a stand alone feature or as an add-on to Caller ID Deluxe.

Call Block: Allows the end-user to automatically block incoming calls from up to six end-user pre-selected telephone numbers programmed into the feature's screening list. Callers whose numbers have been blocked will hear a recorded message stating that their call has been blocked. The end-user controls when the feature is active, and can add or remove calling numbers from the feature's screening list.

Call Forwarding Busy - Permits the forwarding of incoming calls when the end-user's line is busy. The forwarded number is fixed by the end-user service order.

Call Forwarding No Answer - Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The ringing interval before forwarding and the forward-to number are fixed by the service order.

Call Forwarding Variable - Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code from his/her exchange line along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.4 Optional Calling Features, (Cont'd.)

5.4.1 Feature Descriptions, (Cont'd.)

Call Return: allows the Customer to return a call to the last incoming call whether answered or not. Upon activation, it will re-dial the number automatically and continue to check the number every 45 seconds for up to 30 minutes if the number is busy. The Customer is alerted with a distinctive ringing pattern when the busy number is free. When the Customer answers the ring, the call is then completed. The calling party's number will not be delivered or announced to the call recipient under any circumstances.

Call Selector: Allows a Customer to assign a maximum of 15 telephone numbers to a special list. The Customer will hear a distinctive ring when calls are received from telephone numbers on that list.

Call Trace - Allows the tracing of nuisance calls to a specified telephone number suspected of originating from a given local office. The tracing is activated upon entering the specified dial code. The originating telephone number, outgoing trunk number or terminating number, and the time and date are generated for every call to the specified telephone number can then be identified.

Call Waiting - Deluxe: Allows the end-user to control the treatment applied to incoming calls while the Customer is off-hook on an existing call. This feature includes the capabilities of Call Waiting Basic plus additional call treatment options. Treatment options offered with Call Waiting Deluxe include:

- Answer the waiting call and placing the first party on hold;
- Answer the waiting call and disconnecting from the first party;
- Direct the waiting caller to hold via a recording
- Forward the waiting caller to another location (e.g., voice mailbox or telephone answering service)

Full utilization of Call Waiting Deluxe requires specialized CPE not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE. The end-user must have Caller ID Basic or Deluxe for display of calling party identification information for waiting calls. The end-user must have a Call Forwarding Don't Answer feature active in order to forward a waiting call to another location.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.4 Optional Calling Features, (Cont'd.)

5.4.1 Feature Descriptions, (Cont'd.)

Caller ID - Deluxe - Permits the end-user to view a Directory Name and Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE. In some situations, the calling party's city and state may be displayed rather than a Directory Name, depending on available call data.

Caller ID Deluxe also includes Anonymous Call Rejection (ACR) where facilities are available. ACR can be activated and deactivated at the customer's discretion through the use of a preassigned feature access code.

Distinctive Ring: This feature allows an end user to determine the source of an incoming call from a distinctive ring. The end user may have up to two additional numbers assigned to a single line (i.e. Distinctive Ring - First Number and Distinctive Ring - Second Number). The designated primary number will receive a normal ringing pattern, other numbers will receive distinctive ringing patterns. The pattern is based on the telephone number that the calling party dials

Preferred Call Forwarding: Permits the end-user to automatically forward to another number calls received from up to six end-user pre-selected telephone numbers programmed into the features screening list. The end-user controls when the feature is active, the forward-to number and can add or remove calling numbers from the feature's screening list.

Privacy ID (Director) - Includes the Caller Identification -Name and Number functionality and, in addition, provides the customer with the ability to screen private and unidentified calls that are placed to their number. Callers placing a call from a private or blocked telephone number to a Privacy ID Customer will hear a series of prompts asking them to unblock their line or record their name for delivery to the called party. Callers placing a call from an unidentified number will be asked to record their name for identification purposes and to hold the line. When the calling party records their name, the service will call the Privacy ID Customer and the Caller ID unit will display Privacy ID which identifies that the call is from the Privacy ID service. The Customer will also hear a distinctive ring unless they subscribe to Customer Ringing. If the Customer answers the call from the Privacy ID service, they will hear the recorded name and may then choose between three options for handling the incoming call. They may accept the original call, they may choose not to accept the original call or if they subscribe to Voice Messaging, they can direct the original call to their mailbox.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.4 Optional Calling Features, (Cont'd.)

5.4.1 Feature Descriptions, (Cont'd.)

Repeat Dialing: Permits the end-user to have calls automatically re-dialed when the first attempt reaches a busy number. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive calls while the feature is activated. The following types of calls cannot be reached using Repeat Dialing:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

Speed Calling: Permits the Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. The feature is available as either an eight (8) code list or a thirty (30) code list. Code lists may include local and/or toll telephone numbers. The Customer has the ability to add or remove telephone numbers and codes to/from the a speed calling list without assistance from the Company.

Talking Call Waiting - An enhancement to Call Waiting - Basic that provides an audible announcement of the incoming caller's name following the regular call waiting tone.

Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

SECTION 7 - DIRECTORY ASSISTANCE AND LISTING SERVICES

7.1 Non-Published Service

7.1.1 General

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

7.1.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator the number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unpublished, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and hold the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

There is a monthly charge for each non-published service.

SECTION 7 - DIRECTORY ASSISTANCE AND LISTING SERVICES, (CONT'D.)

7.2 Directory Assistance Services

7.2.1 Directory Assistance

A Directory Assistance charge applies per local directory assistance call. The Customer may make two (2) requests for a telephone number per call. The Directory Assistance Charge applies regardless of whether the Directory Assistance operator is able to supply the requested number. Rates and charges for intraLATA and interLATA Directory Assistance service are provided in Lightyear Network Solutions, LLC's P.U.C.O. Tariff No. 1.

SECTION 7 - DIRECTORY ASSISTANCE AND LISTING SERVICES, (CONT'D.)

7.3 Directory Listings

7.3.1 General

The following rules apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records of the Company.

Only information necessary to identify the Customer is included in these listings. The Company uses abbreviations in listings. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the subscriber is legally doing business under that name.

A listing is limited to one line in the directory, except where in the judgment of the Company, more than one line is required to identify the Customer properly. In such cases, the additional lines required are provided at no extra charge.

Listing services are available with all classes of main telephone exchange service.

SECTION 7 - DIRECTORY ASSISTANCE AND LISTING SERVICES, (CONT'D.)

7.3 Directory Listings, (Cont'd.)

7.3.2 Listings

A. Primary Listing

One listing, termed the primary listing, is included with each exchange access line or each joint user service.

B. Additional Listings

Additional listings may be the listings of individual names of those entitled to use the customer's service or, for business, Departments, Divisions, Tradenames, etc.

In connection with residence service, regular additional listings are available only in the names of Authorized Users of the Customer's service.

Ordinarily, all additional listings are of the same address and telephone number as the primary listings, except as provided for joint user and alternate number listings. However, when it appears necessary as an aid to the use of the directory and provided satisfactory service can be furnished, a listing will be permitted under the address of a branch exchange, Centrex or extension of an exchange service line installed on the premises of the Customer, but at an address different from that of the attendant position of main service.

Business additional listings are not permitted in connection with residence service. Residence additional listings are also permitted in connection with business service which is located in a residence and for permanent or season guests residing in a hotel or club.
