Dear Ms. Weekley:

Based on our review of the information you filed on various dates in September and October 2008, I approve your request to start construction of the Ohio portion of Spread F (mileposts 404.7 through 432.9) of the Rockies Express-East Pipeline as shown on:

In order to construct this valve you must, complete the National Historic Preservation Act process and receive written approval for the construction.

This approval is in accordance with Environmental Conditions 1-6, 14-20, 22, 34-37, 47-49, 51, 53-55, 59-61, 63-64, 70, 72-83, 85-93, 97-98, 105-110, 114-115, 120, 134-135, and 140-143 of the Commission's May 30, 2008 Order (Order). This letter does not authorize commencement of construction of other Rockies Express facilities. I remind you that Rockies Express must comply with all applicable remaining terms and conditions of the Order, including written authorization before commencing construction of the project.
