Dear Sirs;

PUCO

As we are A.E.P. customers, we feel it would be a great burden to raise the Electric bills by 15% for the next 3 years in the State of Ohio.

Consumers just can't afford this added increase, as their bills are high enough now. They are dealing with job losses, high gasoline prices, mortgage troubles & foreclosures.

The State of Ohio & its Residents cannot & should not have to be burdened with higher Electric Bills.

We don't represent or speak for everyone in the State of Ohio, but as A.E.P. customers we feel there should not be a raise in our Electric Bill.

Thank You
Richard & Marjorie Ball Sr.
